8	Item 20 - Definitions
these definitions, except to	nown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend fill in blanks for maximum weights of various receptacles. Companies wishing to add definitions specific to their t include those definitions on a separate page, entitled "Company-specific definitions." A blank sheet is provided for
Bale:	Material compressed by machine and securely tarped or banded.
Bulky materials:	Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
Charge:	A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
Commercial billing:	Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
Compactor disconnect reconnect charge:	A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
Gate charge:	A flat fee charged for opening, unlocking, or closing gates in order to pick-up solid waste.
Loose material:	Material not set out in bags or containers, including materials that must be shoveled.
Multi-family residence:	Any structure housing two or more dwelling units.
Packer:	A device or vehicle specially designed to pack loose materials.
Pass through fee:	A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without mark-up or mark-down.
Permanent service:	Container and drop-box service provided at the customer's request for more than 90 days.
Rate:	A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.
Solid waste receptacle:	Includes the following items, with the following meanings:
	Automated cart means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be devined in the rate items.
