**Rule 6**  
**GENERAL RULES AND REGULATIONS – FACILITIES ON CUSTOMER'S PREMISES**

D. RIGHTS-OF-WAY:

The Applicant shall provide without cost to Company all rights-of-way and easements required for the installation of facilities necessary or convenient for the supplying of electric service.

E. ACCESS TO FACILITIES:

The Customer shall provide safe, unobstructed access to Company representatives during reasonable hours to maintain the Company's electric transmission and distribution facilities. The Customer shall also permit the Company to trim trees and other vegetation to the extent necessary to avoid interference with the Company's lines and to protect public safety.

F. ACCESS TO METERS:

The Customer shall provide safe, unobstructed access to Company representatives during reasonable hours for the purpose of reading meters, inspecting, repairing, or removing metering devices and wiring of the Company.

G. IMPAIRED CLEARANCE:

Whenever any of the clearances required by the applicable laws, ordinances, rules, or regulations of public authorities from the service drops to the ground or any object becomes impaired by reason of any change made by the owner or tenant of the premises, the Customer shall at his own expense, provide a new and approved support, in a location approved by Company, for the termination of Company's existing service wires and shall also provide all service entrance conductors and equipment necessitated by the change of location.

H. RELOCATION OF SERVICES AND FACILITIES:

If relocation of service or distribution facilities on or adjacent to the Customer's premises, including Company-owned transformers, is for the convenience of the Applicant or the Customer, such relocation will be performed by Company provided the Applicant or the Customer pays in advance, a nonrefundable sum equal to the estimated installed cost of the relocated facilities, including operating expense, plus estimated removal cost, less estimated salvage and less depreciation of the facilities to be removed.

I. PERMANENT DISCONNECTION AND REMOVAL OF COMPANY FACILITIES:

1. Except as set forth in I.2. below, when a departing Customer 1) requests the Company to permanently disconnect Company's Facilities; 2) chooses to be served by another electric utility provider; or 3) obtains redundant service from another electric utility provider, the departing Customer must elect to either:

- a. Pay Actual Cost of Removal of Facilities as defined in Rule 1 that are dedicated to the service of the departing customer. Within sixty (60) days of receipt of the departing customer's election, the Company will provide an estimate of the charges to remove those Facilities that the departing Customer does not elect to purchase, and the departing Customer is required to pay the estimated amount before the Permanent Disconnection and Removal of any Facilities; or

I. PERMANENT DISCONNECTION AND REMOVAL OF COMPANY FACILITIES: (continued)

- b. Purchase underground conduit and vaults at Fair Market Value in lieu of removal, and pay Actual Cost of Removal of all Facilities not sold. Remaining Washington Customers are allocated the net proceeds from the sale of conduit and vaults. The departing Customer will assume all responsibility and liability associated with purchased underground conduit and vaults at the time of disconnection.

(C)

If a departing customer disagrees with the initial determination of Fair Market Value, the customer may secure a second Fair Market Value determination, by an appraiser chosen by the customer from a list of appraisers previously approved by the Commission. The lower of the two Fair Market Value determinations will control. The departing customer will be responsible for the actual cost to determine the Fair Market Value of the Facilities the customer elects to purchase.

If a departing customer paid to install facilities and provides adequate documentation of the actual costs incurred, the customer will receive a credit as follows:

- Purchase within one year of installation – 100% of the actual costs of installation deducted from the Fair Market Value;
- Purchase one to two years from installation – 80% of the actual costs of installation deducted from the Fair Market Value;
- Purchase two to three years from installation – 60% of the actual costs of installation deducted from the Fair Market Value; and
- Purchase three to four years from installation – 40% of the actual costs of installation deducted from the Fair Market Value.
- Purchase four to five years from installation – 20% of the actual costs of installation deducted from the Fair Market Value.

- 2. In lieu of removal or purchase by the departing Customer as set forth in I.1. above, the Company may abandon some or all of the Facilities when, in the Company’s sole discretion, service may be negatively impacted or safety issues may arise as a result of removal or purchase by the departing Customer. The Company will decommission and leave in place such Facilities in a safe manner consistent with best industry practices. The departing Customer will assume all responsibility and liability associated with abandoned and decommissioned Facilities at the time of disconnection.
- 3. No later than 90 days after removal of Facilities not purchased by the departing Customer, or not abandoned and decommissioned by the Company, the Company will determine the Actual Cost of Removal and adjust the estimated bill to that amount. The Company will refund any overpayment from the estimated amount, and will issue a bill for any underpayment.
- 4. The departing Customer will pay the Stranded Cost Recovery Fee, Low Income Assistance Program Recovery Fee, and Demand Site Management Recovery Fee specified in Schedule 300 before Facilities are disconnected.
