Boise Data Request 0071

Please state the net benefit to an average Pacific Power customer, received via Schedule 98, for each year that Schedule 98 has been effective:

- a. In \$/month (e.g., in 2007, a Pacific Power customer using an average of x kWh/month received a bill reduction of \$ y); and
- b. As a rate reduction percentage (e.g., in 2007, a Pacific Power customer using an average of x kWh/month received a bill reduction of about $y\%$).

Response to Boise Data Request 0071

The Company objects to this data request as overly broad, unduly burdensome, and not reasonably calculated to lead to the discovery of admissible evidence. Subject to and without waiving these objections, the Company provides the following.

Schedule 98 has been in existence since 1981.

Please refer to Attachment Boise 0071 for the most recent five years of requested data for an average residential customer.
