ORIGINAL SHEET NO. 3

ST. JOHN TELEPHONE, INC.

DEFINITIONS

BUSINESS SERVICE. Service used primarily for business, professional or occupational purposes.

COMMISSION. The regulatory body of the State of Washington, namely, the Washington Utilities and Transportation Commission.

DATE OF PRESENTATION. The date upon which a bill or notice is mailed, postage prepaid and properly addressed, to the subscriber, or if not mailed, the date upon which that bill or notice is presented to the subscriber by a representative of the utility.

DIRECTORY LISTINGS. Essential information in the telephone directory or information records whereby telephone users may ascertain the telephone number of a listed subscriber telephone.

EXCHANGE AREA. An area within which the utility holds itself out to render local exchange access line service from the central office, or offices serving that area in accordance with the provisions of this tariff.

EXCHANGE SERVICE. Local exchange access line service furnished between customer telephones connected with a common exchange central office.

Issued: June 6, 2016

Effective: July 6, 2016

Issued by: ST. JOHN TELEPHONE, INC.

By: Richard A. Finnigan

Title: Attorney

WN U-3

ORIGINAL SHEET NO. 4

ST. JOHN TELEPHONE, INC.

DEFINITIONS (Continued)

PREMISES. Any building or portion, occupied by one family. Other buildings, such as a private garage or barn, used in connection with a residential establishment, and located on property continuous with the residence, will be considered as part of the premises.

In a business building, one room, two or more adjoining or opposite rooms, or two or more adjoining floors provided all rooms of those floor are occupied by the subscriber.

RESIDENCE SERVICE. A class of exchange service furnished to an individual at a residence or place of dwelling where the actual or obvious use of the service is for social or domestic purposes.

SUBSCRIBER. An individual or concern regularly receiving exchange telephone service under an application made to the utility for such service. The subscriber is also sometimes referred to as the "customer" in this Tariff.

TELEPHONE SERVICE. Telephonic communication between persons at different locations by means of facilities furnished by, or acceptable to, the utility. Telephone service embraces both exchange and toll service.

Note: St. John Telephone, Inc. is sometimes referred to as the "utility" or the "company." The word company is sometimes used in the following form: "Company." All such terms are synonymous.

WN U-3

ORIGINAL SHEET NO. 5

ST. JOHN TELEPHONE, INC.

RULES AND REGULATIONS

1 - General

The telephonic communication service rendered by this utility is governed by the rates, charges, rules and conditions contained in this tariff. No representative of the utility has authority to waive, alter or amend any of these provisions in administering the tariff.

2 - Application for Service

Applications for service are to be made at the office of the utility in writing. An application does not bind the utility to serve except under reasonable conditions nor does it bind the applicant to take service. If the prospective subscriber requests cancellation of an application, this will be done without charge unless instrumentalities have been installed. The regular tariff charge will be made for any instrumentalities that may have been installed. The utility may cancel the application if the prospective subscriber refuses to comply with tariff provisions. In such event, no installation charges will apply.

3 - Service Connections

Except as otherwise provided in these rules and regulations, the utility will, at its own expense, furnish and install all facilities necessary to serve applicants in accordance with its lawful rates, rules and regulations and in accordance with its established construction standards.

The interior wiring in buildings necessary to provide telephone service to the occupants shall be furnished and installed by the utility, and it shall not be required to connect its facilities and instrumentalities with interior wires furnished and installed by others.

Where concealed telephone wiring is required on subscriber's premises, the subscriber shall furnish, install and maintain the necessary outlet boxes and conduit.

Any special structural work required for supporting telephone equipment or telephone wiring on the subscriber's premises shall be provided at the expense of the subscriber.

Issued: June 6, 2016

Effective: July 6, 2016

Issued by: ST. JOHN TELEPHONE, INC.

By: Richard A. Finnigan

WN U-3

ORIGINAL SHEET NO. 6

ST. JOHN TELEPHONE, INC.

RULES AND REGULATIONS (Continued)

4 - Use of Service

The application of business or residence rates to private or public telephone service is governed by the actual or obvious use made of the service by the subscriber. If residence service is found to be used largely or principally for business purposes, the utility will provide business service, except in cases where the subscriber will thereafter use the service for domestic or social requirements. Where the subscriber's place of business is the subscriber's residence, business rates will apply.

If it is found that the subscriber is permitting public use of service furnished to the subscriber for the subscriber's private use, the utility will request that the facilities be so located as to be inaccessible to the public or that the subscriber permit no further public use after the matter has been called to the subscriber's attention. No charge will be made for the relocation of a telephone instrument under such circumstances.

5 - Responsibility for, and Maintenance of, Service

The utility shall own, furnish and maintain all facilities, protective apparatus and other equipment necessary to provide telephone service, except as may be otherwise specified in the rate schedules. All facilities provided shall conform to the established construction standards of the utility.

All instrumentalities and equipment furnished by the utility in connection with a subscriber's service shall be carefully used and only duly authorized employees of the utility shall be allowed to connect, disconnect, move, change, or alter in any manner, any or all such instrumentalities and equipment, except as may otherwise be specified in this tariff.

No equipment, apparatus, circuit or device not furnished by the utility shall be attached to or connected with the facilities furnished by the utility, whether physically, by induction or otherwise, except as provided in the tariff schedules. In case any such unauthorized attachment or connection is made, the utility shall have the right to request removal or disconnection of same; or to suspend the service during the continuance of said attachment or connection; or to terminate the service.

The subscriber will be held responsible for loss of or damage to any equipment or apparatus furnished by the utility, unless such loss or damage is due to causes beyond his control.

Issued: June 6, 2016

Effective: July 6, 2016

Issued by: ST. JOHN TELEPHONE, INC.

By: Richard A. Finnigan

Title: Attorney

WN U-3

ORIGINAL SHEET NO. 7

ST. JOHN TELEPHONE, INC.

RULES AND REGULATIONS (Continued)

6 - Bills

Bills for flat rate exchange service may be rendered in advance and are due and payable fifteen days from the date of mailing. Bills for interexchange service will be rendered in arrears, and in general will be presented with the bills for exchange service. Unless otherwise indicated in the rate schedules, the regular billing period will be once each month. If, however, it appears necessary or advisable, bills may be rendered at more frequent intervals.

Payment of bills for telephone service shall be made at the office of the utility or to a duly authorized collector of the utility.

7 - Credit and Deposits

Rules relating to telephone companies are provided in Chapter 480-120, Washington Administrative Code (WAC). Rules covering Credit and Deposits are published as WAC 480-120-122 and WAC 480-120-123 and are available upon request.

8 - Discontinuance of Service

Rules relating to telephone companies are provided in Chapter 480-120, Washington Administrative Code (WAC). Rules covering Discontinuance of Service are published as WAC 480-120-172 and are available upon request.

Service of a subscriber may be discontinued, without notice, whenever it is established that the telephone facilities provided him by the utility are used for a call or calls, anonymous or otherwise, reasonably to be expected to frighten, abuse, torment, or harass another.

