Re: Rainier View Water Co., Inc. – Water System Extension Agreement
– Bethel School District No. 403

Dear Mr. Danner:

Enclosed for filing you will find the above-referenced Water System Extension Agreement. An agreement is used since it includes charges not in the tariff. The charges are the same as the charges in similar agreements approved by the Commission.

The developer is aware of the fees and charges that apply under the Company's tariff. A map showing the location of the system extension is included.

Please note that Bethel School District executed the Agreement in the fall of 2008. However, questions arose over some of the supporting work on Rainier View's water system to be able to provide service. Those items have now been resolved and this contract can move forward.
