

SKAGIT
VALLEY
HOSPITAL

February 10, 2010

Verizon

To Whom It May Concern:

We are in the process of joining forces with Skagit Valley Medical Center and are looking to combine our telephone dialing plans. We'd like an estimate on what 1000 DID's would cost us. There wouldn't be any dialing restrictions so to speak, we'd just need the extra numbers to restructure/create 4 digit dialing between the two companies.

Contracts should be signed any day and we'd like the proposal for this ASAP.

The numbers would be set up on account BTN 360-424-4111. We currently have the following blocks of numbers assigned to this location, so we'd obviously need something different:

428-2100-2499
428-8200-8299
416-8300-8499
416-5700-5799
424-2600-26599
848-5500-5599

What other information would you need from me to get a quote on this?

Thank you

Heather