Issued: June 6, 2016

WN U-3

ORIGINAL SHEET NO. 8

ST. JOHN TELEPHONE, INC.

RULES AND REGULATIONS (Continued)

9 - Reconnection Charge

When service has been disconnected by request or action of the subscriber, the appropriate service connection charge will be made for a subsequent reconnection.

10 - Access to Premises

The utility shall be given the right of ingress to or egress from the subscriber's premises at all reasonable hours for any purpose reasonably connected with the furnishing of telephone service and to exercise any and all rights secured to it by law or these rules.

11 - Interruption to Service

When there occurs a service interruption no more than twenty-four hours' duration, the utility will, after verifying the interruption, abate the exchange service charge for the total period during which subscribers had no service. In any one month, the total of the adjustments made by the utility because of interruptions will not exceed the charge for a full month's service.

WN U-3

ORIGINAL SHEET NO. 9

ST. JOHN TELEPHONE, INC.

RULES AND REGULATIONS (Continued)

12 - Directories

(a) Change of number:

The utility may change the number of a subscriber's telephone service at any time, as the requirements of the service demand.

(b) Listings:

The utility is liable for errors or omissions in listings of its subscriber in its telephone directories or in its information records in accordance with the following:

- (1) Listing furnished without additional charge: In amount not in excess of the charge for the exchange service (excluding additional message charges) for the period during which the error or omission continues.
- (2) Listing furnished at additional charge: In amount not in excess of the charge for that listing for the period during which the error or omission continues.

The subscriber assumes full responsibility concerning the right to use any name as a directory listing and agrees to hold the utility free and harmless of and from any claims, loss, damage, or liability which may result from the use of such listing. The utility does not undertake to determine the legal, contractual, or other right to use of a name to be listed in a telephone directory of the utility.

The utility reserves the right to make such changes in directory listings as may be necessary to bring them into conformity with its standard form.

(c) Ownership and Use:

Telephone directories containing the listings of subscribers within a specified area, issued from time to time by the utility, are and remain the property of the utility. They shall not be mutilated and shall be surrendered upon request to the carrier who delivers the subsequent issue.

No apparatus or device of any kind not provided or authorized by the utility shall be attached to or used in connection with telephone directories.

WN U-3

ORIGINAL SHEET NO. 10

ST. JOHN TELEPHONE, INC.

RULES AND REGULATIONS (Continued)

13 - Temporary or Speculative Projects

The utility will furnish temporary service or service to speculative projects under the following conditions:

- (1) The applicant may be required to pay to the utility in advance, or otherwise as the utility may elect, the net cost of installing and removing facilities necessary in connection with the furnishing of such service by the utility.
- (2) The applicant may be required to deposit with the utility a sum of money equal to the estimated amount of the utility's bill for such service, or otherwise to secure in a manner satisfactory to the utility, the payment of any bills which may accrue by reason of such service so furnished.

14 - Recorded Public Announcements

For purposes of identification, subscribers to telephone service who transmit or permit the transmission of recorded public announcements over facilities provide by the utility must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided.

Customers transmitting factual public announcements such as stock market quotations, airline schedules and similar information are excluded from the application of the above.

Failure to comply with the above shall be cause for termination of service.

15 - Ownership of Instrumentalities on Subscriber's Premises

No equipment, apparatus, circuit or device not furnished by the utility shall be attached to or connected with the facilities furnished by the utility, whether physically, by induction or otherwise, except a provided in the tariff schedules or authorized by the utility. In case any such unauthorized attachment or connect is made, the utility shall have the right to remove or disconnect the same; or to suspend the service during the continuance of said attachment or connection; or to terminate the service.

RULES AND REGULATIONS (Continued)

16 - Company Liability

(a) Except as provided in Rule and Regulation 11 of these Rules and Regulations, the Company shall not be liable for mistakes, omissions, interruptions, delays, or errors, or defects in transmission, occurring in the course of furnishing any facility or service or transmitting, receiving or delivery any message.

(b) When the facilities or services of one or more other companies are used in establishing connections, the Company is not liable for any act or omission of the other company or companies

(c) The Company is not liable for any damage not reasonably avoidable to the customer's premises resulting from the attachment of the Company's equipment and associated wiring on such premises, or from the installation or removal thereof.

(d) The Company is not liable for any accident, injury or death occasioned by its equipment or facilities; provided, however, that to the extent required by law or judicial precedent, this paragraph (d) shall not be construed to limit the Company's liability, if any, for its negligence.

(e) The Company is not liable for any of the following, and the customer indemnifies and saves harmless the Company from and against the following:

(1) Claims for libel, slander or infringement of copyright arising from the material transmitted or recorded over its facilities;

(2) Claims for infringement of patents arising from combining with or using in connection with facilities or services of the Company, apparatus, systems, wiring or services not furnished by the Company.

RULES AND REGULATIONS (Continued)

16 – Company Liability (Continued)

(e) (Continued)

(3) Claims arising from attachment to the Company's facilities of apparatus, systems or wiring of apparatus, systems or wiring not furnished by the Company; and

(4) All other claims arising out of any act or omission of the customer in connection with the facilities or services provided by the Company.

(f) To the extent required by law or judicial precedent, this Rule and Regulation 16 shall not be construed to limit the Company's liability, if any, for its gross negligence or willful misconduct.

(g) As used in this Rule and Regulation 16, the term "Company" includes the Company, its officers, directors, employees, agents and representatives. The "Company" may be referred to elsewhere in this Tariff as the "utility."

(h) The limitations of liability set forth in this Rule and Regulation 16 apply in addition to other applicable limitations of liability set forth elsewhere in this Tariff.

(i) The limitations of liability set forth in this Rule and Regulation 16 apply to services and facilities offered by the Company, both as offered directly by this tariff and as offered through the Company's concurrence in other tariffs, where such concurrence is set forth in this Tariff. Where such a concurrence applies, the limitations of liability set forth in this Rule and Regulation 16 apply in addition to such other limitations of liability as may be set forth in the applicable concurred-in tariff.

RULES AND REGULATIONS (Continued)

17 - Service Conditions

The company may refuse to extend service to new customers that do not have 110 volt electrical service available to the premise for which service is requested. Once service is provided, the customer must maintain 110 volt electrical service to continue to receive service from the company. For existing customers that do not have 110 volt electrical service, the company may choose the most efficient means of providing adequate power for the optical network terminal at the customer's premise at company expense. Once power for the optical network terminal at the customer's premise is established, the customer is responsible for all operational, maintenance and repair costs.

