RE: **Docket No. UE-051090**
Compliance Filing Pursuant to Commitment 49 of Stipulation Appendix A,
Consolidated List of Commitments

Dear Mr. Danner:

MidAmerican Energy Holdings Company ("MEHC") and PacifiCorp submit to the Washington Utilities & Transportation Commission ("Commission") an original and twelve (12) copies of PacifiCorp's Annual Report of Status of Commitments ("Status Report"). This Status Report is being provided to meet General Commitment 49, pursuant to Order 07 issued in Docket UE-051090 granting approval of the acquisition of PacifiCorp by MidAmerican Energy Holdings Company, issued March 10, 2006, in the referenced proceeding.

The Commission approved the acquisition of PacifiCorp by MEHC, subject to a Consolidated List of Commitments specified in a settlement agreement supported by all parties to the proceeding. Included in this consolidated list is MEHC's and PacifiCorp's commitment regarding the filing of the enclosed Status Report. The commitment states:

49) Reporting on Status of Commitments:

By June 1, 2007 and each June 1 thereafter through June 1, 2011, PacifiCorp will file a report with the Commission regarding the implementation of the Commitments. The report will, at a minimum, provide a description of the performance of each of the commitments that have quantifiable results. If any of the commitments is not being met, relative to the specific terms of the commitment, the report shall provide proposed corrective measures and target dates for completion of such measures. PacifiCorp will make publicly available at the Commission non-confidential portions of the report.

MEHC and PacifiCorp take the acquisition commitments very seriously. Fulfillment of the commitments in a thorough and timely manner is one of our highest priorities. The commitments are monitored for progress and compliance on a routine basis with status reporting provided to senior management.

You will note on the enclosed Status Report that the status of the commitments have been identified as "ongoing compliance" or "complete." Many of those commitments identified as "ongoing compliance" are of an on-going nature and do not have an expiration or completion date. For those commitments PacifiCorp has developed policies, procedures, or processes to ensure compliance as part of the Company's daily operations. Other commitments that are identified as "ongoing compliance" are project-related and the status will be reported as "complete" once the project has been completed. To date, 104 commitments across PacifiCorp's six-states have been completed. Of these 104 completed commitments, 7 are applicable to Washington and have been noted as "complete" on the Status Report.

By copy of this letter, other parties to the proceeding are being provided notice of this filing.

It is respectfully requested that all formal correspondence and Staff requests regarding this filing be address to the following:

**MidAmerican Energy Holdings Company and PacifiCorp
Annual Report of Status of Commitments
To the Washington Utilities and Transportation Commission
For the Period April 1, 2009 through March 31, 2010**

GENERAL COMMITMENTS

General Commitment Number	Commitment Description	Status	Status Description
1	MEHC and PacifiCorp affirm the continuation (through March 31, 2008) of the existing customer service guarantees and performance standards in each jurisdiction. MEHC and PacifiCorp will not propose modifications to the guarantees and standards prior to March 31, 2008. Refer to Commitment 45 for the extension of this commitment through 2011.	COMPLETE	COMPLETE - effective March 31, 2008.
2	Penalties for noncompliance with performance standards and customer guarantees shall be paid as designated by the Commission and shall be excluded from results of operations. PacifiCorp will abide by the Commission's decision regarding payments.	Ongoing Compliance	Customer guarantee failure payments are made directly to customers as agreed by commission and are excluded from results of operations.
3	PacifiCorp will maintain its own accounting system, separate from MEHC's accounting system. All PacifiCorp financial books and records will be kept in Portland, Oregon. PacifiCorp's financial books and records and state and federal utility regulatory filings and documents will continue to be available to the Commission, upon request, at PacifiCorp's offices in Portland, Oregon, Salt Lake City, Utah, and elsewhere in accordance with current practice.	Ongoing Compliance	No additional action required at the PacifiCorp level. The Company maintains its own SAP accounting system, which is separate from MEHC's systems.
4	MEHC and PacifiCorp will provide the Commission access to all books of account, as well as all documents, data, and records of their affiliated interests, which pertain to transactions between PacifiCorp and its affiliated interests or which are otherwise relevant to the business of PacifiCorp. This commitment is also applicable to the books and records of Berkshire Hathaway, which shall retain its books and records relevant to the business of PacifiCorp consistent with the manner and time periods of the Federal Energy Regulatory Commission's record retention requirements that are applicable to PacifiCorp's books and records.	Ongoing Compliance	No additional action required at the PacifiCorp level. The Company complies with the FERC's record retention requirement.
5	MEHC, PacifiCorp and all affiliates will make their employees, officers, directors, and agents available to testify before the Commission to provide information relevant to matters within the jurisdiction of the Commission.	Ongoing Compliance	No additional action required unless specified activities occur.
6	The Commission or its agents may audit the accounting records of MEHC and its subsidiaries that are the bases for charges to PacifiCorp, to determine the reasonableness of allocation factors used by MEHC to assign costs to PacifiCorp and amounts subject to allocation or direct charges. MEHC agrees to cooperate fully with such Commission audits.	Ongoing Compliance	The general ledger of MEHC and the ledger of each subsidiary reflect and track all inter-company activity (both direct charges and allocations) and are supported with detail transactions (journal entry, positive time reporting, vouchers, etc.) MEHC and subsidiaries maintain support files for allocation factors supporting inter-company billings. MEHC and subsidiaries' general ledgers reflect all inter-company transactions as required by the IASA.
7	MEHC and PacifiCorp will comply with all applicable Commission statutes and regulations regarding affiliated interest transactions, including timely filing of applications and reports.	Ongoing Compliance	No additional action required unless specified activities occur. See also General Commitments 8 and 13.

