

May 10, 2006

Ms. Mary C. Selecky
Secretary of Health
Office of the Secretary
Washington State Dept. of Health
1112 SE Quince Street
P.O. Box 47890
Olympia, WA 98504-7890

Dear Ms. Selecky,

Parties to the Stuth/Aqua Test petition for a declaratory order yesterday filed a stipulation and proposed order that would dismiss the petition. We have today served a notice that the procedural schedule is suspended, pending Commission action on the parties' proposal. Copies of both documents are attached for your information.

In light of these developments, please suspend your efforts to provide a witness and a witness's statement on the issues in the docket as requested in my letter of April 27, 2006. If anything further is required of the Department of Health, I will send additional information. I have asked that you be placed on the interested person list for the docket, so you will receive a copy of any further orders that the commission enters.

Sincerely,

C. ROBERT WALLIS
Administrative Law Judge