DIRECTORY SERVICE

<u>CHARGES AND RATES</u>	<u>Monthly Rate</u>	<u>Install Charge</u>
Business and Residence:		
Non-Published Service	\$.50	*
Non-Listed Service	.50	*

CONDITIONS

1. Non-published service is an arrangement whereby a customer's listing is omitted from both the telephone directory and information records.
 - a) No charge will be made for non-published numbers for customers having a listed number in the same exchange under the same listing.
 - b) The utility will take reasonable precautions not to publish in any of its publicly distributed directories and, except when required by law, will not disclose the number to any person other than representatives of law enforcement agencies, its own employees or representatives, or those of other telephone companies, or to other customers who are billed for calls placed to or from non-published numbers.

2. Non-listed service is an arrangement whereby a customer's listing is omitted from the telephone directory but not from the information records.

3. When non-published or non-listed service is to be furnished, the subscriber will be required to execute an agreement which holds the utility harmless from any damages which might arise and which absolves the utility from any responsibility for the failure of the subscriber to receive call because of the non-published or non-listed arrangements.

*A Service Order charge from Schedule 12 will apply to customer-requested changes from non-published service to non-listed service, or vice versa.

SCHEDULE 11

FOREIGN EXCHANGE SERVICE

Applicable to exchange service furnished from a contiguous exchange to a subscriber located in the St. John exchange.

The foreign exchange and the class of service offered are as follows:

<u>Foreign Exchange</u>	<u>Class</u>	<u>Grade</u>
Sprague (Pacific Northwest Bell)	Residence	Suburban
St. John	Residence	Suburban

RATE PER MONTH

1. Station Rate
One and one-half times the established rate for the class and grade of service in the foreign exchange.

2. Foreign Exchange Service Mileage Rate
First quarter route mile, or fraction \$1.50
Each additional one-quarter route mile
or fraction .75 more
than the preceding
one-quarter mile.

CONDITIONS

1. Under this schedule, "Local Exchange" means the exchange in which the primary station is located and "Foreign Exchange" means the exchange from which the service is rendered.

2. Where extensions of plant are required in the local exchange, they will be made at actual cost. Where extensions of plant are required in the foreign exchange, they will be made in accordance with the applicable tariff provisions in the foreign exchange. The ownership of all plant constructed under this condition will be vested in the telephone company in whose exchange area such plant is located.

SCHEDULE 11 (Continued)

FOREIGN EXCHANGE SERVICE (Continued)

CONDITIONS (Continued)

3. The foreign exchange service mileage rate is applicable to the route distance between the subscriber's primary station and the point of connection on the common boundary of the foreign and local exchanges, such point of connection to be determined by the utility.

4. Except as otherwise provided, residence foreign exchange service is subject to the same conditions as to the use of the service by others than the subscriber or members of the subscriber's household, which are applicable in connection with other residence service.

5. Foreign exchange service will not be provided for public or semi-public use.

6. The scope of local service for and the interexchange rates to and from stations connected for foreign exchange service will be in accordance with the tariff provisions of the foreign exchange for the particular classification of service.

7. Except as otherwise provided, service furnished in the local exchange will be available in connection with foreign exchange service at rates in accordance with the tariff provision of the local exchange. Additional listings and lines of information will be furnished to foreign exchange subscribers in local or foreign directories and the rates in effect for the directory containing the additional listing or information will apply.

8. The rates for the exchange access lines required to provide the service do not include a telephone. The telephone instrument rates billed will be those of the serving company.

SCHEDULE 12

NON-RECURRING CHARGES

FOR COMPANY-PROVIDED EQUIPMENT AND FACILITIES:

Non-recurring charges, for service connections and moves and changes of communication equipment and facilities performed by the utility at the subscriber's request, are made up of one or more of the following charges:

		CHARGE	
<u>Element</u>		<u>Business</u>	<u>Residence</u>
1.	Service Order	6.00	5.00
2.	Premises (field) Visit	6.00	6.00
3.	Central Office Work	5.00	5.00

The above charges apply, as applicable, to establishing service, moves and changes of equipment and facilities at the subscriber's request; reconnecting service which has been temporarily disconnected for non-payment, and supersedure of service and are in addition to installation and move and change charges shown elsewhere in the tariff unless specifically exempt.

CONDITIONS

1. Only one Service Order charge, and Premises Visit charge, if applicable, applies for all installation, move and changes at the request of the subscriber in one contact for one due date at the subscriber's continuous property.

SCHEDULE 13 (Continued)

CUSTOM CALLING II SERVICE (CCII) (Continued)

DEFINITIONS:

General

1. CCII Services are a set of call management features which utilize the network's ability to forward a calling number between the originating and terminating central offices and depend on the availability of Signaling System 7.

Anonymous Caller Rejection

Allows a customer to block and route to an announcement incoming calls from parties who have activated Calling Number and Name Identification Blocking. This feature is subject to the technical capabilities of the switch to allow a caller to remove Caller ID Blocking with a unique code.

Caller ID

Allows the subscriber to view the telephone number of an incoming call before answering (including non-published or non-listed telephone numbers). After the first ring, the Central Office send the telephone number of the calling party as well as the current month, day, hour and minute. If the calling party has designated a call as private, (pursuant to Calling Number ID Blocking), or if the incoming call is handled by an operator, the calling number will not be displayed. Until Signaling System 7 (SS7) is deployed, long distance calls from outside the Company's service area or miscellaneous calls (including cellular) will be shown on the display device as "Out of Area" or "Caller Unknown". Blocked calls will be shown as "Private." Calling Number Delivery requires a telephone set or separate display unit capable of recognizing and displaying the calling telephone number sent from the Central Office.

SCHEDULE 13 (Continued)

CUSTOM CALLING II SERVICE (CCII) (Continued)

DEFINITIONS (Continued)

Caller ID Blocking - per line

Provides a customer per-line blocking of the delivery of their directory number and name to the called party on a continuous basis.

Caller ID Blocking - per call

Provides a customer per-call blocking of the delivery of their directory number and name to the called party by dialing a special access code. Subscribers are able to temporarily change the status of his/her permanent privacy indicator for the next call.

Caller ID name and Number

Allows a subscriber to view the directory name associated with a telephone number of an incoming call before answering. If the calling party has designated a call as private (pursuant to Caller ID Blocking) or if the incoming call is handled by an operator, the calling name and number will not be displayed.

Caller ID Name and Number requires a telephone set or separate display unit capable of displaying the name and number information sent by the Central Office.

Customer Originated Trace

Allows a customer to initiate a trace of a phone call without seeking direct assistance from the Telephone Company. The results of the trace will be made available only to an authorized agency. Customer Originated Trace will be billed on a per-use basis, only when an attempt to trace and record the calling number is successful.

ST. JOHN TELEPHONE, INC.

SCHEDULE 13 (Continued)

CUSTOM CALLING II SERVICE (CCII) (Continued)

DEFINITIONS (Continued)

Automatic Callback

Allows a calling party to automatically redial the last outgoing number placed from his/her set, regardless of whether the call was answered, unanswered, or busy.

If the redialed number is busy, a confirmation announcement is heard, the customer hangs up and a queuing process begins. The switch will monitor the called number for up to 30 minutes. When both lines become idle, the Automatic Callback subscriber will be signaled with a special ring. When the subscriber lifts the handset, the call will be automatically dialed. The customer can continue to originate and receive calls without affecting the redial request. The Automatic Callback request can be canceled by dialing the feature deactivation code.

