Share Everything® Plans

It's your world of devices on one simple plan. You get **Unlimited Talk**, **Unlimited Text** and a single pool of **Shareable Data** for up to 10 devices - or up to 25 devices for small business. For each device on your account, we recommend 2GB of data.

How Share Everything Works:

1 Shop for your device(s).

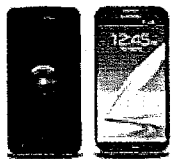

2 Select the amount of data to share among your devices.

Plus get Unlimited Talk and Text for all devices on your account and included Mobile Hotspot on capable devices. [See what else is included](#)

Here's an Example

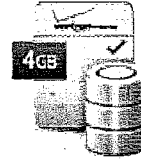

2 Smartphones (\$40/month each)

+

1 Basic Phone (\$30/month each)

+

4GB Shareable Data (\$70/month) With Unlimited Talk & Text

=

\$180⁰⁰
monthly access

An account with 2 Smartphones and 1 Basic phone sharing a monthly allowance of Unlimited Talk, Unlimited Text and 4GB of data would cost \$180 per month, not including taxes and surcharges.
