COMMISSION

Honorable Commissioners:

The hereto-attached petition for a rulemaking pursuant to a nondiscretionary UTC legal responsibility squarely assigned to the agency through RCW 81.104.120 on an **emergency** basis in March, 1990 -- which rulemaking is essential in order to start, belatedly, to protect citizens of our state endangered inexcusably for more-than-24 and one half years thus far due to the commission's ongoing failures ever to comply with its entirely clear statutory duty -- has been sent by U.S. mail today, inclusive of petitioner's signature thereupon.

For reasons hereinabove suggested and therein stated, including the Sounder North train struck by a landslide last week due to commissioners' defiance or disregard for demanding fiduciary duties, an expedited hearing is being thereby requested.

Respectfully yours,

Will Knedlik
