Do you currently hold, or have you ever held a solid waste certificate?
 No Yes If yes, please indicate your certificate number: G- _____

Have you ever applied for and been denied a certificate to transport solid waste?
 No Yes If yes, please explain: _____

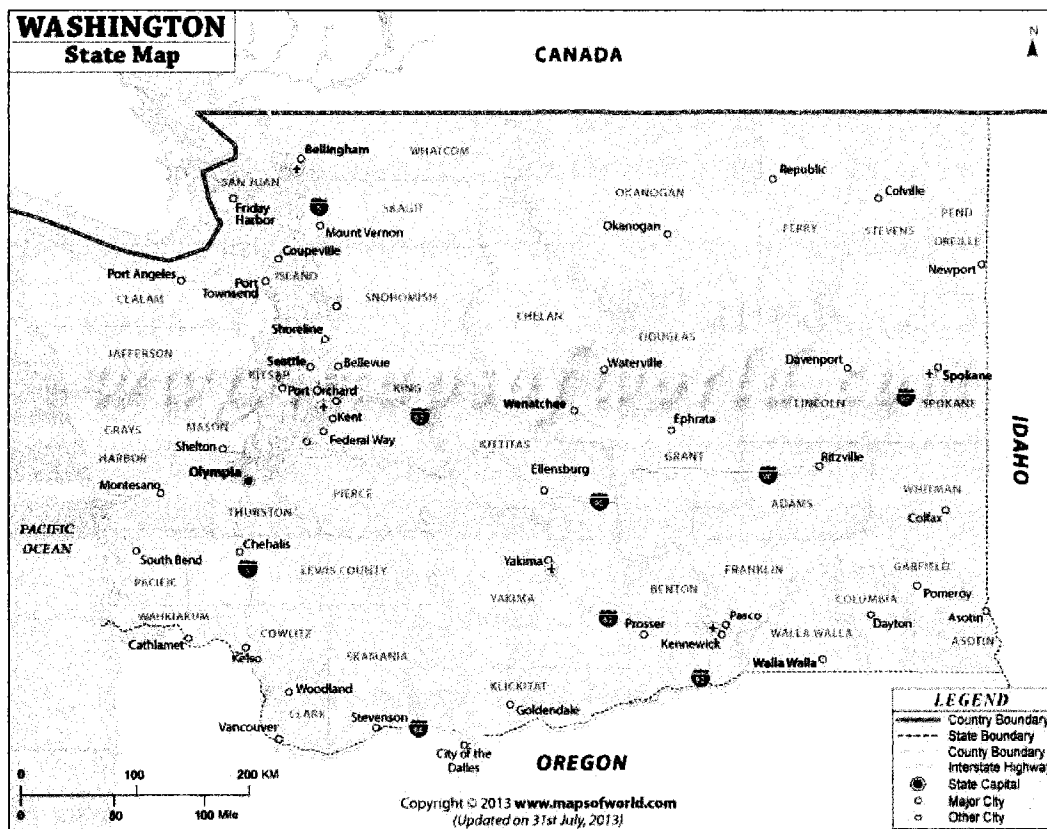

Indicate the commodity to be hauled: Medical Waste including biohazardous waste, sharps, pathological waste, chemotherapy waste and pharmaceutical waste _____

