Revised Sheet No. 49 - **LSN REQUESTED JUNE 1, 2010** - Request
for Exemption

Dear Mr. Danner:

Enclosed are the original and three copies of the above-referenced tariff pages. These are substitute pages in the above-referenced docket. Further, to accommodate some suggestions from Commission Staff concerning the format used in the tariff sheets, these pages completely replace those sheets that were filed on May 3, 2010. The sheets that were filed in this docket on May 3, 2010, should be ignored.

Because these are substitute sheets filed in this docket, and the substitute sheets reflect agreement between the Company and Commission Staff on revenue requirement and rate design, the Company does not believe that exemptions are required. However, out of an abundance of caution, it is requested that the Commission grant an exemption from WAC 480-110-425 and WAC 480-110-431. The Company serves approximately 15,800 metered customers and it would be a very expensive proposition to re-notice the customers, most of whom are receiving a rate decrease. The Company serves approximately 200 customers that are on an un-metered rate schedule. If the new rate design is put into effect on a permanent basis, the Company will notify those customers.

It is estimated that there are approximately 30 metered customers that may receive a significant increase because of the modification of the rate design to reduce the subsidy that residential customers have provided for non-residential customers for many years. The Company will notify each of those customers once rates become permanent and offer to work with those customers to find ways in which they might be able to reduce their consumption of water.

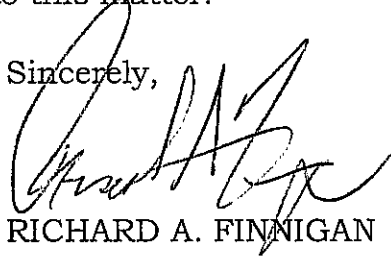

Pursuant to the provisions of WAC 480-80-122, the Company is requesting LSN treatment with an effective date of June 1, 2010. The information required by WAC 480-80-122(1) is either contained in this letter or set out on the tariff sheets themselves other than the name and address of Rainier View, its telephone number, e-mail address and fax number, all of which are on file at the Commission.

If you have any questions about this filing, please contact the undersigned. The undersigned is authorized to file tariff sheets on behalf of the Company.
