2. Directors and/or Officers

See **Attachment 2** for Officer and Director Listings for Avista Corporation and all wholly owned subsidiaries.

3. Narrative Descriptions of Subsidiaries

Avista Capital, Inc., is a wholly owned subsidiary of Avista Corp. and is the parent corporation of Avista Corporation's non-regulated subsidiary investments and operations.¹ As of December 31, 2013, Avista Capital had the following non-utility subsidiary investments:

- **Ecova, Inc.** (78% ownership) Provides consolidated billing and resource accounting service and related services. Effective January 23, 2012, Prenova, Inc., merged with Ecova, Inc. Prenova is an energy management firm, which focuses on expense management and energy procurement solutions.
- **Avista Energy, Inc. and Avista Energy Canada, Ltd.** (100% ownership–Inactive), were energy marketing and resource management companies. On June 30, 2007, Avista completed the sale of the operations of Avista Energy to Coral Energy Holding, L.P., and certain of its subsidiaries, a subsidiary of Shell (Coral).
- **Avista Development, Inc.** (100% ownership-no employees, passive income) was established to manage real estate investments including:
 - * **Steam Plant Square, LLC** (85% ownership) Manages and operates the Steam Plant Square in Spokane, Washington.
 - **Steam Plant Brew Pub, LLC** (100% ownership) Manages and operates the Steam Plant Grill in Spokane, Washington.
 - * **Court Yard Office Center, LP** (100% ownership) Owns and operates commercial office space rentals.
- **Pentzer Corporation** is a wholly owned private investment company that serves as parent of the non-utility businesses listed below (100% ownership-no employees, passive income):
 - * **Advanced Manufacturing and Development, Inc., dba METALfx**, (89.2% ownership), located in Willits, California, is a manufacturer and turnkey assembler of electronic enclosures, parts, and systems primarily for the computer and instrumentation industries. This company is held by **Bay Area Manufacturing, Inc.** (100% ownership)
 - * **Pentzer Venture Holdings II, Inc.** (100% ownership) Holding company for an inactive sewage treatment plant near Spokane Industrial Park.
 - **Avista Northwest Resources, LLC** (100% ownership) was formed for the purpose of holding unregulated investments in the energy industry.

¹ The only exceptions relate to Avista Receivables, Inc., a special purpose subsidiary formed in connection with the sale of accounts receivable, and Spokane Energy, LLC, which was formed for the purpose of implementing a long-term capacity contract between Avista Utilities and Portland General Electric Company. At present, these entities are directly owned by Avista Corporation. See page 3 for a further description of Spokane Energy, LLC.

- **Salix, Inc.** (100% ownership) was formed October 8, 2013, for the purpose of exploring business opportunities.

Spokane Energy, LLC (Spokane Energy) is a special purpose limited liability company and has 100% of its membership owned by Avista Corp. Spokane Energy was formed on December 30, 1998 to assume ownership of a fixed rate electric capacity contract between Avista and Portland General Electric Company (PGE). Under this contract, Peaker, LLC (Peaker) purchases capacity from Avista Utilities and sells capacity to Spokane Energy. Spokane Energy sells the related capacity to PGE. Peaker acts as an intermediary to fulfill certain regulatory requirements between Spokane Energy and Avista Corp. The transaction is structured such that Spokane Energy bears full recourse risk for a loan (balance of \$17.8 million as of December 31, 2013) that matures January 30, 2015. Avista has no recourse related to this loan. Peaker makes monthly payments of approximately \$150,000 to Avista for its capacity purchase.

The following entities were written off during 2013:

- **Demand Energy Networks** (1.54% ownership by Avista Development, Inc.), written off as of September 2013

- **Woodside IV** (4.20% ownership by Avista Development, Inc.)
- **Inland TechStart Fund, LLC** (14.9% ownership by Avista Development, Inc.)
- **Kick Start II** (9.6% ownership by Avista Development, Inc.)
- **Matrix Genetics** (16.9% ownership by Avista Development, Inc.)

