 Docket UG-170034 (PSE)
 Environmental Report for the year ending December 31, 2019**

Dear Mr. Johnson:

On April 30, 2020, Puget Sound Energy (“PSE”) filed the environmental remediation report for the year ending December 31, 2019. Section G in Paragraph 55 of the Settlement Stipulation adopted by Order 08 in Dockets UE-170033 and UG-170034 requires that “PSE shall record costs incurred for newly established electric and gas remediation sites in FERC account 186”. During Commission Staff’s review of PSE’s report, it was noted that one of the three new projects recorded in 2019, the Poulsbo Service Center UST remediation site, was inadvertently recorded to FERC account 182.3 rather than FERC account 186. This letter is to inform the Commission that PSE has made the correction to transfer the balance of this account from a FERC 182.3 account to a FERC 186 account in December 2020. Therefore, the deferred costs for this remediation site will appear in the correct FERC account in the next annual Environmental Remediation filing for the year 2020 that is due on April 30, 2021.

Please contact me at (425) 457-5854 should you have any questions.

Regards,

/s/ Stacy Smith
