

Ms Washburn,

I'm writing to you about an upcoming decision to be made by the WUTC regarding the recycling problem on Whidbey Island. Trystan Matthews wants to offer a pickup service that, thus far, doesn't exist. Island Disposal does not pick up recycling items, garbage only. And it's not cheap.

We live in Clinton and urge you to grant a license to this young entrepreneur whose goal is to provide a new and much needed service to this island.

Thank you.

Artie Kane and JoAnn Kane