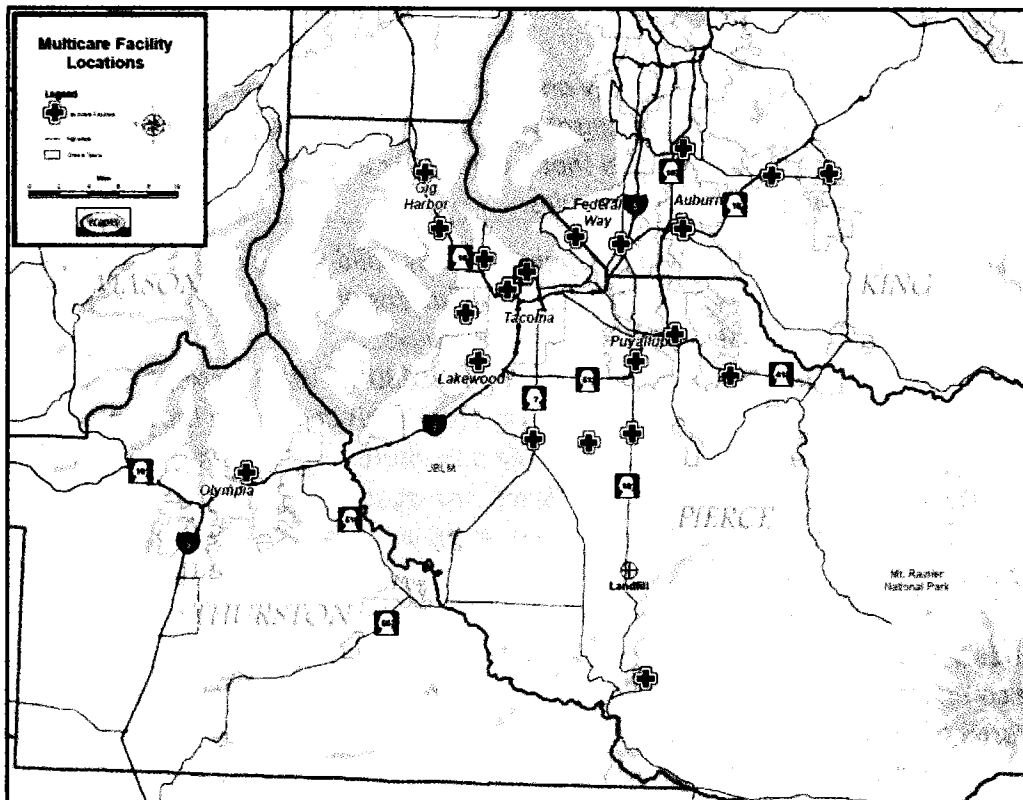

Please describe the territory in which you wish to operate, include the name, address, and county for disposal of waste and the name, address and county where residential recycling materials will be delivered. (NOTE: Territory must be described using boundaries such as streets, avenues, roads, highways, townships, ranges, city limits, county boundaries or other geographic description:

As a medical waste sustainable and innovative technology provider, our company delivers onsite medical waste sterilizers and offsite services to manage and neutralize the infectious medical waste to healthcare providers. Our technology is approved and accepted by numerous state agencies including Tacom-Pierece and

King County Health Departments (See attached technology approval). Our potential customer, Multicare Health System (MHS), is currently interested in partnering with EcoMed Services to provide onsite turnkey solutions (Centralized waste treatment facility and/or localized onsite treatment operations) to manage its generated medical waste. Our company is seeking authorization to operate in territories where MHS has its facilities in order to meet its geographical needs. MHS has a network of healthcare providers with 93 locations across the Puget sounds including Pierce County, Kitsap County, Thurston County, and southern King County. Please refer to MHS facilities' map below. In addition to a hauling operation of the medical waste from MHS network facilities to its proposed centralized waste treatment facility or localized onsite treatment operations, our customer requires EcoMed Services to use our permitted medical waste treatment facility in British Columbia as a backup operation. Therefore, our company is also seeking an authorization to operate along the highway I5 to be able to transport the medical waste to our facility during any unexpected events or during serge events, natural disasters, and epidemic outbreaks, such as the Ebola epidemic. Please refer to MHS's support statement for our customers' requirements and its essential needs to partner with EcoMed Services.

Please attach a map that meet the requirements of WAC 480-70-056 and clearly shows the territory described above.

State below the conditions that justify granting of this application. If you are applying for temporary certificate authority, be sure your statement addresses and support the question of “immediate and urgent need”:

EcoMed Services is an innovative onsite and offsite medical waste management company that provides unique healthcare and environmental waste treatment and disposal solutions relying on non-burning clean and approved technology. To better serve our customers, partners, communities, cities, government, local and small businesses, EcoMed is providing services and solutions to respond to the continuous requests for more competition, flexible choices, better value, sustainable solutions, and lower prices. Partnering with Multicare Health System, EcoMed Services will provide onsite turnkey solutions (Centralized waste treatment facility and/or localized onsite treatment operations) to manage the generated medical waste from MHS. To complement our services and to establish comprehensive operation, MHS inquires us to provide collection and transport services to fulfil the needs of its small waste generators. With a permitted authority to transport medical waste throughout MHS’s network, EcoMed will provide essential, sustainable, and affordable services and solutions to MHS that include supplying sterilizers and equipment, labor and operations, compliance and training, collections and transport, treatment and disposal, and recycling application of the end product (Treated medical waste). **Please note that the transport operation that EcoMed is providing is a complementary service to our customer and it is not for a compensation.** Our customer is considering a comprehensive service cost that includes equipment’s rental, installation, engineering, maintenance, quality control, compliance, training, operations, labor, treatment, and disposal. Additionally, because of our permitted biomedical waste treatment facility, EcoMed has the capability to provide alternative disposal services that are accessible to our customers in the healthcare industry. Accordingly, MHS expects us to utilize our treatment and disposal facility for a backup operation that will be vital to reduce risks, improve waste management, and protect the public health and the environment especially during surge events, natural disasters, and epidemic outbreaks, such as the Ebola epidemic.

Please refer to MHS's support statement for our customer's requirements and its essential needs to partner with EcoMed Services.

Given the fact that EcoMed Services is a technology and waste processing service provider that requires a hauling operation that is not for compensation in order to complement our unique and sought after services to our one customer, we feel that a certificate based on variance to the rules may be justified taking into consideration the following rules:

- *WAC 480-70-006 (1) states that, "These rules apply to any solid waste collection company in the business of transporting solid waste for collection and/or disposal from points in the state of Washington, for compensation, over the public highways."*
- *The 480-70-051 WAC: Exemptions from Rules in Chapter 480-70 WAC states, "The commission may grant an exemption from the provisions of any rule in this chapter in the same manner and consistent with the standards and according to the procedures set forth in WAC 480-07-110."*
- *The 480-70-066 WAC (3): Application states, "Upon proper showing of any solid waste collection company, the commission may waive or modify as to that solid waste collection company the provisions of any rule in this chapter except when such provisions are fixed by statute."*
- *The RCW 81.77.040: Certificate of Convenience and Necessity Required states, "In all other cases, the commission may, with or without hearing, issue certificates, or for good cause shown refuse to issue them, or issue them for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted such terms and conditions as, in its judgment, the public convenience and necessity may require."*

