Make Your Call

- 1 Choose your plan and subscribe. Click the ACCESS PHONE NUMBER link below, select the access number closest to you and dial it.
- 2 When the gateway answers, enter your International destination phone number using 011 for international calls and 1 + Area Code for calls to the US, Canada or Guam.
- 3 Wait a few moments for your call to ring through and then enjoy your call

(Mobile users: DO NOT HIT SEND or the green call button to avoid mobile charges. Also do not pull your phone number from your phone's address book as it will automatically dial your call over the mobile carrier's network instead.) more...
