Description	<p>What is the state law that forbids the subject crossing from being closed for more than ten minutes? I can understand such a law applying to most county roads but not one like Hickox Road. Why can't the state law be changed for this type of road? Even if it is blocked for an hour per day it would still be available to vehicle traffic for the other 23. It seems like an unnecessary hassle for the locals to just have the road cut off.</p> <p>Has the state legislature been asked to consider a change to the applicable law for this type of road? It seems to me the local representatives should be bringing this issue up.</p>