Please tell us about your experience and knowledge of transportation or solid waste, including knowledge of motor carrier driver and equipment safety requirements: _____

Our Company, under Until We Meet Again (UWMA), has held a hazardous waste transport license from the province of British Columbia since June 19, 2013. Please refer to the attached license. We are also federally licensed to haul medical waste across state and broader lines as well as in Oregon State. Attached is our U.S. Department of Transportation, Federal Motor Carrier Safety Administration, transport certificate – MC-913656-C / U.S. DOT No. 2626852. EcoMed/UWMA collects biomedical waste from healthcare providers and transport it to our permitted biomedical treatment facility for proper treatment and disposal.

Our drivers and employees are trained to handle, manage, and transport biomedical waste. They follow all regulatory requirements to ensure worker, public, and environmental protection. All our drivers hold a transportation of dangerous goods and hazardous materials certificate with guidelines covering:

- Applicable regulations and responsibilities (Shipper, Handler, Carrier)
- Dangerous good classifications and hazards classes 1 to 9
- Shipping Names and UN Numbers
- Shipping Documentation
- Marking and labeling
- Packaging, storage, and transportation
- Safety and training
- Spills, exposure, and emergency response
- Compliance and reporting

Have you been cited for violation of state laws or Commission rules? No Yes

If yes, please explain: _____

Confidential per WAC 480-07-160

SECTION 3 – FINANCIAL STATEMENT

Please include a Balance Sheet, Profit and Loss Statement, or business plan.

ASSETS		LIABILITIES	
Cash in Bank		Salaries/Wages Payable	
Notes Receivable		Accounts Payable	
Accounts Receivable		Notes Payable	
Investments		Mortgages Payable	
Other Current Assets		Contracts and Bonds Payable	
Prepaid Expenses		TOTAL LIABILITIES	
Land and Buildings		NET WORTH	
Trucks and Trailers		Preferred Stock	
Office Furniture		Common Stock	
Other Equipment		Retained Earnings	
Other Assets		Capital	
TOTAL ASSETS		TOTAL LIABILITIES AND NET WORTH	

Please note that our financial statement doesn't include projected sales from our potential contract with MHS that is expected to cover all operation cost (Collection, transport, labor, treatment, disposal, and other costs such as insurance, training, and compliance)

SECTION 4 - RATES AND TARIFFS

Is this application to operate under a contract? No Yes If yes, submit a copy of each contract under which service will be performed. The contract must contain all the elements states in WAC 480-70-146.

If this application is for temporary authority, a new certificate, or extension of existing certificated authority, you must attach a copy of your proposed tariff using either the standard tariff format included in this package, or an approved alternate format. All tariffs must comply with the provisions of WAC 480-70-226 through WAC 480-70-351.

If this application is for a transfer or lease of authority from an existing certificate, you must either file a new tariff at the same rate levels as on file, or you must adopt the current certificate holder's tariff. To file a new tariff, use the standard tariff format (www.utc.wa.gov) or you must seek approval to use an alternate format.

Indicate which option you will use: Check one - Adopt File New Tariff

Because the transport operation is a complementary service to our MHS customer and it is not for a compensation, EcoMed Services is not filing for a tariff.

SECTION 5 - EQUIPMENT LIST

Describe the equipment that will be used (attach additional sheets if necessary)

Ownership: Lease, own, or plan to purchase?	Year	Make	License Number	Vehicle ID number	Gross Vehicle Weight (kg)	Type of Vehicle
Lease	2014	Mercedes	YJPDGP	WD3BE8DC6E5940143	3494	Sprinter - Van
Owned	2006	Ford	JV1851	2FTZA54256BA48775	2672	Freestar - Van
Lease	2013	Mercedes	JV1852	WD3BE7CC4D5763506	3585	Sprinter - Van
Lease	2014	Honda	JV1853	5FPYK1F57EB502512	3020	Ridgeline - Pickup
Lease	2015	Ford	JV1854	NMOLS7F79F1183743	2396	Transit - Van
Lease	2012	GMC	JV1855	1GTW7GFA5C1136380	2505	Savana - Van

The company will also provide onsite medical waste sterilizers using advanced/hybrid autoclaves. The following are the sterilizers that the company provides Ecodas T100, T150, T300, T1000, and T2000. Please refer to attached Manufacturer Appointment of Exclusive Representative letter and to the Tacoma-Pierce County Health Department technology approval to treat regulated medical waste.

