EV Data for Docket UE-180877: Puget Sound Energy's EV charging pilot projects

February 26, 2019

As a follow-on to my November 2018 comments, FlexCharging would like to share the following views of WA DoT data with EV stakeholders.

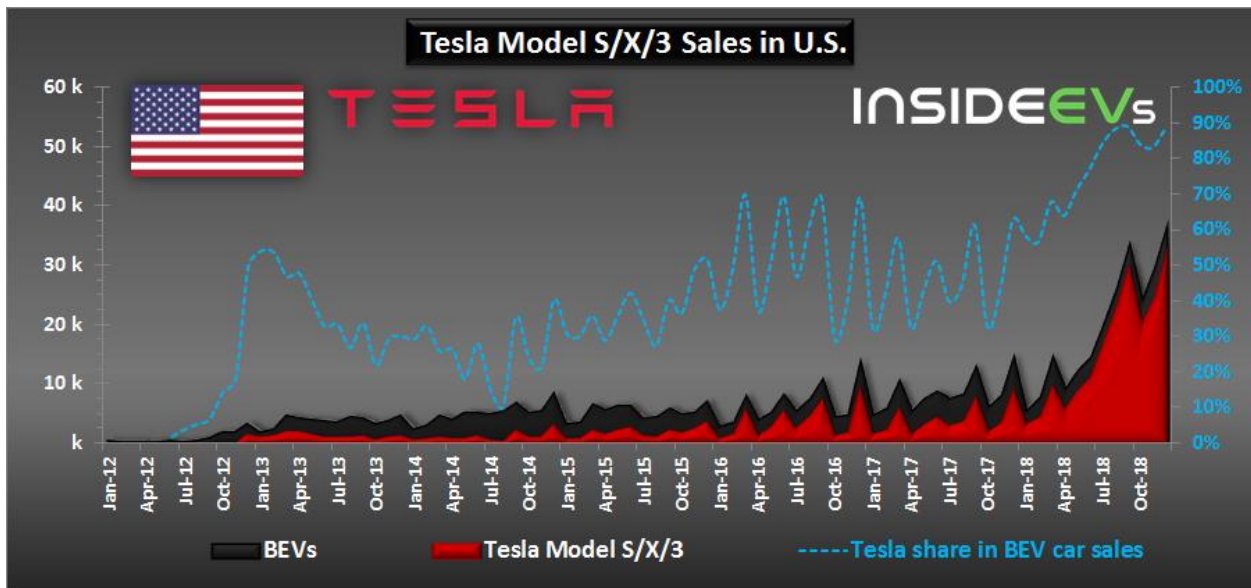

The data below on growth may be a little off for the smaller manufacturers due a lack of clear information, but it is in the right ballpark.

Nationally, InsideEVs estimates Tesla in 2018 had 81% market share of US BEV sales.
