

## NOTICE TO OUR VALUED GUESTS

March 31, 2017

Recent rules changes implemented by the Washington Utilities and Transportation Commission allow transportation companies to offer flexible fares on regulated services based on currently filed and approved fixed rates. The rule changes allow for a maximum increase of 5% annually over current maximum allowed rates with the lowest rate being reduced to \$0.01.

Shuttle Express has submitted a request to the Washington Utilities and Transportation Commission to apply the new rule change to our existing approved fares and have requested the change be effective May 1, 2017 as allowed by law.

These changes are pending approval. Please visit [www.shuttleexpress.com](http://www.shuttleexpress.com) for the complete list of flexible fares options.
