PacifiCorp Response to UTC Staff Data Request No. 98

September 14, 2023

UE-230172 / PacifiCorp
July 27, 2023
WUTC Data Request 98

WUTC Data Request 98

Power Costs - With respect to 230172-PAC-RJM-AGNwThermalAttributes (C), tab VOM:

- (a) Please confirm that VOM costs used in Aurora are from column F. If not confirmed, please explain. If confirmed, please explain why variable O&M costs are represented in \$2018.
- (b) Please explain the significance of O&M costs in column I.

Response to WUTC Data Request 98

- (a) Confirmed. During the process of preparing the response this data request, two errors were discovered in confidential file “230172-PAC-RJM-AGNwThermalAttributes (C)”, tab “VOM”, column F:
 - (1) The costs are represented as \$2018 in the column header of column F but should have been represented as \$2020 to reflect the source data.
 - (2) The data in column F is in error because \$2020 source data is outdated, and therefore the values displayed should be in \$2024.
- (b) With respect to confidential file “230172-PAC-RJM-AGNwThermalAttributes (C)”, tab “VOM”, column I, these values have no significance. The values are not input into the Aurora model.
