Subject: Brem-Air Disposal, a division of Waste Management of Washington, Inc. (G-237); Tariff # 17

Enclosed are revised pages 2, 22 and 25 to the above-referenced tariff. The purpose of these tariff revisions is to reflect the change in the commodity credits for residential and multi-family customers receiving recycling collection services. These tariff revisions reflect an increase of the current commodity credit from \$0.80 to \$1.41 per month for residential customers (76%) and a decrease from \$0.47 per unit to \$0.25 per unit for multi-family customers (53%).

These changes are jointly due to the overall change in commodity values, tonnage estimates and material composition estimates since our initial commodity credit adjustment on August 6, 2002. The proposed effective date of these tariff revisions is October 28, 2003.

Enclosed for your review are our accounting work papers. Also enclosed for your consideration is a request for LSN treatment of these revised tariff pages, in order that these revised commodity price credits may become effective as of October 1, 2003. Customers will be notified of the change in their commodity credit adjustment on their next regularly scheduled billing. In addition, the county has been notified of these proposed tariff changes.

If you have any questions or need additional information, please contact Bob Schille at (425) 823-6164 or me at (206) 264-3072.

Very truly yours,

Michael A. Weinstein
