Describe the need for the requested service: I need to be able to travel to Pasco Washington on intercity transit for the following reasons: There is currently no way for me to get to the Tri Cities, Seattle and other locations. I need to go to Pasco to use the services of a Naturopathic Physician. There are no Naturopathic Physicians in Walla Walla. Because of this inability to get the kind of health care I need, my health has been impacted and I cannot obtain the medicines I require for chronic conditions without incurring significant shipping costs. I also need to go to Pasco to take my cat to a Veterinarian who offers Chiropractic and holistic services. Without access to this vet my cat would be physically disabled and her health would also deteriorate. Currently I must rent vehicles in order to go the veterinarian, which is only cost effective to do on weekends, thus severely limiting my options to make appointments. I need access to intercity transit so I can visit my family in Seattle. Currently the only way to visit them is by flying, which is prohibitively expensive when you add up all the many costs of getting to and from airports. It is extremely important for my mental health to be able to visit my family, since I have no other family in the area, and don't know many people in Walla Walla.. Intercity transit would increase my employment options.

Describe the need for the requested service:

My daughter is currently going to school in Walla Walla and she does not have a car. She needs to get back to Prosser for 3 or 4 meetings (and other commitments) this fall for various community organizations she is involved in. She will also need a wa home for school holidays. Benton Franklin Transit runs busses between Prosser and the Tri-Cities, but she has no way to get t the Tri-Cities from Walla Walla. If she can't find someone to give her a ride to Pasco, I may have to drive over to Walla Wall and pick her up so she can make it to her meetings.