General Commitment Number	Commitment Description	Status	Status Description
8	PacifiCorp will file on an annual basis an affiliated interest report including an organization chart, narrative description of each affiliate, revenue for each affiliate and transactions with each affiliate.	Ongoing Compliance	The Affiliated Interest Report for 2008 was filed in May 2009. The 2009 report will be filed in May 2010.
9	PacifiCorp and MEHC will not cross-subsidize between the regulated and non-regulated businesses or between any regulated businesses; and shall comply with the Commission's applicable orders and rules with respect to such matters.	Ongoing Compliance	IASA acknowledging this commitment was executed on March 30, 2006; and filed on March 30, 2006.
10	Due to PUHCA repeal, neither Berkshire Hathaway nor MEHC will be registered public utility holding companies under PUHCA. Thus, no waiver by Berkshire Hathaway or MEHC of any defenses to which they may be entitled under <i>Ohio Power Co. v. FERC</i> , 954 F.2d 779 (D.C. Cir.), cert. denied <i>sub nom. Arcadia v. Ohio Power Co.</i> , 506 U.S. 981 (1992), is necessary to maintain the Commission's regulation of MEHC and PacifiCorp. However, while PUHCA is in effect, Berkshire Hathaway and MEHC waive such defenses.	Ongoing Compliance	No additional action required unless specified activities occur.
11	a) Any diversified holdings and investments (e.g., non-utility business or foreign utilities) of MEHC following approval of the transaction will not be held by PacifiCorp or a subsidiary of PacifiCorp. This condition will not prohibit MEHC or its affiliates other than PacifiCorp from holding diversified businesses. b) Ring-fencing provisions for PPW Holdings LLC will include the provisions in Appendix 1. These provisions have been derived from those in effect for NINGC Acquisition, LLC as of December 1, 2005.	Ongoing Compliance	a) No additional action required unless specified activities occur. b) The PPW Holdings LLC agreement with provisions consistent with Appendix 1 was executed March 15, 2006.
12	PacifiCorp or MEHC will notify the Commission subsequent to MEHC's board approval and as soon as practicable following any public announcement of: (1) any acquisition of a regulated or unregulated business representing 5 percent or more of the capitalization of MEHC; or (2) the change in effective control or acquisition of any material part or all of PacifiCorp by any other firm, whether by merger, combination, transfer of stock or assets.	Ongoing Compliance	No additional action required unless specified activities occur.
13	The Inter-company Administrative Services Agreement (IASA) will include the corporate and affiliate cost allocation methodologies. The IASA will be filed with the Commission as soon as practicable after the closing of the transaction. Approval of the IASA will be requested if required by law or rule, but approval for ratemaking purposes will not be requested in such filing. Refer to Commitment 14 (f). Amendments to the IASA will also be filed with the Commission.	Ongoing Compliance	IASA acknowledging this commitment was executed on March 30, 2006; and filed on March 30, 2006.
14	Any proposed cost allocation methodology for the allocation of corporate and affiliate investments, expenses, and overheads, required by law or rule to be submitted to the Commission for approval, will comply with the following principles: a) For services rendered to PacifiCorp or each cost category subject to allocation to PacifiCorp by MEHC or any of its affiliates, MEHC must be able to demonstrate that such service or cost category is necessary to PacifiCorp	Ongoing Compliance	IASA filed in 13 above contained the provisions required by 14a-14f.

