| | | Item 30 Limitations of Se | ervice-Continued | |
| h. | h. The company is not obligated to extend credit to missed customers who do not receive service if the company collects the customers' accumulated solid waste as required in subsection (g) above or if the company did not unreasonably delay the restoration of service during the five business day grace period. If the company does not collect all of a customer's accumulated solid waste as required in subsection (g) above, or if the company unreasonably delayed the restoration of service during the five business day grace period, the company is required to give a credit to the customer, proportionate to the customer's monthly service charge, for all missed services and for each subsequent missed service until normal service is restored. | | | |
| i. | When the labor disrup consumer protection s | ption has been settled, notify the commission's regulatory services and staff by email, and indicate when normal service is anticipated to resume. | | |
| 7. Defii | nitions: | | | |
| a. | amount of solid waste subscribed service lev | represented by the number vel. For example, if the comp gallon toter, the amount woul | e to missed service" means, at of missed service(s) multiplied l any misses two services for a c d be the equivalent of 192 gallo | by the customer's ustomer who |
| b. | "Next scheduled service date" – this date is defined by each customer's subscription service. | | | |
| | Example 1: A residential customer subscribes to weekly service that the company schedules for every Wednesday. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Wednesday, November 21. | | | |
| | provide service | nple 2: A commercial customer subscribes to daily service. If the company does not de service on Wednesday, November 14, the next scheduled service date would be sday, November 15. | | |
| | scheduled for | Wednesday, November 14. | es to every-other-week recyclin If the company does not prov eduled service date would be \ | ide service on |
| C. | per month. If the comp divided by 4.33 service (excluding disposal an | le of how to calculate a credit: Monthly residential service rates are set based on 4.33 services nth. If the company misses one service, the credit is calculated as: .231 (1 missed service by 4.33 services per month) multiplied by the service-related component of the monthly rate ling disposal and processing costs); provided that the credit for any specific month does not the full rate per month. Any customer credits for missed recycling services will include the ng commodity credit. | | |