Automatic Recall

Allows a calling party to automatically return the most recent incoming call to his/her line without having to know the telephone number of that call. When the feature is activated, a recorded message announces the telephone number of the last incoming call. The subscriber can then choose to continue or abort the call.

Once the customer chooses to continue to call, if the recalled number is busy, the customer is notified and instructed by an announcement, after which automatic processing of the call continues until both lines are idle. When both lines are idle, the calling party hears a special ring. When the subscriber lifts the handset, the call will be automatically dialed. The customer can continue to originate and receive calls without affecting the Automatic Recall request.

ST. JOHN TELEPHONE, INC.

SCHEDULE 13 (Continued)

CUSTOM CALLING II SERVICE (CCII) (Continued)

DEFINITIONS (Continued)

Distinctive Ring/Call Waiting

Allows the customer to place directory numbers on a special screening list. A distinctive ringing pattern is delivered when the subscriber is on-hook and a distinctive Call Waiting tone is delivered when the subscriber is in a talking state (if the subscriber also has either the Call Waiting or Usage Sensitive Call Waiting feature). Calls from telephone numbers not included on the screening list will produce a normal ringing pattern or call waiting tone.

Selective Call Acceptance

Allows the customer to screen incoming calls against a list of subscriber-specified directory numbers and then only accepts calls from those numbers. Calls from other directory numbers are denied access to the subscriber's line and are routed to a recording.

Selective Call forwarding

Allows a customer to forward selected incoming calls to another telephone number. A screening list containing telephone numbers is created by the customer and placed in the network memory via an interactive dialing sequence.

Selective Call Rejection

Allows a customer to screen incoming calls against a list of subscriber-specified directory numbers and then rejects calls from those numbers. When a call is placed to the customer's number from a number on the screening list, the caller receives an announcement indicating that the party he/she is attempting to call does not wish to receive calls at that time.

SCHEDULE 14

LINE EXTENSION CHARGES

APPLICABILITY

This Schedule applies to Extensions of Service, as defined in this Schedule, exceeding 1/10 mile, where required to meet bonafide applications for service, and where all of the following conditions are satisfied:

- a. The application for service requests service to occupied Residential Premises that are not within the boundaries of any municipality;
- b. The occupancy of the Residential Premises to which the Extension of Service is requested is not Temporary Occupancy;
- c. In the case of the Extension of Service to new construction commenced after January 15, 2001, the Applicant for such service has permission from the applicable local government to build the Residential Premises to which the Extension of Service is sought and the need for service is not a need for Temporary Service; and
- d. The application does not seek Extension of Service to any of the following:
 - (i) Any Development for which a public offering statement is required under chapter 58.19, RCW;
 - (ii) Any division of land that uses one or more Binding Site Plans under RCW 58.17.035 to create five or more lots or units;

SCHEDULE 14 (Continued)

LINE EXTENSION CHARGES (Continued)

DEFINITIONS

The following definitions apply to this Schedule:

"Applicant" means the party submitting to the Company an application for service that, in the Company's determination, requires and Extension of Service, and also means each additional party submitting to the Company an application for service that, in the Company's determination, will utilize, in whole or in part, a previously built Extension of Service.

"Basic Monthly Service Rate" means the rate for non-measured service for the lowest priced class of service ordered by the Applicant.

"Binding Site Plan" has the same meaning as "binding site plan" in RCW 58.17.020.

"Constructed" means a residential building that has been approved for occupancy by the appropriate local government agency.

"Cost of Service Extension" means the direct and indirect costs of the material and labor to plan and construct the facilities, including, but not limited to, drop wire, permitting fees, rights-of-way fees, and payments to subcontractors, and does not include the cost of reinforcement, network upgrade or similar costs.

"Development" has the same meaning as "development" and "developed lands" in RCW 58.19.020.

"Distribution Plant" means telephone equipment and facilities necessary to provide service to a Residential Premises, but does not include drop wire.

"Drop Wire" means Company-supplied wire and pedestals to be placed between a premise and the Company Distribution Plant at the Applicant's property line.

SCHEDULE 14 (Continued)

LINE EXTENSION CHARGES (Continued)

DEFINITIONS (Continued)

"Extension of Service" means an extension of Company Distribution Plant to a location that is outside of any municipal boundary and where no Distribution Plant of the Company exists at the time the extension is requested, that is constructed at the request of one or more Applicants for service who pay a charge under this Schedule, and that extends more than 1/10 mile. Extensions of Service do not include customer trenches, conduits or other support structure for placement of Company-provided facilities from the customer property line to the premises to be served.

"Filed" means the approved plat, short plat, binding site plan or other similar instrument filed for record with a county auditor and authorizing development activity.

"Lot" has the same meaning as "lot" in RCW 58.17.020.

"Marina" has the same meaning as "marina" in RCW 88.12.010.

"Mobile Home Lot," "Mobile Home Park," "Mobile Home Park Cooperative," and "Mobile Home Park Subdivision" have the same meaning as "mobile home lot," "mobile home park," "mobile home park cooperative," and "mobile home park subdivision" have in RCW 59.20.030.

"Residential Buildings" has the same meaning as "residential buildings" in RCW 58.19.020.

"Residential premises" means any structure that is used as a residence, including farm houses, but does not include predominantly commercial or industrial structures.

DEFINITIONS (Continued)

"Short Subdivision" has the same meaning as "short subdivision" in RCW 58.17.020.

"Subdivision" has the same meaning as "subdivision" in RCW 58.17.020.

"Temporary Occupancy" means occupancy definitely known to be for less than one year but does not include intermittent or seasonal use when such intermittent or seasonal use will occur in more than a one-year period.

"Temporary Service" means service definitely known to be for a short period of time, such as service provided for sales campaigns, athletic contests, convention, fairs, circuses, and similar events.

SCHEDULE 14 (Continued)

LINE EXTENSION CHARGES (Continued)

RATES AND CHARGES

1. The charges for any Extension of Service provided under this Schedule shall be the same of the following, and shall apply separately to both the initial Applicant requesting an Extension of Service and each additional Applicant for new service from an Extension of Service that is less than five (5) years old measured from the date of the initial service provided by the Extension of Service.

- (a) An initial charge to process the order for an Extension of Service equal to the lesser of the cost of Service Extension for the Extension of Service or an amount equal to twenty (20) times the Customer's Basic Monthly Service Rate exclusive of all fees, taxes or other charges; and
- (b) A per-month charge beginning with the first monthly bill for service at the premises served by the Extension of Service once service is provided. The per-month charge shall be equal to the Customer's Basic Monthly Service Rate, exclusive of all fees, taxes or other charges; provided, however, that the per-month charge shall no longer apply once either of the following shall have occurred with respect to that Customer: the Customer has paid the initial charge in full and has paid in full the per-month charge for a period of twenty (20) months; or the sum of the charges paid pursuant to subparagraph (a) of this Paragraph 1. And this subparagraph (b) by all Customers receiving service from the Extension of Service equals the Cost of Service Extension of the Extension of Service.

