**RE: Compliance with WAC 480-90-238 and WAC 480-100-238
2017 Integrated Resource Plan Work Plan**

Dear Mr. King:

Attached please find the Work Plan for Puget Sound Energy's ("PSE's") 2017 Integrated Resource Plan ("IRP"). It is filed pursuant to the Washington Utilities and Transportation Commission IRP rules under WAC 480-90-238(4), (5) and WAC 480-100-238(4), (5).

The document includes:

- Section I: Public Participation and Anticipated Timing;
- Section II: Summary of Methods for Assessing Resources; and
- Section III: Outline of Content

Public participation in PSE's 2017 IRP is underway. PSE hosted an IRP Advisory Group ("IRPAG") kickoff meeting on June 17, 2016. As outlined in the attached work plan, PSE plans to host a series of technical advisory committee ("TAC") meetings in addition to IRPAG meetings during this IRP cycle. The first technical advisory committee meeting takes place on July 25, 2016. PSE looks forward to continuing a robust public participation process that enhances transparency and provides the details necessary to develop a well-supported IRP. PSE will file the final IRP by July 15, 2017.