SECTION 6 - SAFETY AND OPERATIONS

In each of the categories show below, list the person and position responsible for understanding and complying with the Federal Motor Carrier Safety Regulations (FMCSR) and Washington State laws and rules. Please refer to the WAC rules, Fact Sheets, and publication "Your Guide to Achieving a Satisfactory Safety Rating" for assistance with requirements that may apply to your specific operations.	
SAFETY RESPONSIBILITIES	
COMMERCIAL DRIVERS LICENSE (CDL) REQUIREMENTS (Title 49, Code of Federal Regulations Part 383) Any driver who operates a vehicle that meets the definition of a commercial motor vehicle must have a valid CDL.	
Name: Alex Squalli	Position: Managing Partner
DRIVER QUALIFICATION REQUIREMENTS (Title 49, Code of Federal Regulations Part 391) Driver's must meet minimum qualification requirements and each company must maintain driver qualification files for each driver.	
Name: Alex Squalli	Position: Managing Partner
DRIVERS HOURS OF SERVICE (Title 49, Code of Federal Regulations Part 395) Drivers must maintain logs and each company must maintain true and accurate hours of service records for each driver.	
Name: Alex Squalli	Position: Managing Partner
CONTROLLED SUBSTANCES AND ALCOHOL TESTING (Part 382) All persons who drive commercial vehicles requiring a CDL must be in a Controlled Substance and Alcohol Testing program that complies with the FMCSR in 49 CFR Part 382 and 49 CFR Part 40.	
Each company will have in place a system for complying with FMCSR governing alcohol and controlled substances testing requirements (49 CFR Part 382 and 49 CFR Part 40).	
Name: Alex Squalli	Position: Managing Partner
INSPECTION, REPAIR AND MAINTENANCE (Title 49, Code of Federal Regulations Part 396) Every motor carrier shall systematically inspect, repair, and maintain all motor vehicles subject to its control.	
Name: Alex Squalli	Position: Managing Partner

OPERATIONAL RESPONSIBILITIES

TARIFF RATES AND CHARGES (WAC 480-70-226 through WAC 480-70-351) Companies must file with the Commission a tariff showing all rates and charges it will charge its customers, together with rules that govern how rates and charges will be assessed.	
Name: Alex Squalli	Position: Managing Partner
ANNUAL REPORTS and REGULATORY FEES (WAC 480-70-071 & 076) Companies must annually file a report of their financial operations and pay regulatory fees.	
Name: Alex Squalli	Position: Managing Partner
BIOMEDICAL WASTE (WAC 480-70-426 through 476) Companies that transport biomedical waste must handle and transport that waste according to the appropriate requirements of the federal hazardous materials regulations (49 CFR Parts 170-189) and the additional requirements in these rules.	
Name: Alex Squalli	Position: Managing Partner
CUSTOMER SERVICE –Person responsible for customer service complaints, customer notice requirements, and compliance with county solid waste plans.	
Name: Alex Squalli	Position: Managing Partner
STATE OF WASHINGTON – general laws, rules and regulations: Individuals and companies doing business in the state of Washington must comply with the regulations of local, state, and federal agencies. Please state the name and position of the person in your organization who will be responsible for ensuring compliance with the laws of the state of Washington, such as, but not limited to: Department of Labor and Industries (industrial insurance, safety, prevailing wage); Department of Licensing (vehicle and drivers licenses, business licensing, Unified Business Identifier (UBI number), fuel permits, fuel tax); Secretary of State (corporate registrations); Department of Transportation (over-size or over-weight permits); Department of Revenue, Internal Revenue Service (taxes); and Employment Security.	
Name: Alex Squalli	Position: Managing Partner

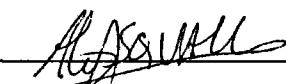

SECTION 7 – HEARING INFORMATION

If the Commission assigns this application for formal hearing, estimate the number of witnesses you will present and the amount of time you will need for your presentation.	
Number of witnesses: TBD	Amount of time: TBD
Will an attorney be representing you? If yes, complete the following:	
Attorney's name: TBD	Attorney's phone number:
Attorney's address:	Fax Number:
Street	E-mail:
City, State, Zip	

SECTION 8 - DECLARATION OF APPLICANT

I understand that filing this application **does not** in itself constitute authority to operate as a solid waste collection company. As the applicant for a solid waste collections company certificate, I understand the responsibilities of a solid waste collection company, and I am in compliance with all local, state, and federal regulations governing business in the state of Washington. I certify under penalty of perjury under the laws of the State of Washington that the information contained in this application is true and correct.

APPLICANT STATEMENT

(To be completed by the individual requesting operating authority)

Applicant Name: EcoMed Services / Until We Meet Again

Application Docket No.:

THE APPLICATION What authority are you applying for? Include any amendments.
Medical Waste Hauling License

SUPPORT STATEMENT

(To be completed by the individual or business/organization supporting the request for operating authority)

THE TRANSPORTATION NEED Briefly describe the transportation service that you need and that the application could provide to you or your business/organization if this request for operating authority is granted.

After meeting EcoMed in May 2013, Muticare Health System has considered implementing a centralized onsite treatment facility to dispose of our generated medical waste. As a turnkey solution, the operation of collecting, storing, treating, and handling of medical waste was the responsibility of EcoMed Services. However because Muticare provides healthcare services at 93 locations throughout the Puget sound area, a hauling operation and permit was required to handle and transport the waste from all facilities.

Are your transportation needs being met now? Yes ___ No x If not, explain problems you have experienced.