Any customer may pay the entire amount described in subparagraphs (a) and (b) of this Paragraph 1. at any time, in lieu of monthly payments, and must pay the entire remaining amount at the time of disconnecting service if the disconnection occurs prior to full payment.

SCHEDULE 14 (Continued)

LINE EXTENSION CHARGES (Continued)

CONDITIONS

1. For each Residential Premises served by an Extension of Service pursuant to this Schedule, the amounts set forth under Rates and Charges in this Schedule, until paid in full, shall, to the maximum extent not contrary to law, be the legal obligation, jointly and severally, of the Applicant, all then and future Customers occupying the said Residential Premises, and all then and future Owners of said Residential Premises.

2. Customers are responsible for providing or paying the cost of trenching, conduit, or other structures required for placement of Company-provided drop wire from the Customer's property line to the Residential Premises. Such charges shall be determined in accordance with Schedule 12 ("Non-Recurring Charges") of this Tariff.

3. This Schedule is filed pursuant to WAC 480-120-071 and is to be construed in a manner consistent therewith. The Company reserves all rights conferred upon the Company by WAC 480-120-071, including, but not limited to, the right to file one or more tariffs to recover, in whole or in part, the cost of an Extension of Service as specified therein. Moreover, WAC 480-120-071 reserves to the Commission the authority under RCW 80.36.090 to determine whether any Applicant for service is not reasonably entitled to service and whether the Company is not obligated to provide service to any Applicant.

4. The routing of all extensions of plant constructed pursuant to this Schedule will be determined by the Company.

5. All extensions of plant built in accordance with this Schedule will be owned and maintained by the company.

6. Payments for Extension of Service are not refundable, except as provided herein.

SCHEDULE 15

TELEPHONE ASSISTANCE PROGRAM

The Company participates in the Lifeline program. Subscribers may be eligible for the Lifeline service offering ("Lifeline service") under Subpart E of Part 54 of Title 47, Code of Federal Regulations ("CFR"). Within the service areas for which the Company is designated as an "eligible telecommunications carrier" pursuant to Subpart C of Part 54 of Title 47 CFR, the Company offers Lifeline service to qualifying low-income consumers.

Lifeline service is a non-transferable retail local service offering that is available only to qualifying low-income consumers and for which qualifying low-income consumers pay charges that have been reduced in accordance with Subpart E of Part 54 of Title 47 CFR. In addition, for an "eligible resident of Tribal lands," as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, the Company's Lifeline service charges are further reduced in accordance with Subpart E of Part 54 of Title 47 CFR.

The Company's offering of Lifeline service includes "toll limitation" only in the form of "toll blocking" (and not "toll control"), as those terms are defined in Subpart E of Part 54 of Title 47 CFR. "Toll blocking" is available with respect to Company-provided Lifeline service at no Company charge to the Company's subscriber to such Lifeline service.

On the issue date of this tariff sheet, "toll blocking" is defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, as "a service provided by an eligible telecommunications carrier that lets subscribers elect not to allow the completion of outgoing toll calls from their telecommunications channel." "Toll blocking" does not necessarily result in the blocking of collect calls to the subscriber's telephone line or the blocking of calls billed from another location to the subscriber's telephone line.

WN U-3

ORIGINAL SHEET NO. 63

ST. JOHN TELEPHONE, INC.

SCHEDULE 15 - (Continued)

TELEPHONE ASSISTANCE PROGRAM (Continued)

If the service areas for which the Company is designated as an “eligible telecommunications carrier” pursuant to Subpart C of Part 54 of Title 47 CFR includes any “Tribal lands,” as that term is used in § 54.413 of Subpart E of Part 54 of Title 47 CFR, then, with respect to such “Tribal lands,” the Company also offers “Tribal Link Up,” as defined in § 54.413 of Subpart E of Part 54 of Title 47 CFR to each “eligible resident of Tribal lands,” as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR. Tribal Link Up provides, under certain circumstances, (i) a reduction of the customary charge for commencing telecommunications service and (ii) other benefits pertaining to such charge and to interest charges, if any, that may apply thereto, all as specified more fully in Subpart E of Part 54 of Title 47 CFR.

The availability of the telephone assistance programs described in this schedule, or any of them, to any otherwise eligible subscriber or applicant may be subject to such subscriber or applicant granting his or her written consent to disclosure and/or transmission by the Company of certain information pertaining to that subscriber or applicant, including, but not necessarily limited to, his or her name, other subscriber- or applicant-identifying information, the service address to which the relevant telephone assistance program service is being applied for and/or is being furnished, the specific assistance program in which the subscriber or applicant participates or has applied to participate, and the date or dates of such participation or requested participation, all in accordance with Subpart E of Part 54 of Title 47 CFR.

SCHEDULE 30

NETWORK ACCESS AND TOLL SERVICE

1. By this reference thereto, St. John Telephone Inc. (the "Company") hereby adopts and concurs in Washington Exchange Carrier Association Tariff WN U-2 (the "WECA Tariff") as modified hereby under the heading "Modifications," and excepting therefrom those portions thereof set forth below under the heading "Exceptions." The regulations, rate and charges applicable to the provisions of Switched Access Service, Special Access Service and other miscellaneous service provided by the Company to Intrastate Customer ("ICs") are the same as those in WECA Tariff. The Company's provision of service as set forth in the WECA Tariff is specifically intended to provide exchange network access to ICs for their own use or in furnishing their authorized intrastate service to end users, and for operational purposes directly related to the furnishing of their authorized services and no other. Operational purposes include testing and maintenance of circuits, demonstration and experimental services and spare services. Telephone exchange services required by the ICs for their individual administrative use are furnished under other applicable schedules of this tariff. Based on ICs' use of the facilities involved, the Company will determine whether the access rates and charges specified in WECA Tariff or the rates and charges in other schedules of this tariff apply.

The rates set out below beginning at Sheet 63.2 applicable to terminating Switch Access Service traffic and Section 10 "Access Charge Reform" no longer apply. In lieu thereof, please reference Section 1.3, Sheets No. 29, 29.1 and 29.2 of the Washington Exchange Carrier Association Tariff WN U-2.

2. Any reference to "Contel Tariff" herein is inadvertent and shall be deemed to mean "WECA Tariff." All references to "Telephone Company" in the WECA Tariff shall be deemed to mean St. John Telephone, Inc., and all reference therein to "WN U-2" shall be deemed to read WN U-3.
3. EXCEPTIONS
 - (a) Any provision of the WECA Tariff which relates to service which the Company cannot provide with its existing facilities and equipment shall not apply.

