Re: Rainier View Water Co., Inc. – Water System Extension Agreement  
– Hawthorne Lane Graham Associates, LLLP

Dear Mr. Danner:

Enclosed for filing you will find the above-referenced Water System Extension Agreement. An agreement is used since it includes charges not in the tariff. The charges are the same as the charges in similar agreements approved by the Commission.

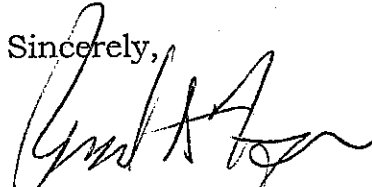

The developer is aware of the fees and charges that apply under the Company's tariff. A map showing the location of the system extension is included.

Please note that the ERU account is developed applying a factor of ninety percent of the number of dwelling units. The reason for this factor is because apartments use less water on a dwelling unit by dwelling unit basis compared to stand-alone, single-family homes. The ninety percent figure is based off what the Company reports to the Department of Health as part of the Company's Comprehensive Plan.
