**NOTICE OF BENCH REQUEST
(Due by Friday, March 6, 2015)**

RE: *Washington Utilities and Transportation Commission v. Waste Control, Inc., G-101*, Docket TG-140560

The following bench request is directed to Waste Control, Inc. (Waste Control or Company), the Commission's regulatory staff (Staff), and the Washington Refuse and Recycling Association (WRRRA). Please file a joint response no later than Friday, March 6, 2015.

Bench Request No. 2: On November 13, 2014, Waste Control and Commission Staff filed an amended joint motion (Joint Motion) requesting admission into the record of "all testimony, exhibits, and Commission orders filed or issued in association with Docket TG-131794, ... documents associated with Docket TG-140560 which would include various Orders, Motions, Answers, Declarations and other supporting materials submitted by the parties on procedural issues, [and] ... both Staff and WCI's responses to Bench Request No. 1, filed on October 21, 2014, [in Docket TG-140560]."¹ Please provide a joint, proposed exhibit list for the Commission to consider with the Joint Motion containing all of the exhibits the Company, Staff, and WRRRA request the Commission admit. The parties should keep in mind that, pursuant to WAC 480-07-495(2), it may be more appropriate to request that the Commission take official notice of certain documents, i.e. orders, notices, tariffs filed with the Commission, et cetera, than to request admission of these same documents into evidence.
