PacifiCorp Response to Public Counsel Data Request 232

September 14, 2023

PC Data Request 232

Re: Equity. Direct Testimony of Christina M. Medina, Exh. CMM-1T, at 6:22–7:22. Has PacifiCorp considered any additional modifications to the current Low Income Bill Assistance (LIBA) program? Specifically, has the Company considered modifying the program to include more discount tiers, self-attestation for enrollment, an arrearage relief component, or any other features similar to programs recently proposed and filed by peer Washington utilities? Please explain why or why not. If the Company intends to propose changes to LIBA, when is a filing anticipated?

Response to PC Data Request 232

The Company has not considered additional modifications to the low income bill assistance (LIBA) program outside what has been proposed in the direct testimony of Company witness, Robert M. Meredith (Exhibit RMM-1T) for this case. The Company has been meeting with its Low Income Advisory Committee and has received positive feedback on the program changes that went into effect in late 2021. The Company has been discussing the pros and cons of a self-attestation model with the advisory group, but does not plan to propose any modifications to change the income qualification process at this time.
