Description	<p>I am the farm manager at the Alf Christianson Seed Company Research facility at 16943 Dike Road. A number of our suppliers and deliveries that come here drive semi truck and trailers and use the Hickox Road crossing to get to our location. Getting here with a big rig from the north end of Dike Road thru town is almost impossible. I think it would be a mistake to close an easy access to this area.</p> <p>Has there been a traffic counter put on Hickox Road near the railroad crossing in the past? I think you would be surprised at the amount of traffic on this road, especially in the spring and summer.</p>