	<p>for the performance of its regulated operations, is not duplicative of services already being performed within PacifiCorp, and is reasonable and prudent.</p> <p>b) Cost allocations to PacifiCorp and its subsidiaries will be based on generally accepted accounting standards; that is, in general, direct costs will be charged to specific subsidiaries whenever possible and shared or indirect costs will be allocated based upon the primary cost-driving factors.</p> <p>c) MEHC and its subsidiaries will have in place positive time reporting systems adequate to support the allocation and assignment of costs of executives and other relevant personnel to PacifiCorp.</p> <p>d) An audit trail will be maintained such that all costs subject to allocation can be specifically identified, particularly with respect to their origin. In addition, the audit trail must be adequately supported. Failure to adequately support any allocated cost may result in denial of its recovery in rates.</p> <p>e) Costs which would have been denied recovery in rates had they been incurred by PacifiCorp regulated operations will likewise be denied recovery whether they are allocated directly or indirectly through subsidiaries in the MEHC group.</p> <p>f) Any corporate cost allocation methodology used for rate setting, and subsequent changes thereto, will be submitted to the Commission for approval if required by law or rule.</p>		
15	<p>MEHC and PacifiCorp commit that PacifiCorp will maintain separate debt and preferred stock, if any. PacifiCorp will maintain its own corporate credit rating, as well as ratings for long-term debt and preferred stock, from Moody's and S&P or their successor rating agencies.</p>	Ongoing Compliance	PacifiCorp continues to have corporate credit ratings as well as ratings for long-term debt and preferred stock from Moody's and S&P.
16	<p>MEHC and PacifiCorp will exclude all costs of the transaction from PacifiCorp's utility accounts. Within 90 days following completion of the transaction, MEHC will provide a preliminary accounting of these costs. Further, MEHC will provide the Commission with a final accounting of these costs within 30 days of the accounting close.</p>	COMPLETE	COMPLETE - effective January 30, 2007.
17	<p>MEHC and PacifiCorp will provide the Commission with unrestricted access to all written information provided by and to credit rating agencies that pertains to PacifiCorp or MEHC. Berkshire Hathaway and MEHC will also provide the Commission with unrestricted access to all written information provided by and to credit rating agencies that pertains to MEHC's subsidiaries to the extent such information may potentially impact PacifiCorp.</p>	Ongoing Compliance	Rating agency materials are available upon request. See Washington-specific Commitment Wa21.
18	<p>a) MEHC and PacifiCorp commit that PacifiCorp will not make any dividends to PPW Holdings LLC or MEHC that will reduce PacifiCorp's common equity capital below the following percentages of its Total Capital without Commission approval: 48.25% from the date of the close of the transaction through December 31, 2008; 47.25% from January 1, 2009, through December 31, 2009; 46.25% from January 1, 2010 through December 31, 2010; 45.25% from January 1, 2011 through December 31, 2011;</p>	Ongoing Compliance	No distributions have been made by PacifiCorp to PPW Holdings LLC or MEHC. PacifiCorp Dividend Policy has been implemented to ensure proper procedures are followed with each dividend including verification that the common equity capital requirement is met. Accounting calculates PacifiCorp common equity capital to total capital on a monthly basis and reports to Treasury.

	<p>44.00% after December 31, 2011.</p> <p>b) PacifiCorp's Total Capital is defined as common equity, preferred equity and long-term debt. Long-term debt is defined as debt with a term of more than one year. For purposes of calculating the numerator of the percentage, common equity will be increased by 50% of the remaining balance of preferred stock that was in existence prior to the acquisition of PacifiCorp by MEHC. PacifiCorp and MEHC will work with Commission Staff to determine a percentage of common equity credit to apply to preferred stock issued by PacifiCorp after the acquisition of PacifiCorp by MEHC. In the absence of such an agreement between Commission Staff and the Companies, MEHC and PacifiCorp agree to treat new issuances of preferred stock as 100% debt, unless a Commission order approves a different percentage.</p> <p>c) MEHC and PacifiCorp commit that PacifiCorp will not make any dividends to PPW Holdings LLC or MEHC that will reduce PacifiCorp's common equity capital below 35% of its Total Adjusted Capital without Commission approval. For purposes of calculating the numerator of the percentage, common equity will not include any portion of PacifiCorp preferred stock issued and outstanding. PacifiCorp's Total Adjusted Capital is defined as common equity, preferred equity, long-term debt, short-term debt and capitalized lease obligations.</p> <p>d) The Commission, on its own motion or at the request of any party, may reexamine the minimum common equity percentages as financial conditions or accounting standards warrant.</p>		
19	<p>The capital requirements of PacifiCorp, as determined to be necessary to meet its obligation to serve the public, will be given a high priority by the Board of Directors of MEHC and PacifiCorp.</p>	Ongoing Compliance	For the period April 2009 through March 2010, MEHC made equity infusions totaling \$125 million.
20	<p>MEHC and PacifiCorp commit that neither PacifiCorp nor its subsidiaries will, without the approval of the Commission, make loans or transfer funds (other than dividends and payments pursuant to the IASA) to MEHC, Berkshire Hathaway or their respective subsidiaries, or assume any obligation or liability as guarantor, endorser, surety or otherwise for MEHC, Berkshire Hathaway or their respective subsidiaries; provided that this condition will not prevent PacifiCorp, to the extent allowed by law, from making loans or transferring funds to a subsidiary of PacifiCorp or assuming any obligation or liability on behalf of a subsidiary of PacifiCorp. MEHC and Berkshire Hathaway will not pledge any of the assets of the business of PacifiCorp as backing for any securities which MEHC, Berkshire Hathaway or their respective subsidiaries, but excluding PacifiCorp and its subsidiaries, may issue.</p>	Ongoing Compliance	No additional action required unless specified activities occur.
21	<p>MEHC and PacifiCorp will not advocate for a higher cost of capital as compared to what PacifiCorp's cost of capital would have been, using Commission standards, absent MEHC's ownership.</p>	Ongoing Compliance	PacifiCorp continues to calculate its cost of capital on a stand-alone basis, and has not advocated for a higher cost due to its acquisition by MEHC. This has been demonstrated in the cost of capital testimony filed in the company's general rate case filings.

