NOTICE OF MODIFICATION OF SCHEDULE

RE: Integra Telecom of Washington, Inc. v. Verizon Northwest, Inc.
Docket No. UT-053038

On September 2, 2005, Integra filed a motion to revise the schedule for this proceeding. Integra stated that it needed additional time to allow the filing of an amended complaint and to obtain discovery responses from Verizon before filing direct testimony. Integra further stated that Verizon agreed to the proposed schedule change. The proposal would change Integra's filing date, Verizon's response filing date, and the date for filing rebuttal testimony. All other dates would remain the same.

The parties have provided good cause for the modification of the procedural schedule in this case and it is granted.

NOTICE IS GIVEN That the schedule of proceedings in this case is modified in accord with the request of the parties. The new schedule is contained in Attachment A to this notice.

Sincerely,

THEODORA M. MACE
Administrative Law Judge
