RE: Advice No. 2015-27 – Electric Tariff Filing – Filed Electronically
Request for Waiver of WAC 480-100-198

Dear Mr. King:

Pursuant to RCW 80.28.060, WAC 480-80-101 and -105 please find enclosed for filing the following proposed revisions to the WN U-60, tariff for electric service of Puget Sound Energy, Inc. (“PSE”):

- 12th Revision of Sheet No. 95-F – Schedule 95A – Federal Incentive Tracker
- 13th Revision of Sheet No. 95-G – Schedule 95A – Federal Incentive Tracker (Continued)
- 13th Revision of Sheet No. 95-H – Schedule 95A – Federal Incentive Tracker (Continued)
- 14th Revision of Sheet No. 95-I – Schedule 95A – Federal Incentive Tracker (Continued)
- 13th Revision of Sheet No. 95-J – Schedule 95A – Federal Incentive Tracker (Continued)
- 11th Revision of Sheet No. 95-K – Schedule 95A – Federal Incentive Tracker (Continued)
- 5th Revision of Sheet No. 95-L – Schedule 95A – Federal Incentive Tracker (Continued)

The purpose of this filing is to submit the annual true-up and rate filing. The annual true-up results in revised rates reflecting an increased amount of credit which results in a decrease in electric bills for customers. However, due to changes in loads and rate spread a few customers will see an increase as a result of this filing.

The true-up filing results in a total credit of \$57,305,024 to be passed back to eligible customers over the twelve months beginning January 1, 2016. Of the total credit, \$39,597,741 represents the pass-back of grant amortization and \$17,707,283 represents the pass through of interest; those figures include the true-up for 2015 which is a total of \$3,721,557. This filing represents an overall average rate decrease of 0.18%. PSE had 1,104,849 electric customers as of September 30, 2015. This filing affects all but 16 of PSE’s electric customers.