31	When acquiring new generation resources in excess of 100 MW and with a dependable life of 10 or more years, PacifiCorp and MEHC will issue Requests for Proposals (RFPs) or otherwise comply with state laws, regulations and orders that pertain to procurement of new generation resources for PacifiCorp.	Ongoing Compliance	PacifiCorp issued the 2008R-1 call for new and revised bids to the prior Request for Proposal (RFP), originally issued on October 6, 2008, and the 2009R renewable RFPs on January 26, 2009 and July 8, 2009, respectively. The RFPs were approved in Oregon and were noticed in Utah consistent with state laws, regulations and orders. As a result of the 2008R-1 the company executed a 200.2 megawatt power purchase agreement with Top of the World Wind Energy LLC, a subsidiary of Duke Energy. As a result of the 2009R the company executed the Dunlop wind project, a 111 megawatt wind project in Wyoming, which will be owned by PacifiCorp. PacifiCorp issued a suspension to the market on the prior issued 2008 All Source RFP on April 22, 2009. The suspension was lifted and the All Source RFP was reissued on December 2, 2009 with bid proposals due March 1, 2010. The proposals are currently being analyzed.
32	Nothing in these acquisition commitments shall be interpreted as a waiver of PacifiCorp's or MEHC's rights to request confidential treatment for information that is the subject of any commitments.	Ongoing Compliance	No action required.
33	Unless otherwise specified by Commission regulations or applicable statute, the Commission shall give MEHC and PacifiCorp written notification of any violation by either company of the commitments made in this application. If such failure is corrected within ten (10) business days for failure to file reports, or five (5) business days for other violations, the Commission shall take no action. MEHC or PacifiCorp may request, for cause, an extension of these time periods. If MEHC or PacifiCorp fails to correct such violations within the specified time frames, as modified by any Commission-approved extensions, the Commission may seek to assess penalties for violation of a Commission order, against either MEHC or PacifiCorp, but not both, as allowed under state laws and regulations.	Ongoing Compliance	No action required unless specified activities occur.
34	MEHC and PacifiCorp have identified transmission projects that MEHC and PacifiCorp believe will enhance reliability, facilitate the receipt of renewable resources, or enable further system optimization. Subject to permitting and the availability of materials, equipment and rights-of-way, MEHC and PacifiCorp commit to use their best efforts to achieve the following transmission system infrastructure improvements: ¹ a) Path C Upgrade (~\$78 million) - Increase Path C capacity by 300 MW (from S.E. Idaho to Northern Utah). The target completion date for this project is 2010. MEHC and PacifiCorp assert that this project: <ul style="list-style-type: none"> • enhances reliability because it increases transfer capability between the east and west control areas, • facilitates the delivery of power from wind projects in Idaho, and • provides PacifiCorp with greater flexibility and the opportunity to consider additional options regarding planned generation capacity additions. b) Mona - Oquirrh (~\$196 million) - Increase the import capability from	Ongoing Compliance	a) Path C (Populus to Terminal) The project is on schedule and within budget with 98% of foundations installed. The southern portion of the project, Terminal to Ben Lomond, was completed early and placed into service March 2010. The balance of the project will be placed into service in the fourth quarter of 2010. b) Mona to Oquirrh - The bidder selection process for the engineer/procure/construct contractor was narrowed to two bidders in March 2010. On March 3, 2010 the Tooele County Commission denied the PacifiCorp request for a conditional use permit. The denial was appealed to the Utah facility siting review board in April. Initial hearings are scheduled in May 2010 with a decision required 45 days after the initial hearing. With the exception of Tooele County, all other conditional use permits have been obtained.

