Bob,

This email is to officially rescind our Letter Of Intent dated September 22, 2014, addressed to the Associate Administrator for Safety of the Federal Railroad Administration.

Skagit County has decided to re-evaluate this proposed quiet zone and compare risk index numbers to ensure we are addressing the needs and application of the supplemental safety measures at the crossing locations.

When our evaluation is complete, we may re-issue our Letter of Intent for a Quiet Zone in the Blanchard Crossing areas.

Thank you for your help and time, and we look forward to working with you soon.
