90 Gallon Toter	18.05	1.00
Extras	3.15	

DRAFT

Note 1: The rates listed above were developed assuming the Lake Forest Park City Council approves an ordinance prohibiting customers from placing yard debris into their garbage containers.

Note 2: Residents who choose to compost their own yard waste will receive a credit of \$1.00 per month. To be eligible for the yard waste credit customers must inform Eastside of their intention to compost. The resident then will not be permitted to set out any yard waste with their M.S.W. or recyclables. Residents subscribing to the half can service and the one can once/month will not be eligible for the \$1.00 credit.

Note 3: An extra is defined as any additional bag, box, bundle or garbage can set out for collection above and beyond the customer's customary level of solid waste service.

Note 4: Rates quoted are for curb service. Additional service such as walk-in service will be billed to customers at the rates contained in Eastside Disposal's W.U.T.C. tariff for unincorporated King County.

Note 5: During the initial year of the contract, each customer will be allowed to change solid waste service levels twice without charge. In subsequent years, one change of service will be allowed. Changes above these limits will result in a \$10 charge per change.

Note 6: If the City decides to establish its own solid waste utility, the rates for single family, multi family and commercial services will be renegotiated.