MEHC and PacifiCorp assert that either of these projects presents opportunities to enhance PacifiCorp's ability to accept the output from wind generators and balance the system cost effectively in a regional environment. The target completion date for this project is 2010.</p> <p>1. It is possible that upon further review a particular investment might not be cost-effective, optimal for customers or able to be completed by the target date. If that should occur, MEHC pledges to propose an alternative to the Commission with a comparable benefit.</p> <p>MEHC and PacifiCorp make the following commitments to improve system reliability:</p> <ul style="list-style-type: none"> a) investment in the Asset Risk Program of \$75 million over the three years, 2007-2009, b) investment in local transmission risk projects across all states of \$69 million over eight years after the close of the transaction, c) O & M expense for the Accelerated Distribution Circuit Fusing Program across all states will be increased by \$1.5 million per year for five years after the close of the transaction, and d) extension of the O&M investment across all states for the Saving SAIDI Initiative for three additional years at an estimated cost of \$2 million per year. e) MEHC and PacifiCorp will support the Bonneville Power Administration in its development of short-term products such as conditional firm. No less than three months following the close of the transaction, PacifiCorp will initiate a process to collaboratively design similar short-term transmission products and will include stakeholders in this process. PacifiCorp will make every reasonable effort to complete a product by the end of 2008. f) PacifiCorp will continue to offer its Partial Interim Service product, and will make commercially reasonable efforts to offer transmission customers as much firm service as the Company's transmission studies show is available, including weeks within a month. PacifiCorp will also continue its OATT tariff 	Ongoing Compliance	<p>c) One customer signed a point to point commitment requiring new capacity from Wallula to McNary. Two additional customers have submitted queue requests for transmission service associated with a new wind farm connected at Wallula substation and all would require additional capacity on this line segment. Signed customer commitments obligate PacifiCorp to restart the right-of-way (ROW) acquisition and subsequent construction for this portion of the project segment. ROW acquisition for the line between Wallula to McNary will take place during 2010. PacifiCorp will notify parties to this proceeding if it proposes changes to these two elements of its OATT.</p> <p>MEHC recognizes that it can and should have a role in addressing the critical importance of transmission infrastructure to the states in which PacifiCorp serves. MEHC also recognizes that some transmission projects, while highly desirable, may not be appropriate investments for PacifiCorp and its regulated customers. Therefore, MEHC commits its resources and leadership to assist PacifiCorp states in the development of transmission projects upon which the states can agree. Examples of such projects would be RMATS and the proposed Frontier transmission line.</p>	Ongoing Compliance	<p>f) PacifiCorp offers partial interim service and allows scheduling modifications up to 20 minutes before the start of the hour during real time. These practices will continue.</p> <p>The company continues to be very active in following and supporting transmission infrastructure planning in the region in an effort to ensure our customers' needs are met and future transmission opportunities are not missed that may help provide stable and predictable energy costs looking forward. The company maintains focus locally through active participation in Northern Tier Transmission Group (NTTG) planning activities for the Northwest and Intermountain areas. The company's region wide participation in infrastructure planning has been influenced directly by our activities in Western Electricity Coordinating Council (WECC) and Transmission Expansion Planning Policy Committee (TEPPC) studies and analysis and Reliability Policy Committee participation. Energy Gateway is a significant influence and enabling infrastructure project that can potentially help to integrate other projects proposed in the WECC region.</p> <p>Company executives and staff hold board and committee seats on these groups to help ensure our customers interests are best served and to help shape and influence the future transmission system in the region overall. The company has been an important participant in recent studies and analysis regarding wind generation collector system design in Wyoming. Participation involved several industry organizations, government officials and many of the regional transmission providers in the Intermountain West.</p>
37	<p>MEHC believes that PacifiCorp's incremental cost of long-term debt will be reduced as a result of the proposed transaction, due to the association with Berkshire Hathaway. Historically, MEHC's utility subsidiaries have been able to issue long-term debt at levels below their peers with similar credit ratings. MEHC commits that over the next five years it will demonstrate that PacifiCorp's incremental long-term debt issuances will be at a yield ten basis points below its similarly rated peers. If it is unsuccessful in demonstrating that PacifiCorp has done so, PacifiCorp will accept up to a ten (10) basis point reduction to the yield it actually incurred on any incremental long-term debt issuances for any revenue requirement calculation effective for the five-year period subsequent to the approval of the proposed acquisition. It is projected that this benefit will yield a value roughly equal to \$6.3 million over the post-acquisition five-year period.</p>	Ongoing Compliance	<p>The long-term debt issuances of August 2006, March 2007, October 2007, July 2008, and January 2009, were analyzed to confirm that the related cost of debt was at least 10 basis points below the company's similarly-rated peers.</p> <p>PacifiCorp's testimony in the Washington general rate case, Docket No. UE-090205, filed in February 2009, supported that the July 2008 and January 2009 debt issuances met and exceeded the commitment.</p>

