#### Notes:

- 1. Amounts necessary for payment of benefits under the Puget Sound Pilots Trust Contract of 1952, the Puget Sound Pilots Retirement Agreement of 1978 and the Amended Retirement Program of Puget Sound Pilots are deducted and paid to the designated beneficiaries prior to distribution of income to current pilots.
- 2. Individual Business Expense includes the provision paid for disability insurance, annual physical exam, Anacortes subsistence and lodging, and business communication costs. Medical insurance premiums previously reported in this category (IBE) are now paid by the Association (noted above).

#### Remarks:

Not shown above is "extra compensation as a separate category" per RCW 88.16.035. The expenses and payments reported above do not include additional deferred compensation programs or retirement benefits, if any, provided by the pilot organization.

#### TRAINEE STIPENDS PAID

During all or part of the year there were eight pilot trainees working on their respective training programs. Not all were eligible to take the stipend every month during the twelve month period. The collective amount paid during 2012 was \$263,141.

Pilot trainees may choose whether to take a stipend during their training program. As a condition of receiving such stipend, agreement is made to forego any other full- or part-time employment which then prevents full participation in the training program. If the additional stipulations found in WAC 363-116-078(10) are met each calendar month, the stipend is paid at \$6,000 per month. The stipend is funded through a training surcharge in the tariff.

#### Notes:

- 3. As part of an agreement with the Commission, Puget Sound Pilots distributes retirement benefits to the retirees of the Grays Harbor Bar Pilots. The cost is offset in part by a 2001 Puget Sound District tariff increase and the pension charge per assignment included in the Grays Harbor tariff. The Port transfers those funds to the Puget Sound Pilots to distribute to Grays Harbor pilot retirees with service credit prior to 2001.
- 4. Port of Grays Harbor absorbs or retains any loss or income from the piloting division of their operations.
- 5. Employer Provided Benefits includes health, life, medical, and disability insurance, federal and state taxes, and retirement funding paid by the employer.

## 8 INCIDENT REPORTS & MARINE SAFETY OCCURRENCES (cont.)

#### **PUGET SOUND AND GRAYS HARBOR DISTRICTS**

#### MARINE SAFETY OCCURRENCES

Thirty-one MSO reports were filed in the Puget Sound District, three of which were reported as a nearmiss:

- Twenty-six vessel equipment malfunctions or failures;
- one issue involving a spring line and the dock;
- one where neither the pilot nor the Coast Guard could make contact with a pleasure boat crossing crossing the traffic lanes;
- one involving a tug operator in training;
- one situation requiring an additional pilot dispatched to vessel due to medical issue; and,
- one assignment to move a vessel off the dock to anchorage due to impending extreme low tide.

Two MSO reports in the Grays Harbor District, both reporting an equipment malfunction; neither were reported as a near-miss.

A state licensed pilot involved in a near-miss occurrence shall complete the board required Pilot's Report of Marine Safety Occurrence form and file it with the board as soon as possible. A near-miss occurrence is where a pilot successfully takes action of a non-routine nature to avoid a collision with another vessel, structure or aid to navigation, to avoid a grounding of the vessel or to avoid causing damages to the environment. A report of Marine Safety Occurrence may be voluntarily submitted on an out-of-the-ordinary occurrence or concern for navigational safety that is encountered or observed during the course of piloting a vessel.
