

SANITARY DISPOSAL, INC.

P.O. BOX 316 • HERMISTON, OREGON 97838 • (541) 567-8842

May 7, 2013

Steven King, Acting Executive Director and Secretary
Washington Utilities and Transportation Commission
PO Box 47250
Olympia, Wa 98504-7250

Dear: Mr. Steven King:

Pertaining to Docket TG-130691.

Our company, Sanitary Disposal, Inc. (G000173), operates as a solid waste company in Oregon and Washington, and as such, is required to file an annual report to your Commission on our Washington operations.

Once again, we are requesting to file a Class "C" report rather than the Class "A&B", which has been requested by the Commission. We filed and paid Class "C" reports on a timely basis for a number of years and have already file and paid Class "C" for 2012 not realizing that our Order pertaining to Docket TG-110113 was not perpetual. We are also requesting exemption from Class A reporting requirements for affiliated interest transactions.

Filing Class "A & B" report causes a financial cost to our company that is disproportionate to the amount of income earned from our Washington operations. Our gross income derived from Washington sources is \$294,146.01 which represents approximately 5.8 % of our total income. Our company is locally owned and operated and does not include adequate accounting personnel to prepare the Commission report; therefore, we are forced to have our CPA firm prepare them for us, creating additional costs.

We appreciate your consideration in this matter, both past and present. We request that you review our request for filing a Class "C" report for 2012 and future years, in lieu of the Class "A&B", as requested by the commission. Should our circumstances change dramatically in the future, we will of course, inform you.

Respectfully,

A handwritten signature in black ink, appearing to read "Mike Jewett".

Mike Jewett, President
Sanitary Disposal, Inc