SCHEDULE 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

EXCEPTIONS (Continued)

(b) Substituted Rates and Charges:

Notwithstanding any provision of WECA Tariff WN U-2 to the contrary, the rates and charges specified below for Local Transport Facility under Section 5.7.5 ("Minimum Monthly Usage Charge") and/or Section 5.8.1(A) ("Local Transport") shall apply per BHMC, per line or trunk, or per access minute, as indicated below, rather than per BHMC (line, trunk or access minute) per mile, and shall apply without regard to the application of any billing percentage ("BP") or interconnection point factor ("ICP Factor"). The said Local Transport Facility rates and charges apply based upon the company end office location at which the local transport facility originate or terminates.

Any language contained in WECA Tariff WN U-2 pertaining to the calculation and application on a per mile basis or rate elements and/or rate sub-elements set forth in Section 5.7.7 and/or Section 5.8.1(A) shall not apply; provided, however, that, where appropriate, such language shall be deemed modified to the minimum extent necessary to render it consistent with the matters set forth in this Paragraph 3 b. and with the rates and charges specified below under Section 5.7.5 and/or Section 5.8.1(A), and such language shall apply as so modified.

The rates and charges set forth herein below shall apply in lieu of the corresponding rates and charges set forth in the sections of the WECA Tariff identified herein below. For any rate element or rate sub-element not listed below the rates and charges set forth in the WECA Tariff shall apply.

EXCEPTIONS (Continued)

4. Each reference in the following sections of CONTEL Tariff WN U-6 to "Interim 800 Translation" shall be deemed to read "Interim NXX Translation": 4.2.8(f); 5.7.1(C)(2).

5. Each reference in the following sections of CONTEL Tariff WN U-6 to "Interim 800 NXX codes" or "Interim 800 NXX code(s)" shall be deemed to read "Interim NXX code(s)": 4.2.8 (A)(f).

6. Section 4.2 of CONTEL Tariff WN U-6 shall be deemed modified to read as follows:

"4.2 Access Order

An Access Order is used by the Telephone Company to provide a customer Access Service as follows:

- Switched Access Services as set forth n 5. following,
- Special Access Services as set forth in 6. following,
- and
- Other Services as set forth in 4.1.2 preceding.

When placing an order for Access Service, the customer shall provide, at a minimum, the following information:

- For Feature Group A Switched Access Service, the customer shall specify the number of lines and the first point of switching (i.e., dial tone office), the Local Transport options and Local Switching options desired. In addition, the customer shall specify whether the off-hook supervisory signaling is provided by the customer's equipment before the called party answers, or is forward by the customer's equipment when the called party answers. The customer shall also specify which lines are to be arranged in multiline hunt group arrangements and which lines are to be provided as single lines.

SCHEDULE NO. 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

CONCURRENT IN "CONTEL TARIFF" (Continued)

EXCEPTIONS (Continued)

- For Feature Group B Switched Access Service, the customer shall specify the number of trunks and the end office when direct routing to the end office is desired or the access tandem switch when routing is desired via an access tandem switch and Local Transport options and Local Switching options desired. The customer shall also specify for terminating only access minutes, whether the trunks are to be arranged in trunk group arrangements or provided as single trunks.
- For Feature Group C and D Switched Access Service, the customer shall specify the number of busy hour minutes of capacity (BHMC) from the customer designated premises to the end office by Feature Group and by type of BHMC. This information is used to determine the number of transmission paths as set forth in 5.5.5 following. The customer then specifies the Local Transport, Local Switching and Interim NXX Translation options.
- Additionally, when Feature Group C or D Switched Access Service is ordered with the Interim NXX Translation optional feature, the customer shall specify the Service Access Code (s) (e.g., 900) and their associated NXX code(s) to be translated within the entire LATA or Market Area. The initial and subsequent orders to add, change or delete Interim NXX Translation codes shall be placed separately or in combination with orders to change Feature Group C or D Switched Access BHMC or trunks. Customer assigned NXX codes which have not been ordered will be blocked.

SCHEDULE NO. 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

CONCURRENT IN "CONTEL TARIFF" (Continued)

EXCEPTIONS (Continued)

- Orders for the Interim NXX Translation optional feature shall not be required until such time as a customer other than an MTS/WATS provider requests Interim NXX Translation of Service Access Codes. Upon receipt of such order, the Telephone Company shall notify the MTS/WATS provider(s) of the activation of the Interim NXX Translation Service for the Service Access Code. Following such initial activation, all customers are required to place orders for Interim NXX Translation of the Service Access Code and the Interim NXX Translation charge for the Service Access Code shall apply as set forth in 5.8.3 following.

- Customers other than an MTS/WATS provider may, at their option, order FGD by specifying the number of trunks desired between customer designated premises and an entry switch. When ordering by trunk quantities rate than BHMC quantities to an access tandem, the customer must also provide the Telephone Company an estimation of the amount of traffic it will generate to and/or from each end office subtending the access tandem to assist the Telephone Company in its own efforts to project further facility requirements. SCHEDULE NO. 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

CONCURRENT IN "CONTEL TARIFF" (Continued)

EXCEPTIONS (Continued)

- Special Access Service may be ordered for connection with FGC or FGD Switched Access Service at Telephone Company designated WATS Serving Offices (WSOs) for the provision of WATS or WATS-type Services and may be ordered separately by a customer other than the customer which orders the FGC or FGD Switched Access Service. For the Special Access Service the customer shall specify the customer designated premises at which the Special Access Service terminates, the type of line (i.e., originating, terminating, or two-way) and the type of Supervisory Signaling. When the optional screening, switching and/or recording functions are not provided at the customer serving wire center, Channel Mileage, as set forth in 6.2.1 following, must be ordered between that wire center and the nearest WSO where the screening, switching and/or recording functions can be provided.
- For all Special Access Services, the customer must specify the customer designated premises or hubs involved, the type of service (e.g., Voice Grade, High Capacity), the channel interface, technical specification package and options desired. For multipoint services, the channel interface at each customer designated premises may, at the request of the customer, be different but all such interfaces shall be compatible.

ORIGINAL SHEET NO. 206

ST. JOHN TELEPHONE, INC.

SCHEDULE NO. 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

CONCURRENT IN "CONTEL TARIFF" (Continued)

EXCEPTIONS (Continued):

- The BHMC may be determined by the customer in the following manner. For each day (8 a.m. to 11 p.m., Monday through Friday, excluding national holidays), the customer shall determine the highest number of minutes of use for a single hour (e.g., 55 minutes in the 10-11 a.m. hour). The customer shall, for the same hour period (e.g., busy hour) for each of twenty consecutive business days, pick the twenty consecutive business days in a calendar year which add up to the largest number of minutes of use. Both originating and terminating minutes shall be included. The customer shall then determine the average busy hour minutes of capacity (i.e., BHMC) by dividing the largest number of minutes of use figure for the same hour period for the consecutive twenty business day period by 20. The computation shall be performed for each end office the customer wishes to serve. These determinations thus establish forecasted BHMC for each end office.

