RE: Gertraude M. Taut v. All My Sons Moving and Storage
Docket No. TV-021248

TO PARTIES OF RECORD

The complainant in this docket has filed a petition for rehearing of matters resolved in the Commission's final order on review of the initial order. In the petition, the complainant challenges the calculation of the statement that the respondent presented pursuant to the order. To assist in the review of this contention, the Commission asks the Commission Staff to file its view of the calculation in a manner similar to a Staff response on a tariff compliance filing.

The Commission asks the Commission Staff to review the statement and to respond to the Commission, with a copy to all parties, stating its view on whether the calculation and the amounts specified in the statement are accurately based upon pertinent tariffs and in compliance with the order. Please state the derivation of the calculations, citing to the pertinent tariff. If Staff believes that the amounts are not correctly calculated, it is asked to state the accurate calculation and the derivation of its response. Please file no later than Friday, January 31, 2003.

Any party may have until Wednesday, February 5, 2003, to respond to the Commission Staff filing.

Sincerely,

CAROLE J. WASHBURN
Secretary