Our objective is to establish a lean and cost-effective waste management operation that reduces cost of collection, storage, labeling, packaging, and disposal. We are also looking for a sustainable operation that promote zero waste initiative and has less impact on traffic, landfills, and the environment. EcoMed Services will help us meet these goals as well as enabling us to have more transparencies and control over our waste stream and management.

If the request is denied, would it have any affect on you or your business/organization:
Yes x No ___ If yes, please explain.

More expert competitors will allow for more choices, better services, and affordable prices. EcoMed's innovative services and solutions are beneficial for reducing storage capacity and long distance hauling cost. Also, because the company is local, we believe an immediate response is essential to our compliance and safety. To deny a hauling permit to EcoMed will limit choices, services, and value.

VERIFICATION

(To be completed by the individual or business/organization supporting the request for operating authority)

CERTIFICATE
MC-913656-C
U.S. DOT No. 2626852
UNTIL WE MEET AGAIN PET MEMORIAL CENTER INC
NORTH VANCOUVER, BC, CA

This Certificate is evidence of the carrier's authority to engage in transportation as a **common carrier of property (except household goods)** by motor vehicle in interstate or foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the requirements pertaining to insurance coverage for the protection of the public (49 CFR 387) and the designation of agents upon whom process may be served (49 CFR 366). The carrier shall also render reasonably continuous and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

A handwritten signature in black ink, appearing to read "Jeffrey L. Secrist".

Jeffrey L. Secrist, Chief
Information Technology Operations Division

NOTE: Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.

CMO

LT1349

Under the Provisions of the Environmental Management Act

**UNTIL WE MEET AGAIN PET MEMORIAL CENTRE INC.
#4 – 839 WEST 1ST STREET
NORTH VANCOUVER BC V7P 1A4**

is authorized to transport Hazardous Waste within
the Province of British Columbia on condition that:

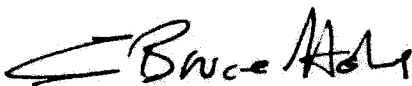

- **each vehicle operating under this licence carries a certificate of registration which must indicate that the vehicle is owned or leased by UNTIL WE MEET AGAIN PET MEMORIAL CENTRE INC.;**
- **each vehicle and trailer operating under this licence is insured to transport hazardous waste;**
- **each vehicle and trailer operating under this licence carries a minimum of \$5 million liability insurance coverage; and**
- **each vehicle and trailer operating under this licence is operated by the licensee or an employee of the licensee.**

This licence authorizes the licensee to transport only the following type(s) of hazardous waste:

BIOMEDIAL

This licence supersedes and replaces all previously issued licences. Any changes to the information on this licence, including company name, mailing address or waste type require an amendment to the licence.

This licence is issued subject to the licensee: (i) preparing and maintaining a contingency plan acceptable to the Director for implementation in the event of any spill, release, discharge, abandonment or escape of hazardous waste being handled, transported or stored by the licensee; (ii) writing and passing the appropriate Hazardous Waste Transport Licence test or having an employee write and pass the appropriate test; (iii) preparing and continuing to maintain a security deposit of CAD \$10,000, as required and in a form approved by the Director; and (iv) agreeing that the licensee and its employees and agents shall at all times comply with the provisions of the *Environmental Management Act*, and its respective Regulations, as well as all other terms and conditions of this licence.

EXPIRY DATE: **June 19, 2016**

**ENDORSEMENT FOR
MOTOR CARRIER POLICIES OF INSURANCE FOR PUBLIC LIABILITY
UNDER SECTIONS 29 AND 30 OF THE MOTOR CARRIER ACT OF 1980**

Issued to:
UNTIL WE MEET AGAIN PET MEMORIAL
CENTER INC

Of
#4-839 W. 1st Street
North Vancouver, BC V7P 1A4

Dated at North Vancouver, B.C. on this 01 day of OCT, 2015
Amending Policy Number 83267 Effective Date 01 OCTOBER 2015

Name of Insurance Company INSURANCE CORPORATION OF BRITISH COLUMBIA
EXPIRY DATE: 31 December, 2015 Countersigned by: 

The policy to which this endorsement is attached provides primary or excess insurance as indicated by "X" for the limits shown (check only one):

This insurance is primary and the company shall not be liable for amounts in excess of \$1,000,000 for each accident (U.S. FUNDS)

This insurance is excess and the company shall not be liable for amounts in excess of \$ _____ for each accident in excess of the underlying limit of \$ _____ for each accident .

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: (604) 443-4450

Cancellation of this endorsement may be effected by the company of the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

DEFINITIONS AS USED IN THIS ENDORSEMENT

ACCIDENT includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

MOTOR VEHICLE means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

BODILY INJURY means injury to the body, sickness or disease to any person, including death resulting from any of these.

PROPERTY DAMAGE means damage to or loss of use of tangible property.

ENVIRONMENTAL RESTORATION means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage or potential for damage to human health, the natural environment, fish, shellfish and wildlife.

PUBLIC LIABILITY means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgement recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon, or violation thereof,

shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of the final judgements resulting from any other accident

RE: Alternative Treatment Method for Infectious Waste

Mr Squalli:

Thank you for contacting the Tacoma-Pierce County Health Department, and for providing information on the ECODAS Medical Waste Treatment System (T300, T1000 &T2000).

