              Environmental Report for the year ending December 31, 2019**

Dear Mr. Johnson:

Per paragraph 55 of the settlement agreement approved in Puget Sound Energy's ("PSE") 2017 general rate case in Dockets UE-170033 and UG-170034, instead of quarterly, PSE now files its environmental remediation reports annually each April 30<sup>th</sup>. This is the third annual filing that PSE is required to make under the settlement agreement. The format is consistent with last year's format that was agreed to with Commission Staff.

Additionally, per paragraph 54 of the settlement, on February 13, 2018, PSE and Commission Staff commenced discussions related to determining a methodology for assigning insurance recoveries. PSE is assigning insurance and third party recoveries following the draft methodology developed during its discussions with Commission Staff.