EXCEPTIONS (Continued)

7. 800 Data Base Access Service

(a) The following new definitions are added to Section 2.6 of CONTAL Tariff
WN U-6:

"800 Service Management System

The term "800 Service Management System" (800 SMS) denotes the main operations support system used to create and update 800 service records in the national 800 data base.

800 Service Provider

The term "800 Service Provider" denotes a telecommunications company, including Exchange and Interexchange Carriers, that offers 8000 Service to subscribers.

Query

The term "Query" denotes a request for specific information generated by a computer processor and sent to a data base, with a predefined set of responses expected.

Response

The term "Response" denotes one response from a set of predefined expected responses to a request for information contained in a query from a computer processor.

EXCEPTIONS (Continued)

Responsible Organization (RESPORG)

The term "Responsible Organization" denotes the entity that is responsible for the management and administration of 800 Data Base Access Service records in the 800 Service Management System.

Service Switching Point (SSP)

The term "Service Switching Point" denotes a signal point equipped with the ability to halt call process, formulate and send a SS7 query to a remote location and route the call based on information contained in the response.

Signaling System 7 (SS7)

The term "Signaling System 7" denotes the signaling protocol used to transmit 800 Data Base queries and responses."

(b) Each reference in the following sections of CONTEL Tariff WN U-6 to "Interim 800 Translation service" shall be deemed to read "Interim NXX Translation service and/or 800 Data Base Access Service": 4.2.8(A).

(c) Each reference in the following sections of CONTEL Tariff WN U-6 to "Interim 800 Translation optional feature" shall be deemed to read "Interim NXX Translation optional feature and/or 800 Data Base Access Service": 5.1.1(C); 5.2.3(A)(1).

- (e) The following new Section 4.2.9 is added to Section 4.5 of CONTEL Tariff WN U-6:

"4.2.9 800 Data Base Access Service

For 800 Data Base Access Service, as described in 5.1.2(C)(2) and 5.3.3(B) following, the customer must order FGC or FGD to those access tandems or end offices designated by the Telephone Company as Service Switching Points (SSP) for 800 Data Base Access Service. Direct trunk routes can only be provided from end offices equipped to query centralized data bases. All 800 Data Base Access Service traffic originating from end offices not equipped to provide SS7 signaling and routing require routing via a Telephone Company-designated access tandem where SSP functionality is available."

EXCEPTIONS (Continued)

(f) The first paragraph of Section 5.1.2 (C)(1) of CONTEL Tariff WN U-6 is modified to read as follows:

"(1) Interim NXX Translation

The Interim NXX Translation rate elements provide for customer identification of non-data base calls dialed by end users in the 1+SAC+NXX-XXXX (e.g., 1+900+NXX+XXXX) format. The NXX codes are assigned to specific customers in conformance with the North American Numbering Plan (NANP). NXX code assignment (s) will be made by the Bellcore NANP Coordinator, or such other authority as the Federal Communications Commission may designate for such purpose. The Telephone Company will use the NXX code to identify the customer to whose point of termination the traffic is to be delivered (i.e., at appropriately equipped electronic end offices, access tandems or through contracted arrangement with other parties). It is then the responsibility of the customer to do any further translation the customer deems necessary and route the call. Customer assigned NXX codes which have not been ordered will be blocked.

SCHEDULE NO. 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

CONCURRENT IN "CONTEL TARIFF" (Continued)

EXCEPTIONS (Continued)

(g) The following new Section 5.1.2(C)(2) is added to Section of 5.1.2(C) of CONTEL Tariff WN U-6:

"(2) 800 Data Base Access Service

800 Data Base Access Service is provided to all customers in conjunction with FGC and FGD switched access service. When a 1+800+NXX+XXXX call is originated by an end user, the Telephone Company will utilize the Signaling System 7 (SS7) network to query an 800 data base to identify the customer to whom the call is to be delivered and provide vertical features based on the dialed ten digits. If other necessary facilities and/or services (e.g., trunks to the Telephone Company-designated Service Switching Point (SSP) initiating the query) have been ordered and installed, the call will then be routed to the identified customer over FGC or FGD switched access service.

A Basic or Vertical Feature Group Query charge, as set forth in 5.8.1(E)(1) following, is assessed for each query launched to the data base which identifies the customer to whom the call is to be delivered. The Basic Query provides the identification of the customer to whom the call is to be delivered and includes area of service routing which allows routing of 800 calls by telephone companies to different interexchange carriers based on the Local Access Transport Area (LATA) in which the call originates. The Vertical Feature Query provides the same customer identification as the basic query and vertical features which may include: (1) call validation (ensuring that calls originate from subscriber service

SCHEDULE NO. 30 (Continued)

NETWORK ACCESS AND TOLL SERVICE (Continued)

CONCURRENT IN "CONTEL TARIFF" (Continued)

EXCEPTIONS (Continued)

(i) Section 5.3.3(A) of CONTEL Tariff WN U-6 shall be deemed modified to read as follows:

"(A) Interim NXX Translation

Interim NXX Translation optional feature is an originating offering utilizing trunk side Switched Access Service. The service provides a customer identification function based on the dialed non-data base SAC-NXX number (e.g., 900-NXX number).

When a 1+SAC+NXX-XXXX non-data base call is originated by an end user, the Telephone Company will perform the customer identification function based on the dialed digits to determine the customer location to which the call is to be routed. If the call originates from an end office switch not equipped to provide the customer identification function, the call will be routed to an office at which the function is available. Once the customer identification has been established, the call will be routed to the customer. Calls originating from an end office switch at which the customer identification function is performed, but to which the customer has not ordered Interim NXX Translation, will be blocked.

The manner in which Interim NXX Translation is provided is dependent on the status of the end office from which the service is provided (i.e., equipped with equal access capabilities or not equipped with equal access capabilities). When Interim NXX Translation is provided from an end office equipped with equal access capabilities, it will be provided in conjunction with FGD Switched Access Service. When Interim NXX Translation is provided from an end office not equipped with equal access capabilities, it will be provided in conjunction with FGC Switch Access Service."

EXCEPTIONS (Continued)

These ratios will be developed by dividing the unidentified originating 800 minutes or use and/or queries at an end office by the total unidentified originating minutes of use and/or queries in all end offices subtending the tandem or SSP. For example, assume:

- Three end offices (EO-1, EO-2 and EO-3) subtend a tandem

EO-1 measures 2,000 minutes of 800 use	
EO-2 measures 3,000 minutes of 800 use	
EO-3 measures <u>5,000</u> minutes of 800 use	
10,000	TOTAL

- The tandem delivers 800 usage to two customers:

IC-A has 4,000 minutes of use
IC-B has 6,000 minutes of use

- The allocation ratio for EO-1 is 20%

2,000/10,000

- The minutes of use to be billed by EO-1 are

800 to IC-A (20% x 4,000)	
<u>1,200</u> to IC-B (20% X 6,000)	
2,000	TOTAL

- Subsequent to the 90-day ILP Transition Period, there will be no charge for an initial ILPIC change made by a new subscriber to Telephone Exchange Service during the first thirty (30) days following the installation of such Telephone Exchange Service.
- In instances where the interLATA PIC and the ILPIC associated with the same line or trunk are requested by the end user subscriber or by an IC to be changed to the same IC on the same order, the higher of the interLATA presubscription change charge or the intraLATA presubscription charge, as specified in 11.3.3(J) following, will apply to the change, per line or trunk. If the interLATA presubscription change charge and the intraLATA presubscription charge, as specified in 11.3.3(J) following, are the same, only the interLATA presubscription change charge will apply.

