8 9	480-80-010 Application of rules. [includes subsection (4) from Docket U-991301, effective 5/5/01]
10 11 12 13	 (1) The rules in this chapter apply to any utility that is subject to the jurisdiction of the commission as to rates and services under the provisions of RCW 80.04.010, chapter 80.28 RCW, and chapter 80.36 RCW. (2) The tariff, price list, and contract provisions filed by utilities must conform with
14 15	these rules. If the commission accepts a tariff, price list, or contract that conflicts with these rules, the acceptance does not constitute a waiver of these rules unless the
16 17 18	commission specifically approves the variation consistent with WAC 480-80-0X1, Exemption from rules in chapter 480-80 WAC. Tariffs, price lists, or contracts that conflict with these rules without approval are superseded by these rules.
19 20 21	(3) Any affected person may ask the commission to review the interpretation of these rules by a utility or customer by posing an informal complaint under WAC 480-09-150, Informal complaints, or by filing a formal complaint under WAC 480-09-420,
22	Pleadings and briefsApplication for authorityProtests.
23 24	(4) Competitively classified telecommunications utilities previously granted exemptions from chapter 480-80 WAC Utilities General – Tariffs are not exempt from
25 26 27	Part I. General Rules, WAC 480-80-2X1 through 480-80-2X5, WAC 480-80-3X4, and WAC 480-80-3X5. Exemptions from the provisions of chapter 480-80 WAC include only
27 28 29	 the provisions in effect at the time the exemption was granted. (5) No deviation from these rules is permitted without written authorization by the commission. Violations will be subject to penalties as provided by law.
30 31 32	 (6) On or after the effective date of these rules: (a) Any tariff, price list, or contract currently on file and in effect is not required to be refiled to comply with these rules; or
33 34	(b) Any tariff contract or filing for a change to a tariff or a price list that is pending is not required to be refiled to comply with these rules.
35 36 37	(7) After the effective date of these rules, any tariff, price list, or contract filing must comply with these rules.
38	New Section
39	480-80-0X1 Exemptions from rules in chapter 480-80.
40 41 42	(1) The commission may grant an exemption from the provision of any rule in this chapter, when doing so is consistent with the public interest, the purposes underlying regulation, and applicable statutes.
43 44	(2) To request a rule exemption, a person must file with the commission a written request identifying the rule for which an exemption is sought, giving a full explanation of

- 45 46
- the reason for requesting the exemption. (3) The commission will assign the request a docket number, if it does not arise

47 48	in an existing docket, and will schedule the request for consideration at one of its regularly scheduled open meetings or, if appropriate under chapter 34.05 RCW, in an
49	adjudication. The commission will notify the person requesting the exemption, and
50	other affected persons, of the date of the hearing or open meeting when the
51	commission will consider the request.
52	(4) In determining whether to grant the request, the commission may consider,
53	among other things, whether application of the rule would impose undue hardship on
54	the petitioner, of a degree or a kind different from hardship imposed on other similarly
55	situated persons, and whether the effect of applying the rule would be contrary to the
56	purposes of the rule.
57	(5) The commission will enter an order granting or denying the request or
58	setting it for hearing, pursuant to chapter 480-09 WAC.
59

96 **New Section**

97 480-80-1X1 Tariff filing instructions.

- (1) A utility that is required to have a tariff on file with the commission must file and 98
- 99 maintain its tariff(s) with the commission as required in the RCW's and WAC's of the 100 state of Washington.
- 101 (2) A utility may not give effect to revised tariff sheets until the commission 102 approves the tariff filing by issuing an order or allows the new or changed provisions to 103 become effective by operation of law. [from -270(1)]
- (3) If the commission issues an order directing a utility to refile all or a portion of 104 105 its tariff, the utility must refile marking each affected sheet [from -270(2)] with the 106 docket number.
- 107 (4) A tariff filing must:
- (a) Be in accordance with statutory notice requirements; 108
- 109 (b) Be clearly marked with the effective date on each revised tariff sheet;
- (c) Be free from all charges for postage; [from -060] 110
 - (d) Include an original and two copies of each revised filed tariff sheet; and
- 112 (e) Be accompanied by a transmittal letter in compliance with the provisions of 113 WAC 480-80-0X3.
- 114 (5) The tariff filing must meet the requirements contained in applicable RCW's 115 and WAC's. Specifically, to the extent applicable, utilities are subject to rules regarding 116 rate filings in chapter 480-09 WAC, including but not limited to:
- 117 (a) WAC 480-09-015 - Submission of "confidential" information: 118
 - (b) WAC 480-09-101 When communications are received;
- 119 (c) WAC 480-09-120 - Filing and service filing by telefacsimile; number of copies;
- (d) WAC 480-09-330 Filing requirements General rate increases; 120
- 121 (e) WAC 480-09-337 - Filing requirements – General rate increases water
- 122 utilities: and 123
 - (f) WAC 480-09-340 Compliance filings.
- (6) The tariff filing must include information sufficient to justify that the tariff filing 124 125 is in the public interest.
- 126 (7) When a tariff or revised tariff sheet(s) becomes effective, the commission will 127 return one copy of the transmittal letter and one copy of each revised tariff sheet to the 128 utility marked with the receipt date. *[from –050]*
- 129 (8) The commission may require a utility to refile a complete tariff depending on 130 the extent of the tariff changes. *[from –350]*

A utility must clearly print or type all tariffs on eight and one-half inch by eleven-inch paper, with at least one-half inch margins on each side. [from -140]. Tariffs filed electronically must be capable of being printed according to procedures identified by the commission. (2) Tariff numbering. (a) A utility filing more than one kind of service, such as electric and gas, must file separate tariffs for each type of service. (b) Each completely-new tariff filing-must use the next available WN U-number. The WN U-number must be the official designation of the tariff. [From -150] (3) Sheet requirements. Every sheet of the tariff must contain: (a) A tariff number; (b) A tariff sheet number; (c) The name of the utility issuing the tariff; (d) The effective date; [From -160] and (e) A blank area in the upper right hand corner, at least two inches wide and one and one-half inches high, for commission use. (f) Sheet numbering. (g) The first time a tariff sheet is published, a utility must mark it as "original sheet." (c) The utility must use the same sheet number on all subsequent changes and number the revised sheets sequentially as follows:

238 239	On the second revision, designate the sheet as:
239 240	SECOND REVISION OF SHEET
241	CANCELLING
242	FIRST REVISION OF SHEET
243	
244	(d) Each tariff revision sheet must use consecutive revision numbers and indicate
245	the cancellation of the superseded sheet.
246	(e) The commission will not consider tariff sheets that have been rejected or
247	withdrawn before they become effective when numbering subsequent tariff changes.
248	(f) When a utility cancels and removes a tariff sheet, it must not reactivate the
249	sheet during the life of the tariff unless it is cancelled with a notation that the number is
250	reserved for future use. [from –180]
251	(5) Reserving sheet numbers. As a utility constructs its initial tariff, it may
252	consider reserving sheet numbers for future filings of additional rates and rules. This
253	will assure that future filings will be in proper relation to schedules already filed. [from-
254	
255	(6) Tariff symbols. Each time a tariff sheet (s) is revised, a utility must code
256	all changes to the previous version with a tariff symbol.
257 258	(a) Tariff changes must include symbols that indicate the purpose and effect of
258	the change.
259 260	(b) A utility must locate the symbols on the right hand side of the changed text directly across from the change.
260 261	(c) A utility must use the following list of symbols to signify:
262	
262	D - discontinued rate, service, regulation or condition;
