**RE: Updated Washington Avoided Cost Schedule
Tariff WN U-28, Electric Service**

Dear Mr. King:

Attached for filing with the Commission is the Company's proposed tariff revision:

Ninth Revision Sheet 62 Canceling Substitute Eighth Revision Sheet 62

The purpose of this annual filing is to update the Standard Power Rates offered in Avista's Schedule 62, "Small Power Production and Cogeneration Schedule". This schedule is applicable to any entity that:

- a) installs and owns a facility that generates electricity and is directly interconnected with Avista's system in the State of Washington;
- b) such facility is a Qualifying Facility, meaning either a cogeneration facility or a small power production facility, pursuant to Section 201 of the Public Utility Regulatory Policies Act of 1978 ("QF") and defined in WAC 480-107-007;
- c) offers all of its output for sale to Avista pursuant to WAC 480-107-095(2); and
- d) enters into written agreements with Avista for both the production from the facility and interconnection to Avista's system that will be subject to regulatory approvals.

A copy of the workpapers supporting the Company's request is enclosed with this filing. Avista requests the tariff revision to become effective January 1, 2016. If you have any questions regarding this filing, please contact me at 509-495-8620.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick Ehrbar", with a long horizontal line extending to the right.

Patrick Ehrbar
Manager, Rates & Tariffs