General Commitment Number	Commitment Description	Status	Status Description
39	<p>In Commitment 31, MEHC and PacifiCorp adopt a commitment to source future PacifiCorp generation resources consistent with the then current rules and regulations of each state. In addition to that commitment, for the next ten years, MEHC and PacifiCorp commit that they will submit as part of any commission approved RFPs for resources with a dependable life greater than 10 years and greater than 100 MW -- including renewable energy RFPs -- a 100 MW or more utility "own/operate" alternative for the particular resource. It is not the intent or objective that such alternatives be favored over other options. Rather, the option for PacifiCorp to own and operate the resource which is the subject of the RFP will enable comparison and evaluation of that option against other viable alternatives. In addition to providing regulators and interested parties with an additional viable option for assessment, it can be expected that this commitment will enhance PacifiCorp's ability to increase the proportion of cost-effective renewable energy in its generation portfolio, based upon the actual experience of MEC and the "Renewable Energy" commitment offered below.</p>	Ongoing Compliance	<p>PacifiCorp issued the approved 2008 All Source RFP on October 2, 2008 to the market for up to 2000 megawatts. However, the request for proposal was suspended on April 6, 2009 due to the high cost of the proposals and decrease in loads. The suspension was lifted and the All Source RFP was reissued on December 2, 2009 with bids due March 1, 2010. The proposals are currently being analyzed.</p> <p>PacifiCorp issued the 2008R-1 RFP for renewable resources on October 6, 2008 and issued the call for new and revised bids in the 2008R-1 RFP on January 26, 2009. The acknowledgement of the Final Shortlist filed and received approval of the Final Shortlist in Oregon. The 2008R-1 resulted in a 200.2 megawatt power purchase agreement from a wind project in Wyoming, the Top of the World Wind Energy LLC a subsidiary of Duke Energy. PacifiCorp issued the 2009R RFP for renewable resources on July 8, 2009 As a result of the 2009R the company executed the Dunlop wind project, 111 megawatt wind project in Wyoming which will be owned by PacifiCorp.</p>
40	<p>a) MEHC reaffirms PacifiCorp's commitment to acquire 1400 MW of new cost-effective renewable resources, representing approximately 7% of PacifiCorp's load. MEHC and PacifiCorp commit to work with developers and bidders to bring at least 100 MW of cost-effective wind resources in service within one year of the close of the transaction.</p> <p>b) MEHC and PacifiCorp expect that the commitment to build the Walla-Walla and Path C transmission lines will facilitate up to 400 MW of renewable resource projects with an expected in-service date of 2010. MEHC and PacifiCorp commit to actively work with developers to identify other transmission improvements that can facilitate the delivery of cost-effective wind energy in PacifiCorp's service area.</p> <p>c) In addition, MEHC and PacifiCorp commit to work constructively with states to implement renewable energy action plans so as to enable PacifiCorp to achieve at least 1400 MW of cost-effective renewable energy resources by 2015. Such renewable energy resources are not limited to wind energy resources.</p>	Ongoing Compliance	<p>100 MW - COMPLETE - effective July 21, 2006.</p> <p>By the end of 2010, PacifiCorp expects to exceed the 1,400 MW commitment.</p> <p>PacifiCorp continues to actively participate in two efforts to identify transmission improvements that will support the development of renewable resources. The first is the Utah Renewable Energy Zones work group and the second is the Western Governors Association's Western Renewable Energy Zones subcommittee. PacifiCorp's continued work on the Energy Gateway transmission projects will also facilitate the delivery of cost effective renewable energy in PacifiCorp's service territory.</p> <p>PacifiCorp is an active participant along with other stakeholders in an Oregon Public Utility Commission proceeding (AR 538/JM1452) meant to implement House Bill 3039 (2009), which established a utility large-scale solar photovoltaic capacity standard mandate for projects greater than 500 kilowatts in size, as well as a pilot solar photovoltaic net-metering/feed-in tariff program for projects less than 500 kilowatts in size.</p> <p>On March 1, 2010, PacifiCorp filed an application for approval to implement a solar incentive program in California. The application is pending approval with the California Public Utilities Commission.</p> <p>The company is not currently considering the development of any new coal-fueled generation.</p>
41	<p>MEHC supports and affirms PacifiCorp's commitment to consider utilization of advanced coal-fuel technology such as super-critical or IGCC technology when adding coal-fueled generation.</p>	Ongoing Compliance	<p>On March 1, 2010, PacifiCorp filed an application for approval to implement a solar incentive program in California. General Commitment Number	Commitment Description	Status	Status Description
