Re: Pipeline Replacement Cost Recovery Mechanism **update** in Accordance with Commission Policy Statement in Docket UG-120715. Original filing under Advice No. CNG/ W19-05-02, Docket No. UG-190455

Dear Mr. Johnson:

In accordance with the Commission's policy statement in Docket UG-120715 Cascade hereby submits its update to the Cost Recovery Mechanism with actual costs as of September 30, 2019, and estimated costs through October 31, 2019. The proposed effective date is November 1, 2019.

The proposed tariff will result in an annual revenue increase of approximately \$440,502 or .20 percent. The average impact to a residential customer using 55 therms per month will be an increase of \$0.12 per month or .26 percent.

Cascade considers a number of the worksheets to contain valuable commercial information and respectfully requests protection and confidential treatment of the attached information under Chapters 42.17 RCW, RCW 80.04.095 and WAC 480-07-160. Public disclosure of this information would result in private loss, including an unfair competitive disadvantage, which would negatively affect our shareholders.