You have requested clarification from the Tacoma-Pierce County Health Department on landfill disposal of treated regulated medical waste. The ECODAS Medical Waste Management System employs steam sterilization to render infectious waste non-infectious. This is an approved treatment method as identified under the Tacoma-Pierce County Board of Health Resolution 2010-4226, entitled Chapter 6 Infectious Waste Regulation. Wastes that are rendered non-infectious through this treatment method are considered a treated solid waste and are accepted at the Pierce County solid waste landfill or transfer stations. No formal waste disposal authorization or endorsement is required for disposal.

Additionally, you have requested approval to utilize the ECODAS Medical Waste Treatment System to render human pathological waste non-infectious. I have reviewed the microbiological evaluation report by WNNW International on the efficacy of treatment and ability to render treated medical waste unrecognizable.

Based on data provided, the Tacoma-Pierce County Health Department agrees that the ECODAS Medical Waste Treatment System does provide effective treatment of human pathological waste, and is hereby approved as an alternative treatment method to that incineration. The ECODAS Medical Waste System is currently approved to treat the following categories of regulated medical waste including: sharps, human blood and blood products, cultures and stocks of infectious agents, bio-safety level 4 disease wastes, and human pathological wastes.

This letter should not be construed as an endorsement of the ECODAS Medical Waste Treatment System, and does not relieve ECODAS or any other organization or facility from complying with other applicable federal, state or local laws or regulations relating to the operation of these units.

If you require further assistance please feel free to contact me at 253-798-6429, or by email at trowan@tpchd.org.

Sincerely,

Troy Rowan, Environmental Health Specialist I

Docket No. TG- _____ Date: _____ By: _____

Company Name/Permit Number: EcoMed Services

Registered Trade Name:

Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, handling, treatment, and disposal of medical waste. Unless otherwise provided herein, rates contained in this tariff apply to the transportation of biohazardous, biomedical, or infectious waste, including sharps, pathological waste, pharmaceutical waste, and chemotherapy waste defined in WAC 480-70-041.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following: The next regularly scheduled working day after the holiday for regularly scheduled pick-ups.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via email, mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

Item 17 – Refunds

The transport operation to our Multicare Healthcare System customer is a complementary service and it is not for a compensation. There is no credit, overcharges, or refund to be processed to our customer.

Item 18 – Billing, Advance Billing, and Payment Delinquency Dates

The transport operation to our Multicare Healthcare System customer is a complementary service and it is not for a compensation. There is no billing due to our customer for hauling medical waste.

Item 20 – Definitions

NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions. Companies wishing to add definitions specific to their company's operations must include those definitions on a separate page, entitled, "Company-specific definitions." A blank sheet is provided for that purpose.

- Bale:** Material compressed by machine and securely tarped or banded.
- Bulky Materials:** Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
- Charge:** A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
- Commercial Billing:** Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
- Compacted Material:** Material that has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the company.
- Compactor Disconnect/Reconnect Charge:** A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
- Gate charge:** A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.
- Loose material:** Material not set out in bags or containers, including materials that must be shoveled.
- Multi-family residence:** Any structure housing two or more dwelling units.
- Packer:** A device or vehicle specially designed to pack loose materials.
- Pass through fee:** A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

Item 20 –Definitions, continued

Special pick-up: A pick-up requested by the customer at a time other than the regularly scheduled pick-up time, that requires the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.

Supplement: A page added to the beginning of a tariff, normally to cover emergency, temporary, or special situations. An example is a page issued to show a special surcharge imposed by a city.

Temporary service: Temporary service means providing container or drop-box service at the customer's request, for a period of ninety days or less.

Unlatching: Another term for a gate charge. A flat fee imposed by a solid waste collection company when the company's personnel must unlatch a gate or door to perform pickup service.

Unlocking: A flat fee imposed by a solid waste collection company when the company's personnel must unlock padlocks or other locking devices to perform pickup services.

Company Name/Permit Number: EcoMed Services

Registered Trade Name:

Item 30 – Limitations of Service

1. **Schedules.** A company's schedule will meet reasonable requirements and will comply with local service level ordinances.
2. **Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.
3. **Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.
 The generator acknowledges that the Company shall not be liable for any damages to pavement or driving surfaces resulting from its trucks servicing an agreed upon area and generator shall defend, indemnify and hold the Company harmless from and against any and all claims for loss of damage to property, or injury to, or death of any person or persons resulting from the driving of said trucks in that area.
4. **Refusal of service.** (Except as set forth in Section 5, Missed service due to unsafe weather conditions road conditions, natural disaster or when government authority restricts access to local roads.)

A solid waste collection company may refuse to:

- Collect solid waste from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
 - Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions; or
 - Enter private property to pick up solid waste while an animal considered or feared to be dangerous is not confined. The customer will be required to confine the animal on service days.
5. **Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.** A company is not required to collect solid waste when the company determines that it is unsafe to operate due to weather conditions, road conditions, natural disaster, or when government authority restricts access to local roads. The company will collect on the next scheduled service date on which the company deems it is safe to operate, and will take other reasonable actions to resume or provide alternative service as soon as reasonably practicable.
 - a. The company is not obligated to extend credit to customers for missed service if the company collects the customers' accumulated solid waste on the next scheduled service date on which the

company deems it to be safe to operate. The company will not charge for extra waste set out (except provided in Item 207, if applicable) in addition to customers' normal receptacle(s), if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.

