INLAND CELLULAR ADVERTISEMENT

Inland Cellular (Inland Cellular is the trade name of both Eastern Sub-RSA Limited Partnership and Washington RSA No. 8 Limited Partnership) has been a local cellular telephone provider in eastern Washington since approximately 1992. Inland Cellular's service area covers the eastern half of Grant County and the majority of Adams, Asotin, Columbia, Garfield, Lincoln, Whitman, and Walla Walla Counties and a minor portion of Franklin County.

During the intervening years, we have worked hard to build a cellular system that would provide high quality telecommunications services to the communities we serve. We have done this, notwithstanding the higher costs of serving rural areas in the State of Washington and are always striving to provide even better service.

We have served and intend to continue to serve both residential and business customers in our service area with high quality telecommunications services at attractive and affordable rates.

In addition to our basic cellular telephone services, we offer throughout our service area advanced telecommunications services, including special calling features.

The basic services offered by Inland Cellular in the aforementioned calling area are comprised of several components. At a minimum, these include:

Service Offered

Monthly Calling Plan Charges*

*The monthly charge may be \$0 with a Pre-Paid Calling Plan

Access to operator services – There is no additional charge by Inland Cellular to end user customers for the ability to call the operator. However, the call may involve a charge depending on the service requested and the rates of the company whose operator handles the call, as well as location of the call origination.

Access to Directory Assistance – There is no additional charge by Inland Cellular to end user customers for the ability to call the Directory Assistance. However, the call may involve a Directory Assistance charge, the amount of which depends on the area called and the rates of the company whose operator is accessed, as well as location of the call origination.

Lifeline and Link-Up Programs: Inland Cellular participates in the Federal Lifeline and Link-Up programs, as well as the Washington Telephone Assistance Program (WTAP). Under these programs, Inland Cellular offers to qualifying low-income customers a discount off of the monthly rate for one basic residential service* and a discount off of the non-recurring charge to install that basic residential service*; if applicable. The Lifeline Program enables qualifying low-income consumers to save at least \$5.25 per month and up to \$10.00 per month. Consumers may also qualify for an additional \$3.50 per month in matching support from WTAP. Moreover, under the Lifeline Program, qualifying low-income consumers living on reservations may qualify for monthly discounts ranging from \$30.25 to \$35.00.
