UTIL. AND TRANSP.
COMMISSION

Dear Mr. Johnson,

On November 27, 2019, pursuant to paragraph 119 of the Multiparty Settlement and Stipulation Agreement in the above-referenced dockets, Puget Sound Energy (“PSE”) submitted its second annual Colstrip Report on Decommissioning and Remediation. PSE has attached a revised second annual Colstrip Report on Decommissioning and Remediation to correct for certain amounts included in the response to question iii.

Additionally, this cover letter is provided to recognize that on December 10, 2019, PSE announced the proposed sale of its share of Colstrip Unit 4. If completed, the sale of Unit 4 would affect PSE’s response to questions i and ii. The extent to which the answers to questions i and ii would differ if the sale were approved is not known at this time. PSE will be filing an application to dispose of Colstrip 4 with the Commission in the near future. Much of what is needed to answer the two questions will be addressed in the application. Therefore, PSE does not plan to update the second annual report as PSE will be able to more appropriately address the impacts of the sale of Colstrip Unit 4 if it is approved in the third annual report to be filed in November 2020.

Please contact me at 425-456-2105 if you have any questions regarding this filing.

Regards,

/s/ Susan Free