- b. If the company does not collect a customer's accumulated solid waste on the next scheduled service date on which the company determines it is safe to operate, the company is required to give a credit, proportionate to the customer's monthly service charge, for all missed service(s).
6. **Packaging.** The company will not knowingly accept packaged or containers that are damaged or not properly packaged and labeled. The company may also reject any overfilled or overweight package. The company shall not knowingly accept or transport any shipment that does not meet regulatory requirement pertinent to packing, labeling, handling, and transport. Compacted materials shall not be accepted. Transporter reserves the right to modify standard boxes and containers sizes provided the disposal cost or cost per gallon equivalent is consistent with the tariff of the company. The company will provide the appropriate boxes/containers for medical waste and sharps as an option to the customer when signing up for a collection program. The customer is responsible for proper segregation and packaging of the medical waste
7. **Pick up.** The company may reject shipments that are not immediately available for pickups or readily accessible to the driver. Pick up area shall not be obstructed during collection's time.
8. **On Call, Scheduled, and Minimum Services.** An on-call service is a non-routed, appointment only service. A scheduled service shall be any service which is regularly scheduled as to specific date(s) or day(s) each month with consistent frequency. A minimum service shall be any pick up service performed on a periodic schedule with a minimum charge per pickup. The company will also offer a periodic schedule to our regular route customers.
9. **Manifest.** All manifesting paperwork must be properly completed, verified, and appropriately signed by the generator. Manifest shall also be available at the time of pickup.
10. **Accepted and Prohibited Waste.** The company will only accept and transport authorized medical waste as defined under UTC license. Accepted waste includes biomedical waste/infectious waste, sharps, pathological waste, pharmaceutical waste, and chemotherapy waste. The company shall not knowingly accept or transport any materials or shipment which does not meet packing, labeling, and handling requirements imposed or required by law. The customer is responsible for proper segregation and packaging of the medical waste. In the event the company discover a load of nonconforming/prohibited waste, the company will isolate the identified hazardous or radioactive materials and contact the generator to remove the unaccepted waste at the customer's expense.

Item 35 – Medical Waste Pick up, Treatment and Disposal Rate

Partnering with Multicare Health System, EcoMed Services will be providing onsite turnkey solutions to manage, neutralize, and dispose of MHS generated medical waste. Our onsite and offsite medical waste management solutions will be managed by EcoMed Service and will include providing technology (sterilizers) and engineering, labor and operation, compliance and training, maintenance and quality control, collection and transport, and recycling application of the end product (Treated medical waste). Please note that the transport operation is a complementary service to our customer and it is not for a compensation.

Item 40 – Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 – Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup. The company must maintain records of time spent to accomplish the special testing and/or analysis, and may bill the customer for that time under the provisions of Item 160 (Time Rates).

Item 50 – Returned Check Charges

Returned check charge. If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a returned check charge in the amount of \$ 0.00 .

Item 75 – Flat Monthly Charges

This rule applies in connection with Items 120, 130, 240, 245, 250, 255, 260, 265, 270, and 275.

A flat monthly charge may be assessed if computed as follows:

1. If weekly service is provided: Multiply the rate times 4.33 and then multiply that figure times the number of units picked up.
2. If every other week service is provided: Multiply the rate times 2.17 and then multiply that figure times the number of units picked up.
3. For Items 240, 250, 260, and 270: For permanent, regularly scheduled pickups, a flat monthly charge may be assessed if computed as follows:
 - a. For **weekly service**, each container provided:
 - i. If monthly rent is shown: monthly rent plus (4.33 times pickup rate times number of pickups per week)
 - ii. If monthly rent is not shown: 1st pickup rate plus (3.33 times additional pickup rate) plus (4.33 times additional pickup rate times additional weekly pickups).
 - b. For **every-other week service**, each container provided:
 - i. If monthly rent is shown: monthly rent plus (2.17 times pickup rate times number of pickups per week)
 - ii. If monthly rent is not shown: 1st pickup rate plus (1.17 times additional pickup rate) plus (2.17 times additional pickup rate times additional weekly pickups).

 Registered Trade Name:

Item 160 – Time Rates

When time rates apply. Time rates named in this Item apply:

- When material must be taken to a special site for disposal;
- When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

How rates are recorded and charged. Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

Disposal fees in addition to time rates. Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Rates per hour:

When the company's employee must provide special services pertinent to handling or disposal including clean up a contaminated area due to overfilling of containers or negligence on the part of the generator, a charge of \$ 55.00 per hour per each employee will be assessed with a minimum charge of \$55.00 if this special services rate is not included in the turnkey service contract.

Docket No. TG- _____ Date: _____ By: _____

Company Name/Permit Number: EcoMed Services
Registered Trade Name:

Item 200 -- Containers and/or Drop Boxes – General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially-filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

- (a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.
- (b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.
- (c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.