(b) Description of Services or Transactions:

(1) Avista Capital II (Trust) Expenses

In 1997, the Company issued Floating Rate Junior Subordinated Deferrable Interest Debentures, Series B, with principle amount of \$51.5 million to Avista Capital II, an affiliated business trust formed by the Company. Avista Capital II issued \$50.0 million of

Preferred Trust Securities. The interest charges for the trust carried on Avista's books for 2013 totaled \$601,957 and were recorded in FERC Account No. 427 (interest expense). There are no other costs associated with this trust.

(2) Spokane Energy, LLC Transactions

Avista acts as the servicer of Spokane Energy's commodity contracts. Annual service fees paid by Spokane Energy to Avista were approximately \$51,585 in 2013.

Spokane Energy is required to maintain in trust \$1.6 million. All funds in excess of this amount are transferred to Avista for cash management purposes. During 2013, the amount transferred was \$0. At December 31, 2013 Avista has a liability of \$5,045 payable to Spokane Energy for these funds.

(3) Steam Plant Square, LLC Lease

Avista Utilities leases office space (two spaces under separate Multi-Tenant Lease Agreements) from Steam Plant Square, LLC. For the first space, Avista Corporation assumed a lease in May 2003 from Avista Capital, Inc. that was renewed May 1, 2010. The basic terms of this lease (i.e. square footage, monthly rents, etc.) remained the same. A copy of the lease agreement was provided to the Commission in Docket No. UE-110067. The second space was leased in August 2010. A copy of the lease agreement was provided to the Commission in Docket No. UE-101859.

Lease payments in 2013 totaled \$149,304 (\$24,031 recorded in FERC Account No. 107 (CWIP) and \$125,273 recorded in FERC Account No. 931 (Rents)).

(4) Non-Service Transactions Related to Ecova, Avista Capital, Avista Development, and Avista Energy

Avista Corporation Corporate Services:

On a regular basis, general office employees of Avista Corporation spend time on corporate service support, such as accounting, federal income tax filing, planning, supplies, postage, legal, graphic services, etc. for subsidiaries. Their time is charged to suspense accounts (Deferred Debit Account No. 186), are loaded for benefits, and then established as a receivable (FERC Account No. 146) when billed to the subsidiary. If other resources are

expended during the course of this work, such as travel or consulting services, these costs are also charged to suspense accounts and billed to the subsidiary.

All corporate services provided, and costs incurred, are direct billed to subsidiaries at cost. No additional margin or profit is included and no assets are allocated. Suspense and capture of Avista Corporation employee costs, which are then billed back to the subsidiary at cost, serve to reduce the utility expenses.

(c) Description of pricing basis or costing method for allocating costs, and amounts and accounts charged during the year:

Please see the individual descriptions in Section II.2, pages 4 through 6. Services are provided at cost. Any charges allocated to Washington are allocated based on the Company's four-factor allocation methodology. (Please refer to **Attachment 4** for the allocation factors.)

(d) Inter-Company Loans:

• **Avista Corp / Avista Capital Note Payable / Receivable**

During 2013, Avista Corp. recorded short-term note receivables to Avista Capital, Inc. The year-end note receivable amount at December 31, 2013 was \$5,720,834. The maximum note receivable amount outstanding during the year, due from Avista Capital, was \$5,720,834 at December 31, 2013. Total interest expense in 2013 was \$0.

According to the Cash Management Guidelines and Procedures filed with the Commission in April of 2011, investment/borrowing rates between Avista Corporation and Avista Capital that were in effect during 2013 were:

- a. Upon receiving appropriate approvals, excess Avista Capital cash may be invested with (loaned to) Avista Corp. at a rate equal to Avista Corp.'s avoided short-term borrowing cost currently estimated at the one-month LIBOR plus 130 basis points (this is the short-term borrowing rate related to Avista Corp.'s credit facility). The rate will be reset monthly with the LIBOR rate in effect on the second business day of each month.