42	<p>a) MEHC and PacifiCorp commit to participate in the Environmental Protection Agency's SF₆ Emission Reduction Partnership for Electric Power Systems. Sulfur hexafluoride (SF₆) is a highly potent greenhouse gas used in the electric industry for insulation and current interruption in electric transmission and distribution equipment. MEHC and PacifiCorp represent that over a 100-year period, SF₆ is 23,900 times more effective at trapping infrared radiation than an equivalent amount of CO₂, making it the most highly potent, known greenhouse gas. SF₆ is also a very stable chemical, with an atmospheric lifetime of 3,200 years. As the gas is emitted, it accumulates in the atmosphere in an essentially un-degraded state for many centuries. Thus, a relatively small amount of SF₆ can have a significant impact on global climate change. Through its participation in the SF₆ partnership, PacifiCorp will commit to an appropriate SF₆ emissions reduction goal and annually report its estimated SF₆ emissions. MEHC and PacifiCorp represent that this not only reduces greenhouse gas emissions, it saves money and improves grid reliability. Since 1999, EPA's SF₆ partner companies have saved \$2.5 million from the avoided gas loss alone. Use of improved SF₆ equipment and management practices helps protect system reliability and efficiency.</p> <p>b) Within six months after close of the transaction, MEHC and PacifiCorp commit that PacifiCorp will establish a global warming working group composed of representatives of the regulatory, consumer, educational and environmental communities in the six states that PacifiCorp serves, as well as representatives of PacifiCorp and MEHC. PacifiCorp will work with the global warming working group to identify cost-effective measures to reduce PacifiCorp's greenhouse emissions. PacifiCorp will develop and file with the Commission its strategy, which MEHC supports, for reducing its greenhouse gas emissions.</p>	Ongoing Compliance	<p>a) PacifiCorp's sulfur hexafluoride (SF₆) Emission Reduction Partnership 2009 Annual Report was sent to the U.S. Environmental Protection Agency March 15, 2010. PacifiCorp committed to an annual emissions reduction goal of 5% in total pounds emitted based on the company's 2005 baseline calculated emissions. The 2009 emission reflect 45.34% reduction from 2008; the average annualized reduction since 2005 is 13.4%.</p> <p>b) PacifiCorp's proposed action plan remains with MEHC for review and approval. PacifiCorp continues to evaluate and model potential carbon policy risk as part of its Integrated Resource Plan ("IRP") planning process.</p>
43	<p>Working with the affected generation plant joint owners and with regulators to obtain required approvals, MEHC and PacifiCorp commit to install, to the extent cost effective, the equipment likely to be necessary under future emissions control scenarios at a cost of approximately \$812 million. Concurrent with any application for an air permit, MEHC and PacifiCorp will discuss its plans regarding this commitment with interested parties and solicit input. While additional expenditures may ultimately be required as future emission reduction requirements become better defined, MEHC believes these investments in emission control equipment are reasonable and environmentally beneficial. The execution of an emissions reduction plan for the existing PacifiCorp coal-fueled facilities, combined with the use of reduced-emissions coal technology for new coal-fueled generation, is expected to result in a significant decrease in the emissions rate of PacifiCorp's coal-fueled generation fleet. MEHC represents that the investments to which MEHC is committing are expected to result in a decrease in the SO₂ emissions rates of more than 50%, a decrease in the</p>	COMPLETE	<p>COMPLETE – effective March 31, 2010. The table below reflects emissions reduction projects that have been or are in the process of completion, with all projects permitted by environmental regulatory agencies. Some, but not all, of these projects were on the original list of projects anticipated under this commitment. As of March 31, 2010, PacifiCorp had spent approximately \$865 million (compared to the commitment of \$812 million) on emission reduction projects in support of its Commitment 43 goals. Upon completion, these projects will have resulted in a reduction of PacifiCorp's SO₂ emission rate by approximately 62% and a reduction of its NO_x rate by approximately 39%. PacifiCorp's CO₂ emissions rate did not increase and has, in fact, decreased by almost 10% between 2005 and 2008 on a pounds per megawatt hour basis. While this commitment is considered complete, the company will continue to install emission reduction equipment to the extent such installation is required by law or otherwise prudent.</p>

