1 **NATURE OF PROCEEDING.** On October 27, 2014, the Washington Utilities and Transportation Commission (Commission) approved the request of Waste Control, Inc. (WCI or Company) to collect a temporary fuel surcharge in the amount of 1.48 percent on less than statutory notice. The surcharge became effective on November 1, 2014, and will expire on January 31, 2015.

2 **MOTION TO APPROVE SURCHARGE.** On December 26, 2014, WCI filed a request to revise the temporary fuel surcharge, effective January 1, 2015, and with a new expiration date of March 31, 2015, by increasing the amount to 0.61 percent (Motion). The Company stated that it continues to incur increased fuel costs, from \$2.36 per gallon for the base period to \$3.2693 per gallon current price, during the months of October and November 2014.

3 On December 29, 2014, the Commission’s regulatory staff (Staff) filed a response to the Company’s Motion, recommending that the Commission approve the fuel surcharge on less than statutory notice.

4 The fuel surcharge would temporarily allow the Company to recoup its increased fuel costs. As the Company’s request is reasonable, the request should be approved.

**O R D E R**

- 5 THE COMMISSION ORDERS That the temporary Special Fuel Surcharge requested by Waste Control, Inc. in its December 26, 2014, filing is approved.

Dated at Olympia, Washington, and effective December 30, 2014.