At times Avista Corp may have no outstanding borrowings under the credit facility. If there are no outstanding borrowings under the credit facility, excess cash should be utilized to pay down borrowings on other short-term borrowing instruments (if any) and the borrowing rate should be adjusted to the avoided short-term borrowing rate applicable to the borrowings that were re-paid.

At times, Avista Corp may have no outstanding cash borrowings on the credit facility or other short-term borrowing facilities. If there are no cash borrowings under any facility, excess cash should be invested at the subsidiary until the funds can be utilized.

- b. Avista Capital may borrow from Avista Corp., subject to board-approved limits, at a rate equal to at least the Prime rate plus 30 basis points. This rate will be reset at such time as the Agent bank on the Avista Corp. credit agreement changes the Prime rate or the margin is changed per the credit facility pricing grid. If an Alternate Base Rate (as defined in the credit facility) is in effect, the borrowing rate would be adjusted accordingly.

- **Avista Corp / Ecova Note Payable / Receivable**

On January 3, 2012, Avista Corp entered into a note agreement with Ecova. The note agreement is structured so that Avista Corporation would pay the same rate as would have been incurred under the credit facility (i.e. Avista Corporation's avoided short-term borrowing rate). Avista Corporation may borrow up to \$50 million in principal under the note agreement. Additionally, Avista Corporation will be required to retain liquidity under its credit facility to repay the outstanding principal balance in whole at any time. The Commission approved this transaction in Docket No. UG-111770 on November 10, 2011. The maximum note payable amount outstanding during the year, owed to Ecova, was \$50,064,439 at December 1, 2013. Total interest expense in 2013 was \$324,790. The note payable amount as of February 28, 2014 was \$49,062,656. During 2013 Avista repaid the note payable amount at each quarter end.

These revolving short-term cash borrowings between the parties help to reduce external cash requirements.

(e) Description of Parent Guaranteed Debt:

Avista Corporation does not guarantee debt of its subsidiaries. See Section III. Miscellaneous Agreements, page 8.

(f) Description of Activities of Subsidiaries:

See Section I.3 at pages 2 through 3.

(g) List of all common officers and directors:

See Section I.2 at page 1.

