NWEC AND FRONT AND CENTERED DATA REQUEST NO. 039:

Re: Equity Data

By month since January 2021, please provide a list of the highly impacted communities that had been identified as of that month.

Response:

Puget Sound Energy (“PSE”) objects to NWEC and Front and Centered Data Request No. 039 because it seeks information that is obtainable by another source that is more convenient, less burdensome, or less expensive. Without waiving such objections, and subject thereto, PSE responds as follows: The Washington State Department of Health is responsible for defining “Highly Impacted Communities” as provided in RCW 19.405.140. This definition was informed by the Washington Department of Health’s February 2021 Cumulative Impact Analysis. Please see the Washington Department of Health’s assessment of Highly Impacted Communities.