- (6) The Company will notify carriers providing originating Feature Group D carriage in an exchange at least thirty (30) days prior to the initial availability of ILP in that exchange. Carriers will have the option of participating in all exchanges of the Telephone Company where ILP is available, or in a specific exchange where ILP is available.

"(C) IC-Requested Presubscription Changes

- (1) To the extent that the Company may honor requests from ICs for PIC and/or ILPIC changes, any such request must be submitted to the Company in writing (or other mutually agreed format). Any such request received by the Company from an IC requesting a change of PIC or ILPIC with respect to any Telephone Exchange Service access line or trunk will be treated as applying only to originating interLATA toll traffic, unless the request expressly identifies that it applies to originating intraLATA toll traffic. If such a request identifies that it applies to intraLATA toll traffic, it will be treated as applying both interLATA and intraLATA toll traffic, unless it expressly excludes interLATA toll traffic. In the event that an IC submits a change of PIC and/or ILPIC that is honored by the Company and that, in accordance with this 11.3.3(C)(1), results in erroneous PIC and/or ILPIC for the affected Telephone Exchange Service line or trunk, the erroneous PIC and/or ILPIC will be treated as an unauthorized presubscription change by the IC and unauthorized change charges, as set forth in 11.3.3(D) following, will apply.

9. (Continued)

- (2) The Company shall not be required to honor any request from an IC for a PIC or ILPIC change for a Telephone Exchange Service line or trunk if the Company is not able to confirm the validity of the request with the end user subscriber for that line or trunk.

"(D) Unauthorized Presubscription Change

If an IC requests PIC and/or ILPIC change on behalf of an end user subscriber, and the end user subscriber subsequently denies authorizing the change, then an Unauthorized Presubscription Change Charge set forth below will apply and be assessed against the IC that requested the PIC and/or ILPIC change. This charge is applied in addition to applicable presubscription change charges set forth in 11.3.3(J) following. If both a PIC and an ILPIC change are the result of a single unauthorized presubscription change by an IC, the Unauthorized Presubscription Change Charge set forth below will apply twice, per line or trunk.

<u>Unauthorized Presubscription Change Charge</u>	<u>Nonrecurring Charge</u>
- Residence/Business, Per Telephone Exchange Service Line or Trunk	\$35.65
- Per Pay Telephone Exchange Service Line or Trunk (e.g., Public Access Line)	\$57.57

EXCEPTIONS (Continued)

9. (Continued)

In addition to the Unauthorized Presubscription Change Charge, presubscription change charges, as set forth in 11.3.3(J) following, will apply as follow:

- If the change requested by the IC is not implemented by the Telephone Company as a result of the end user subscriber denying that the IC-requested change was authorized, then applicable presubscription change charges set forth in 11.3.3(J) following will apply and will be billed to the IC that submitted the request.
- If the change requested by the IC is implemented by the Telephone Company and the end user subscriber subsequently denies authorizing the change, then the line or trunk affected by the change will be reassigned to its previous PIC and/or ILPIC, and applicable presubscription change charges set forth in 11.3.3(J) following will be applied both to the original change of PIC and/or ILPIC requested by the IC and to the reassignment of the affected line or trunk to its previous PIC and/or ILPIC and will be billed to the IC that submitted the request to the Telephone Company.

If the IC is able to substantiate that the PIC and/or ILPIC change order submitted by it to the Telephone Company was verified as required under WAC 480-120-139, and provides such substantiation to the Telephone Company within thirty (30) days following

the Telephone Company billing to the IC of the Unauthorized Presubscription Change Charge and presubscription change charges to which the change order gave rise, then the said charges that have been billed to the IC will be removed from the Telephone Company's billing to the IC and the applicable presubscription change charges set forth in 11.3.3(J) following may be billed to the end user subscriber.

"(E) Dialing Parity Service

The Company provides intraLATA toll dialing parity under a plan approved by the Washington Utilities and Transportation Commission.

"(F) Discontinuance of Toll Service by IC

If an IC elects to discontinue its Feature Group D Service interLATA toll service offering, Feature Group C or Feature group D Service intraLATA toll service offering, or interLATA and intraLATA Feature Group C or Feature Group D toll service offering prior or within two (2) years after the commencement of such service in the exchange, the IC will notify the Telephone Company of the cancellation. The IC will also notify all end users which selected them that the IC is canceling their service and that they should contact the Telephone Company to select a new PIC and/or ILPIC. The IC will also inform all such end users that it will pay the applicable presubscription change charges. The canceling IC will then be billed by the Telephone Company the appropriate presubscription change charge as set

forth in 11.3.3(J) following, for each end user for a period of two years from the discontinuance of Feature Group D interLATA, intraLATA, or interLATA and intraLATA toll service. If such charges are not paid by the IC so billed, they may then be billed to the end user subscriber.

"(G) Carrier Identification Code Change or Discontinuance

If an IC elects to change or discontinue use of a Carrier Identification Code (CIC) for any reason(s) other than those set forth in (F) preceding, the IC will identify to the Telephone Company any affected end users and advise the Telephone Company of the new CIC to be assigned to these end users. If the CIC change involves a change of carrier for any end users, the IC will notify the affected end users of the change. The Telephone Company will change the predesignated carrier code of each end user identified by the IC to the new ICC and bill the IC the nonrecurring charge set forth in 11.3.3(J) following for each end user line or trunk that is changed.

"(H) Relationship to Interstate Rates and Charges

The rates and charges specified in this 11.3.3 apply in addition to applicable presubscription-related rates and charges set forth in the Telephone Company's interstate tariff(s).

"(J) Nonrecurring Presubscription Charges

Nonrecurring charges for presubscription are as follows:

	Nonrecurring Charge (Note 1)
Presubscription	
- PIC (interLATA) change, per Telephone Exchange Service Line or Trunk	\$10.00
- ILPIC (intraLATA) change, per Telephone Exchange Service Line or Trunk	\$15.00 (Note 2)

Note 1: Except as otherwise provided in 11.3.3(D), 11.3.3(F) or 11.3.3(G) above, these charges are billed to the end user who is the subscriber to the Telephone Exchange Service

Note 2: If an interstate presubscription change charge applies to a change in intraLATA PIC, this amount will be reduced by the amount of the interstate intraLATA presubscription change charge, provided, however, the reduction shall not exceed \$5.00."