Wa7	<p>a) MEHC and PacifiCorp commit that PacifiCorp's total company A&G costs will be reduced by \$6 million annually based on the A&G categories, assumptions, and values contained in Appendix 3 titled, "UM 1209 A & G Stretch." The maximum amount of the total company rate credit in any year is \$6 million. This commitment expires December 31, 2010. Beginning with the first month after the close of the transaction, Washington's share of the \$0.5 million monthly rate credit will be deferred for the benefit of customers (unless included in rates in Docket No. UE-050684, PacifiCorp's current general rate proceeding), and accrue interest at PacifiCorp's authorized rate of return. This Commitment is in lieu of Commitment 22 and Commitment U 23 from the Utah settlement, and a state must choose between this Commitment Wa 7 and Commitments 22 and U 23.</p> <p>b) The credit will be offsettable, on a prospective basis, for every dollar that PacifiCorp demonstrates, to the Commission's satisfaction, in a subsequent general rate case, that total company A&G expenses included in PacifiCorp's rates are less than \$6 million above the "Stretch Goal" and have not been shifted to other regulatory accounts. The 2006 Stretch Goal is \$222.8 million. Subsequent Stretch Goals shall equal the 2006 Stretch Goal multiplied by the ratio of the Global Insight's Utility Cost Information Service (UCIS)-Administrative and General – Total Operations and Maintenance Index (INDEX CODE Series JEADGOM), for the test period divided by the 2006 index value. Wa12	MEHC and PacifiCorp agree to use asymmetrical pricing for affiliate charges or costs not covered by the provisions of the InterCompany Administrative Services Agreement (IASA), if a readily identifiable market for the goods, services or assets exists, and if the transaction involves a cost of more than \$500,000.	Ongoing Compliance	MEHC accounting monitors monthly billings to/from PacifiCorp for items greater than \$500,000 not covered under the IASA. To date there has not been any item over \$500,000. To the extent that such billings exist, the pricing of such billing will be assessed in conjunction with this commitment.
Wa13	MEHC commits to provide shareholder funding to hire a consultant to study and design for possible implementation of an arrearage management project for low-income customers that could be made applicable to Washington and other states that PacifiCorp serves. PacifiCorp will provide a resource for facilitation of a working group to oversee the project. The study shall commence no later than one hundred eighty (180) days after close of the transaction and be completed, through the issuance of a formal report to the Commission, no later than three hundred sixty-five (365) days after close of the transaction. MEHC recognizes that such a program may have to be tailored to best fit the unique low-income environment of each individual state. The project will be developed by PacifiCorp in conjunction with the relevant regulatory and governmental agencies, low-income advocates, and other interested parties in each state that are interested in participating. The goals for the project will include reducing service terminations, reducing referral of delinquent customers to third party collection agencies, reducing collection litigation and reducing arrearages and increasing voluntary customer payments of arrearages. The costs of this study will be at least \$66,000 on a Total Company basis paid for by shareholders. If fewer than six states participate, the amount of the shareholder funds will be reduced proportionally.	COMPLETE	COMPLETE - effective March 20, 2007.
Wa14	MEHC and PacifiCorp commit to a total contribution level for Washington low-income bill payment assistance in the amount of \$80,000 annually, for a five-year period beginning July 1, 2006. The contributions may comprise contributions from corporate, employee, other sources and customer donations. The corporate contribution will be recorded in non-utility accounts. The contribution will be in addition to any funding provided through Schedule 91, Surcharge to Fund Low-Income Bill Assistance Program. Before the end of the five-year period, MEHC and PacifiCorp commit to work with low-income advocates and customer groups to evaluate additional matching contributions.	Ongoing Compliance	The third year of this five year commitment was completed as of August 1, 2009. Contributions totaling \$80,000 were received in total by The Salvation Army and Northwest Community Action Center, the agencies that administer Project HELP, for the program year ending June 30, 2009. Of that total, PacifiCorp's share was \$62,115 and the balance of donations came from all other contributors. PacifiCorp will work with low income advocates and agencies in 2010 to help determine the future direction of funding as this commitment will be fulfilled by July 2011.
Wa15	MEHC and PacifiCorp commit that, within sixty (60) days of the close of the transaction, PacifiCorp will initiate a collaborative effort with the Commission Staff, representatives of the Energy Project and other interested parties to track low-income issues by identifying and collecting data pertinent to low-income customers in PacifiCorp's Washington service territory.	COMPLETE	COMPLETE - effective May 8, 2006.
