NWEC AND FRONT AND CENTERED DATA REQUEST NO. 129:

Re: Scope of CEIP

Please confirm or deny: The 2022-2023 Biennial Conservation Plan is a direct input into the development of the Clean Energy Implementation Plan (CEIP). If the response is anything other than an unqualified “confirmed,” provide a detailed explanation of the basis for the response.

Response:

Confirmed. Puget Sound Energy’s (“PSE”) Biennial Conservation Plan (“BCP”) informed the Clean Energy Implementation Plan energy efficiency targets. PSE’s 2022-2023 BCP includes the 2022 and 2023 conservation targets.
