October 12, 2018

**NOTICE OF TECHNICAL WORKSHOP  
(Set for 9:30 a.m. on Monday, December 3, 2018)**

RE: Rulemaking to address electric and natural gas cost of service,  
Dockets UE-170002 and UG-170003

TO ALL INTERESTED PERSONS:

On July 19, 2018, the Washington Utilities and Transportation Commission (Commission) filed with the Code Reviser a Preproposal Statement of Inquiry (CR-101) to address cost of service studies for investor owned utilities in the State of Washington. The Commission filed the CR-101 under Dockets UE-170002 and UG-170003.

The Commission will be holding a technical workshop on **December 3, 2018, beginning at 9:30 a.m., in Room 206, Richard Hemstad Building, 1300 S. Evergreen Park Drive S.W., Olympia, Washington.** All interested persons are invited to attend. The workshop will address the following issues:

- Weighting of energy and demand
- Definition and treatment of administrative and general costs
- Definition of transmission and distribution assets
- Allocation of power costs
- Allocation of fuel costs
- Allocation of individual class demand
- Other topics necessary to implement cost of service

The Commission's teleconference bridge line will be available for the workshop. The Commission prefers and recommends that interested persons participate in person and share ideas in a workshop setting. However, if this imposes a hardship, interested persons may participate at the workshop via the Commission's teleconference bridge at **(360) 664-3846**. The conference bridge is limited to 22 access lines.

If you have questions regarding this rulemaking, you may contact Staff, Elizabeth O'Connell, at (360) 664-1306 or by email at [elizabeth.oconnell@utc.wa.gov](mailto:elizabeth.oconnell@utc.wa.gov).

**MARK L. JOHNSON**  
Executive Director and Secretary
