**RE: Lewis River Telephone Company
Add Operator Services**

To whom it may concern:

Please find enclosed the following tariff pages:

**WN U-2 TOC Twenty Fourth Revised Sheet 2
 Schedule 11 Second Revised Sheet S-19**

The purpose of this filing is to add local operator services. Operator Services allow customers to complete calls within the local calling area with the assistance of an operator by dealing "0" or "0+NXX-Line". **Lewis River Telephone Company** will be reselling operator services provided by an authorized operator service provider, and will bill customers using the service on their local monthly bill except for credit cards. Calls being billed using a credit card will be billed by the Operator Service Provider. **Lewis River Telephone Company** has contracted with two qualified providers. Having two qualified providers will allow **Lewis River Telephone Company** to provide back-up capacity. If one provider is having issues, the Operator services calls can be handled by the other provider. The estimated annual revenues for this service are expected to be \$550.00

The cost support and a redacted version are included per WAC 480-07-160. The cost support has been filed on a confidential basis due to competitively sensitive data listed on the spreadsheet. Rate element demand can be used by competitors.

The proposed effective date is April 1, 2015.
