RE: Certificate G-107 Tariff revision

Dear Commission,

Due to an oversight there is an error in our tariff. We do not offer weekly service to some areas and never have. I am just correcting this mistake.

We are filing a LSN so that we will be in compliance as soon as possible.

We would like to substitute page 23, add page 23A and appendix A to our tariff. This will define weekly and every other week service areas. We have been doing this kind of service since the 1970's, which was the start of our tariff.

This change will have no impact on our present customers.

The change is as follows:

Page 23 Service Area: See appendix A

Page 23A Service Area: As per certificate

1 can EOWG	11.36	1 45gal EOWG	14.58
2 can EOWG	14.58	2 45gal EOWG	22.17
3 can EOWG	21.28	1 45gal MG	11.36
4 can EOWG	27.95		
1 can MG	6.91		

Sincerely

Cindy Low
