Third Revision Sheet No. 678-A

Second Revision Sheet No. 679

Ninth Revision Sheet No. 681

In accordance with the terms adopted in Commission Order No. 04 to UG-152286, this filing increases the Company's annual revenues by \$4 million or 1.6 percent.

The tariff changes proposed herein are consistent with the tariff revisions proposed in the Direct Testimony of Pamela J. Archer included in the Company's initial general rate case filing as Exhibit PJA-1T and Exhibit No. PJA-3, and later revised in Revised Exhibit No. PJA-3. The exception to this is Rule 21, Decoupling Mechanism, which is revised in accordance with terms outlined in the stipulated agreement adopted in Commission Order No. 04 issued in Docket No. UG-152286.

This compliance filing does not include a new tariff for the Company's Washington Energy Assistance Fund (WEAF) Program or a WEAF Cost Recovery adjustment schedule as required per Commission Order No. 04 issued in Docket No. UG-152286. The Company will file the new WEAF tariffs in a subsequent compliance filing that will be submitted in accordance with the Order, no less than ten days prior to the effective date of September 1, 2016. Additional time is necessary to allow the WEAF advisory group, formed as a result of the rate case, time to review the WEAF tariffs before they are submitted to the Commission for approval. However, the Company did list the new WEAF tariffs (Schedules 303 and 593) in the table of contents (sheets 2 and 2A hereto attached) as they will be forthcoming.

This filing also does not include the housekeeping changes to Sheet 595 from Schedule 595, Technical Temporary Adjustment because additional proposed changes to this sheet are filed in the Company's Purchased Gas Adjustment (PGA) filing (Advice No. W16-08-02). Sheet 595 as filed in the PGA includes the housekeeping changes approved per Order No. 04 in UG-152286.

Questions regarding this filing should be directed to Michael Parvinen at (509) 734-4593.

Sincerely,

Michael Parvinen
Director, Regulatory Affairs