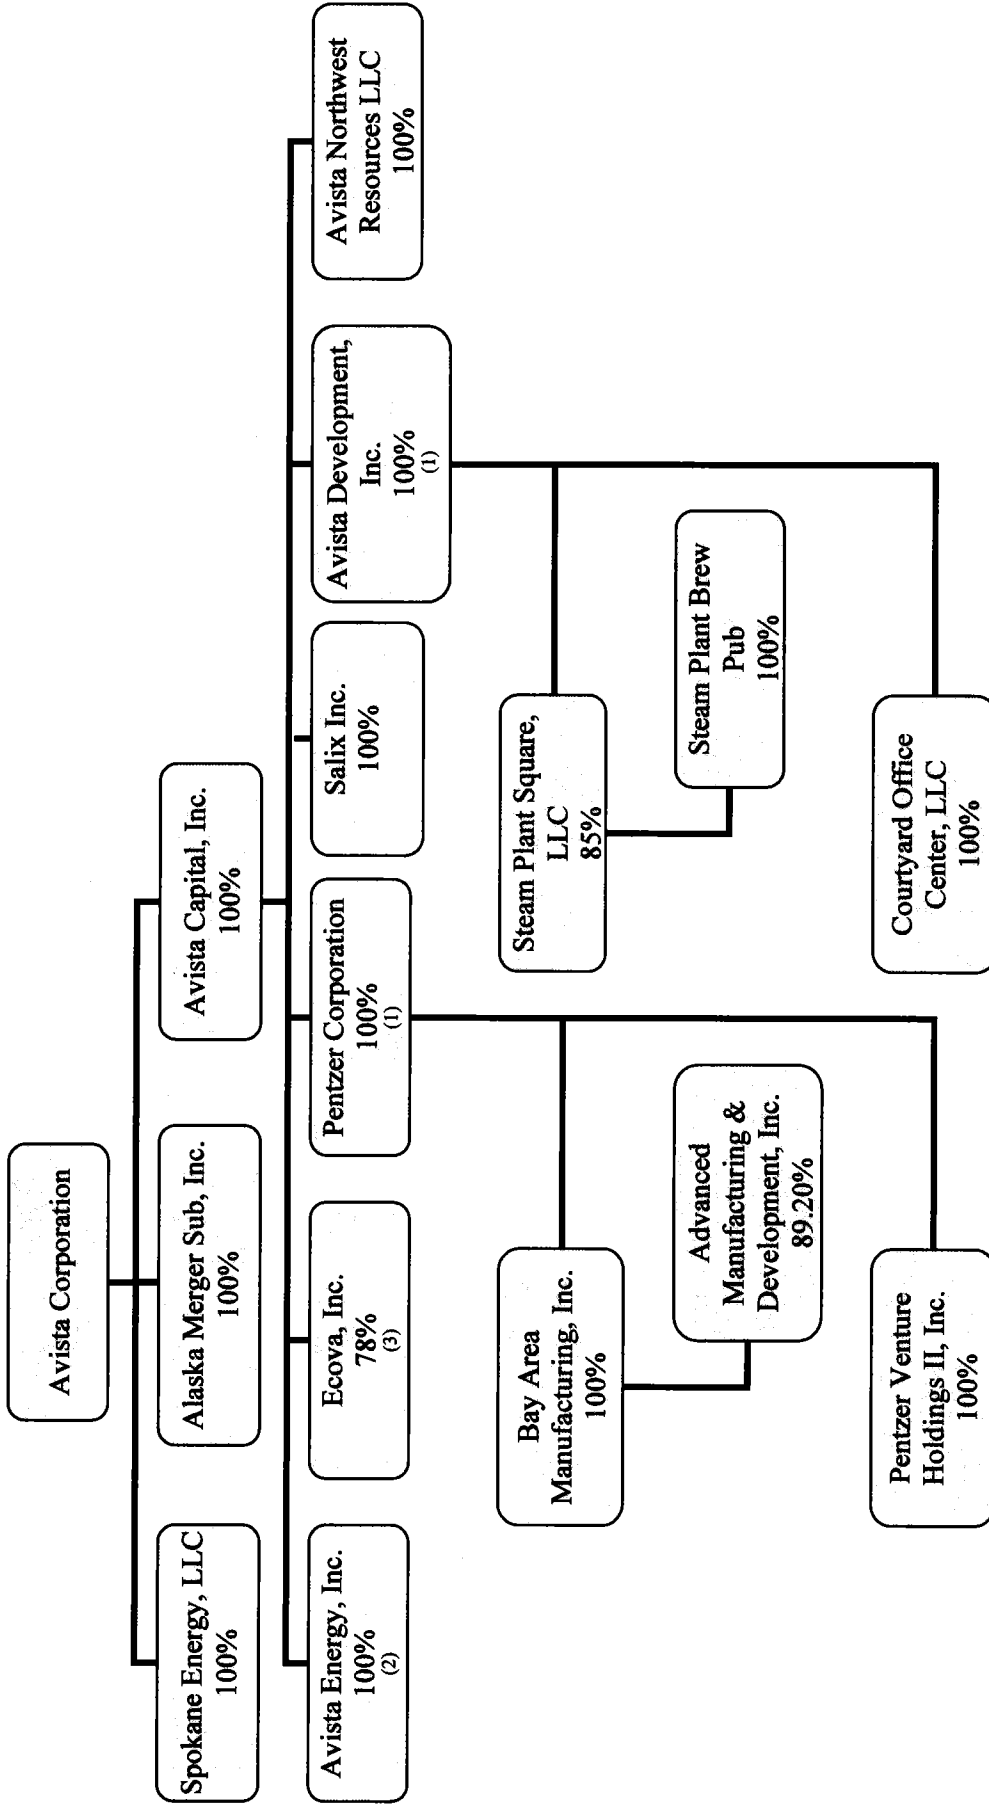

III. MISCELLANEOUS AGREEMENTS AND TRANSACTIONS

During 2013 there were no Miscellaneous Agreements or Transactions to report.
