**Re: Advice No. 2009-32
 Natural Gas Tariff Filing – Filed Electronically**

Dear Mr. Danner:

Pursuant to RCW 80.28.060 and Chapter 480-80 WAC, please find enclosed for filing the following proposed revisions to the WN U-2, tariff for natural gas service of Puget Sound Energy, Inc. (the “Company” or “PSE”):

WN U-2, Natural Gas Service:

1 st Revision	Sheet No. 1183	Natural Gas Conservation Service
1 st Revision	Sheet No. 1183-A	Natural Gas Conservation Service (Continued)
1 st Revision	Sheet No. 1183-B	Natural Gas Conservation Service (Continued)
1 st Revision	Sheet No. 1183-C	Natural Gas Conservation Service (Continued)
1 st Revision	Sheet No. 1183-D	Natural Gas Conservation Service (Continued)
1 st Revision	Sheet No. 1183-E	Natural Gas Conservation Service (Continued)
1 st Revision	Sheet No. 1183-F	Natural Gas Conservation Service (Continued)

Natural Gas Energy Efficiency Programs:

8 th Revision	Sheet No. 1203	Residential Low Income
8 th Revision	Sheet No. 1203-A	Residential Low Income (Continued)
6 th Revision	Sheet No. 1205	Commercial/Industrial Retrofit Program
8 th Revision	Sheet No. 1205-A	Commercial/Industrial Retrofit Program (Cont.)
9 th Revision	Sheet No. 1206	Residential Information Services
10 th Revision	Sheet No. 1207	Energy Education
4 th Revision	Sheet No. 1208	Resource Conservation Manager (RCM) Program
4 th Revision	Sheet No. 1214	Existing Residential Single Family
4 th Revision	Sheet No. 1214-A	Existing Residential Single Family (Continued)
2 nd Revision	Sheet No. 1215	Residential Single Family New Construction
2 nd Revision	Sheet No. 1215-A	Residential Single Family New Construction (Continued)
2 nd Revision	Sheet No. 1217	Multi-Family Existing Structures
1 st Revision	Sheet No. 1218	Multi-Family New Construction
4 th Revision	Sheet No. 1249	Natural Gas Pilot Programs
4 th Revision	Sheet No. 1251	Commercial/Industrial New Construction Efficiency
3 rd Revision	Sheet No. 1251-A	Commercial/Industrial New Construction Efficiency (Continued)
3 rd Revision	Sheet No. 1251-B	Commercial/Industrial New Construction Efficiency (Continued)
3 rd Revision	Sheet No. 1262	Commercial/Industrial Incentive Program

The purpose of this filing and the contemporaneous electric filing is to provide for continuation and expansion of PSE's cost-effective, reliable and feasible natural gas and electric conservation programs. These programs and schedules are set to expire on December 31, 2009. This filing is necessary for the Company to continue the acquisition of conservation resources and delivery of conservation services to its customers and to provide for certain changes and enhancements to program offerings.

The Company and the Conservation Resource Advisory Group (CRAG) have met regularly to share and discuss plans for energy efficiency programs, budgets and goals for 2010 through 2011. In developing these programs, the Company and the CRAG considered the energy efficiency resource potential identified in the Company's 2009 Integrated Resource Plan, as well as individual program cost effectiveness and market conditions. This collaborative process resulted in establishing a portfolio of cost-effective, reliable and feasible natural gas and electric conservation programs for 2010-2011.

A broad array of initiatives serving residential and business customers are presented in this filing, including expanded residential gas weatherization services and continued emphasis on growing prescriptive gas rebates in the business sector. There are also revisions to the attached Schedules which clarify terminology, update regulatory or industry references, add definitions of terms and ensure that effective dates and termination dates reflect the upcoming biennium.

In accordance with the Settlement Stipulation adopted by the Commission in Docket Nos. UE-011570, UG-011571 and UE-011600, CRAG members were provided a complete set of this tariff filing two months (60 days) prior to the proposed effective date of this tariff filing; this has allowed the Company to interact with the CRAG with comments and questions.

This filing proposes that the date that natural gas energy efficiency programs expire be extended from December 31, 2009 to December 31, 2011.

The Company will submit Appendix A: Program Descriptions; Appendix B: Savings Goals and Budgets; Appendix C: Program Cost Effectiveness and Appendix D: Program Measurement and Evaluation Plan, and Attachment 1 to Appendix A, the Energy Efficiency Services List of Measures, Incentives and Eligibility, under separate cover.

It should be noted that natural gas service rates are not affected by this filing, since the filing does not include any requested change in the Natural Gas Conservation Service Tracker. That filing will be made on approximately March 1, 2010.

The tariff sheets described herein reflect an issue date of November 30, 2009, and an effective date of January 1, 2010. Posting of proposed tariff changes, as required by WAC 480-90-193, is being made by posting the proposed tariff sheets on the PSE web site immediately prior to or coincident with the date of this transmittal letter in accordance with WAC 480-90-193(1).

This tariff change does not increase recurring charges or restrict access to services. Therefore, notice of proposed tariff change, as required by law and the Commission's rules and regulations (including WAC

Mr. David Danner