Item 205 – Roll-Out Charges – Containers, automated carts, and toters

Charges for containers. The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move a container more than five feet, but less than 25 feet, in order to reach the truck. The charge for this roll-out service is:

\$ _____ per container, per pickup

Over 25 feet, the charge will be the charge for 25 feet, plus \$ _____ per increment of 5 feet.

Charges for automated carts or toters. The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move an automated cart or toter more than _____ feet in order to reach the truck. The charge for this roll-out service is:

\$ _____ per cart or toter, per pickup

Company Name/Permit Number: EcoMed Services
 Registered Trade Name:

Item 207 – Excess Weight – Rejection of Load, Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- Appears to be overloaded;
- Would cause applicable vehicle load limitations to be exceeded;
- Would cause the company to violate load limitations or safe vehicle operation; and/or
- Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

Type of Container	Capacity/Size	Maximum Weight Allowance (in pounds)
Containers/Tub		
Small Size I	5-8 gal	20 lb.
Small Size II	10-15 gal	35 lb.
Medium	18-23 gal	50 lb.
Large Size I	28-35 gal	60 lb.
Large Size II	40-48 gal	60 lb.
Cardboard Box		
Small	13-15 gal	40 lb.
Medium	23-30 gal	45 lb.
Large	33-40 gal	50 lb.
Cart/Toter		
Small	32 gal	80 lb.
Medium	64 gal	120 lb.
Large	96 gal	150 lb.

Overfilled or overweight, charges if transported. If the container, drop box, toter, or cart exceeds the limits stated above, is filled beyond the marked fill line, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:

\$ 1.50 per lb in excess of the allowed maximum capacity per container if corrective actions are not implemented to keep the weight within acceptable limits.

Subject: Application for a Solid Waste Certificate to Transport Medical Waste

Dear Penny:

EcoMed Services, a Washington licensed business UBI Number: 603487723, is submitting this application requesting for a transport permit to haul medical waste from Multicare Health System (MHS) facilities to a proposed centralized or localized treatment facilities within MHS premises.

Our submission contains the following documents:

- Application Forms
- Multicare Health System's Support Statement
- Common Carrier Registration/Certificate with U.S. Department of Transportation, FMCSA - U.S. DOT No. 2626852, MC 913656-C
- License to Transport Hazardous Waste issued by The British Columbia Minister of Environment
- Public Liability and Property Damage Insurance (MCS-90 Form, an equivalent to Form E)
- Schedule 3 Income Statement
- Manufacturer Appointment of Exclusive Representative Letter
- The Tacoma-Pierce County Health Department Technology Approval to Treat Regulated Medical Waste
- Tariff

Partnering with MHS, EcoMed Services will be providing onsite turnkey solutions to manage, neutralize, and dispose of MHS generated medical waste. Our onsite and offsite medical waste management solutions will be managed by EcoMed Service and will include providing technology (sterilizers) and engineering, labor and operation, compliance and training, maintenance and quality control, collection and transport, and recycling application of the end product (Treated medical waste). Please note that the transport operation is a complementary service to our customer and it is not for a compensation.

Our customer is considering a comprehensive service cost that includes equipment's rental, installation, engineering, maintenance, compliance, training, operation, labor, treatment, disposal, etc. MHS also expects us to utilize our treatment and disposal facility in Vancouver, BC for a backup operation that will be vital to reduce risks, improve waste management, and to protect the public health and the environment especially during surge events, natural disasters, and epidemic outbreaks, such as the Ebola epidemic.

Given the fact that EcoMed Services is a technology and waste processing service provider that requires a hauling operation that is not for compensation in order to complement our unique and sought after services to our one customer, we feel that a certificate based on variance to the rules may be justified taking into consideration the following rules:

- WAC 480-70-006 (1) states that, "These rules apply to any solid waste collection company in the business of transporting solid waste for collection and/or disposal from points in the state of Washington, for

ECOMED SERVICES

For a Cleaner, Brighter, and Safer Future

- compensation, over the public highways."*
- The 480-70-051 WAC: *Exemptions from Rules in Chapter 480-70 WAC states, "The commission may grant an exemption from the provisions of any rule in this chapter in the same manner and consistent with the standards and according to the procedures set forth in WAC 480-07-110."*
 - The 480-70-066 WAC (3): *Application states, "Upon proper showing of any solid waste collection company, the commission may waive or modify as to that solid waste collection company the provisions of any rule in this chapter except when such provisions are fixed by statute."*
 - The RCW 81.77.040: *Certificate of Convenience and Necessity Required states, "In all other cases, the commission may, with or without hearing, issue certificates, or for good cause shown refuse to issue them, or issue them for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted such terms and conditions as, in its judgment, the public convenience and necessity may require."*

Per WAC 480-07-160 Confidential Information, this submission includes confidential information that has been marked/highlighted with grey shading in order to be protected due to valuable business structure, operation, and commercial value.

Should you have any questions or need of any additional information, feel free to contact me at (206) 427-6641 or via email at asqualli@EcoMedServices.com.

Warmest Regards,

Alex Squalli
President and Managing Partner
