_____	)	

1 In order to comply with WAC 480-07-740(2)(a) The Energy Project moves to be  
2 allowed to submit Testimony of Charles Eberdt in support of their joinder in the  
3 multiparty settlement in the above dockets. The Energy Project joined the multiparty  
4 settlement on May 6, 2013 and it has been filed with the WUTC Record Center. The  
5 Settling Parties have previously provided the Commission with an outline of the Dockets,  
6 the scope of the settlement and its principal aspects.

7

8 This rule requires that when a party files a proposed settlement agreement the party must  
9 also file supporting documentation which will explain the party's views about why the  
10 proposal satisfies both their interest and is in the public interest. The testimony of Mr.  
11 Eberdt explains the reasons why the joinder to the settlement is in the interest of low-  
12 income customers of PSE and is in the public interest. Mr. Eberdt is available during the  
13 hearing by telephone or in person if parties or Commissioners have questions regarding  
14 the multiparty settlement with the Energy Project.

15

16 The Energy Project requests that the Commission grant this Motion so that testimony can  
17 be filed in accordance with the above rule.

18

19 Respectfully submitted,

20
